

MEMORANDUM OF AGREEMENT
AMONG
THE COUNTY OF SAN MATEO
LUCILE PACKARD CHILDREN'S HOSPITAL AT STANFORD
THE SAN MATEO HEALTH COMMISSION dba
THE HEALTH PLAN OF SAN MATEO
REGARDING
THE COMMUNITY HEALTH NETWORK FOR THE UNDERSERVED

THIS MEMORANDUM OF AGREEMENT (this "Agreement") is entered into by and between the County of San Mateo (the "County"), Lucile Packard Children's Hospital at Stanford, a nonprofit public benefit corporation ("LPCH"), and the San Mateo Health Commission, dba Health Plan of San Mateo ("HPSM").

WHEREAS, the County operates health care facilities collectively known as the "San Mateo Medical Center" ("SMMC") which provide care to, among others, those residents of San Mateo County who have little or no access to other sources of medical care and which serve as the public system hub of the health care safety net; and

WHEREAS, LPCH is a not-for-profit hospital with a mission that includes a commitment to advancing family-centered care and advocating on behalf of children and expectant mothers; and

WHEREAS, the HPSM serves as the insurer for many County residents enrolled in the Medi-Cal, Healthy Families, Healthy Kids, and Medicare CareAdvantage programs, and HPSM also serves as the third party administrator for health care services provided to County residents who are medically indigent; and all these functions involve many healthcare providers who serve San Mateo County's low-income residents; and in this capacity HPSM undertakes efforts to increase the medical care available for the underserved; and

WHEREAS, the parties, consistent with their respective missions, each seek to increase access to medical care for the most underserved and vulnerable residents of San Mateo County and are therefore participating in the Community Health Network for the Underserved ("CHNU") as a means of increasing access to such care; and

WHEREAS, in connection with its participation in the CHNU, and as a means of providing further benefit to the community, LPCH is willing to provide certain labor and delivery and pediatric services and resources to the County and/or HPSM for the benefit of low income residents of the County; and

WHEREAS, the County and HPSM desire to accept these services and resources on the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual agreements set forth below, the parties agree as follows:

Section 1. Labor and Delivery and Prenatal Services and Coordination

a. The County currently contracts for the services of obstetrics/ gynecology (OB/GYN) physicians who perform labor and delivery services for low-income women residing in the County who deliver at LPCH. The County will continue to contract for such services during the term of this Agreement and through this contract the County will improve the coordination and management of prenatal care, and track and monitor improvements in prenatal care access and delivery outcomes for the low income population served by the parties. HPSM shall develop and lead the implementation of focused quality monitoring and improvement initiatives. On a semi-annual basis, the County will provide LPCH and the HPSM with a report setting forth its plans and progress with respect to improvements in prenatal delivery care access and delivery outcomes. On a semi-annual basis, HPSM will provide the County and LPCH with a report on the status of its focused quality monitoring and improvement initiatives.

b. On an annual basis during the term of this Agreement, the County shall provide LPCH with an invoice for the services described in Section 1.a. Upon receipt of the County's annual invoice, LPCH shall reimburse the County in the amount of \$300,000 per year for the services described in Section 1.a above. The County shall timely provide LPCH with a copy of its contract for OB/GYN services, along with any amendments thereto.

c. The County, through SMMC, shall coordinate and provide prenatal care for approximately 1,200 low-income pregnant women who reside within the County, including those who are referred to LPCH for their deliveries. The parties agree, however, that there may be circumstances, at the discretion of LPCH, where SMMC patients are seen on an out-patient basis at LPCH before admission to LPCH or after discharge. Except in cases such as those just described, SMMC shall be responsible for the provision of prenatal obstetrics and gynecology care for these patients prior to their admission for delivery at LPCH. SMMC shall also be responsible for the provision of obstetrics and gynecology care for these patients after their discharge from LPCH.

d. LPCH currently performs approximately 1,600 deliveries for low-income women who reside throughout San Mateo County, approximately 1000 of which are for patients of the SMMC. The County and HPSM shall use their best efforts, reliant on continued availability of philanthropic support, to facilitate redirection of deliveries of women who are not high-risk and live north of the Redwood City area.

e. During the term of this agreement, LPCH agrees to continue performing deliveries for low-income women who reside throughout San Mateo County and assist the County and HPSM in redirecting deliveries as described above. Notwithstanding the foregoing, LPCH agrees that it shall perform all high risk deliveries (those requiring

tertiary care) for low income women residing in the County that the County and/or the HPSM deem appropriate.

f. LPCH agrees to accept reimbursement for all services provided to HPSM-covered patients as set forth in the contract terms.

Section 2. Pediatric Care

a. The County, HPSM and LPCH shall work together to advance the success of initiatives aimed at improving coordination of care for children with complex needs. In particular, these three entities will work together to further the California Children's Services pilot awarded to HPSM and the Complex Care Initiative being led by LPCH. HPSM/ the County shall keep LPCH informed of key developments in the CCS Pilot and LPCH shall keep HPSM/ the County apprised of key developments in the complex care initiative that involve publicly covered children.

b. LPCH shall allow the County reasonable access to LPCH's physician recruitment staff, free of charge, to assist the County in recruiting up to 2 pediatric subspecialists; specifically, a pediatric endocrinologist and gastroenterologist to serve as County contractors providing clinics for two half-days each month at SMMC's main campus in San Mateo.

Section 3. Term and Termination

This Agreement shall commence on June 1, 2012 and, unless terminated sooner, shall continue until May 31, 2014, after which it shall be of no further force and effect. The term of the Agreement may be extended by mutual written, signed agreement by the parties. This Agreement shall be immediately terminated as follows: a) upon County's loss of certification as a Medicare and/or Medi-Cal provider; or b) upon the closure of the San Mateo Medical Center.

Any of the three parties may terminate this Agreement at any time in the event any other party engages in an act or omission constituting a material breach of any term or condition of this Agreement. The party electing to terminate this Agreement shall provide the breaching party with not less than thirty (30) days advance written notice specifying the nature of the breach. The breaching party shall then have (30) days from the date of the notice in which to remedy the breach and conform its conduct to this Agreement. If such corrective action is not taken within the time specified, this Agreement shall terminate at the end of the sixty (60) day period without further notice or demand. Each party agrees to indemnify, defend, and hold harmless each other party and its officers, directors, trustees, employees and agents from any claim, liability or loss (including reasonable attorneys' fees) arising out of or resulting from the negligent or wrongful acts or omissions of the indemnifying party or any of its employees or agents in connection with this Agreement. This funding is designated to support the labor, delivery, and prenatal services coordination initiative. The grant period of June 1, 2012 – May 31, 2013 and is the first of a two year grant that ends May 31, 2014 as indicated in the Memorandum of Agreement Among the County of San Mateo, Lucile Packard Children's Hospital at Stanford, and the San Mateo Health Commission dba the Health Plan of San Mateo regarding the Community Health Network for the Uninsured, completed in June 2013. Full payment not to exceed \$300,000 will be paid upon receipt of a year-end progress report and invoice in the July 2013 time period.

We have agreed to the following metrics to assess the value of this investment:

Goal 1: The County and Health Plan of San Mateo (HPSM) shall use their best efforts to facilitate redirection of pregnant women who are not high-risk and live north of Redwood City to other area hospitals for delivery.

Goal 2, Objective 4: On a semi-annual basis, the HPSM will provide the County and LPCH with a report on the status of its focused quality monitoring and improvement initiatives.

At this time, please submit a year-end report due July 8, 2013 detailing your progress and success in achieving the aforementioned goals and objectives.
