Why give Kimley Horn another \$1.3 million of taxpayers' money when they have IMO screwed up every single project they have handled. Hiring the lowest bidder is not always the best option.

My name is Claudia Argueta \_\_\_\_\_ and I'm a RS\_(your job title)\_at Cordilleras. I've worked for the company for 27+ \_\_\_\_\_ years. AFSCME members work hard to provide mental health services for the most vulnerable population of San Mateo County residents. However, the recent decision to restructure the Cordilleras campus is putting my job and livelihood at stake. Telecare, our contracted partner, is refusing to offer a comprehensive benefit package that recognizes our years of unwavering dedication to our at-risk clients. Telecare has multiple contracts with the County and as the Board, you should demand that they treat their employees with the respect that we have earned. Telecare's lack of regard for their employees is a direct reflection on you as a Board member.

I implore you to hold Telecare accountable for their treatment of employees. As a \_(voter/resident)\_ of San Mateo County, I am facing the prospect of being laid off, with little to show for my dedication. I urge the Board to use its influence to compel Telecare to negotiate a fair contract with AFSCME, one that honors the contributions of employees who have given so much to this County.

Thank you.

No on ACA-1 because it taxes people struggling to get by to provide \$ for the poor folks which it never does. These "remedies" never work and make poorer people out of the ones you tax. I hope you understand .....a big fat no for this.

I am respectfully requesting you do NOT support this measure. We can throw more and more money at homelessness but the problem persists. It isn't about resources, it is about lax laws and prosecution, mental health and drug problems. We simply cannot afford to absorb any more taxes with our already unaffordable cost of living here.

Thank you,

Hello,

I am a long time resident of South San Francisco and I am writing to voice my disagreement with the ballot measure ACA-1. I realize the stated intent is to try and solve the homeless crisis but, historic spending has not improved the situation. The state has spent billions with very little to show for. In fact, they are not even tracking how much is spent. The California Interagency Council on Homelessness has not analyzed spending past 2021 and 3 of the 5 state programs an audit analyzed did not even determine whether they were effective or not:

<https://calmatters.org/housing/homelessness/2024/04/california-homelessness-spending/>

Please vote no on ACA-1. I don't want another reason to move out of California.

Thank you,  
Jane Lee

Dear Board,

The proposed \$190+ increase in property tax would be a real hardship. I'm a senior citizen living on Social Security. My Social Security doesn't go up that much and I would have a hard time keeping my home. This is an awful proposal and I hope you'll reconsider it.

Dear San Mateo County Board,

I understand you are looking to make exceptions to the limits on property taxes to fund ACA-1. I am a retired teacher who worked really hard to buy and maintain my small house in San Mateo County.

I cannot afford to finance everyone else's housing challenges, so please do not put me inline for joining this needy group by raising my property taxes beyond the 1% State limit. Thank you.

Sincerely,

Ingrid Diether

The homeless problem will never be fixed by throwing more money at it. We all know this. Please do not add more taxes that will overburden the already strained budgets of the local homeowners.

I'm 50% sure that 100% of what I say is 20% correct
