County may terminate this Agreement for cause. In order to terminate for cause, County must first give Contractor notice of the alleged breach. Contractor shall have five business days after receipt of such notice to respond and a total of ten calendar days after receipt of such notice to cure the alleged breach. If Contractor fails to cure the breach within this period, County may immediately terminate this Agreement without further action. The option available in this paragraph is separate from the ability to terminate without cause with appropriate notice described above. In the event that County provides notice of an alleged breach pursuant to this section, County may, in extreme circumstances, immediately suspend performance of services and payment under this Agreement pending the resolution of the process described in this paragraph. At the end of this Agreement, or in the event of termination, all finished or unfinished documents, data, studies, maps, photographs, reports, and other written materials (collectively referred to as "contract materials") prepared by Contractor under this Agreement shall become the property of County and shall be promptly delivered to County. Upon termination, Contractor may make and retain a copy of such contract materials if permitted by law.

7. Relationship of Parties

Contractor agrees and understands that the work/services performed under this Agreement are performed as an independent contractor and not as an employee of County and that neither Contractor nor its employees acquire any of the rights, privileges, powers, or advantages of County employees.

8. Hold Harmless

a. General Hold Harmless

Contractor shall indemnify and save harmless County and its officers, agents, employees, and servants from all claims, suits, or actions of every name, kind, and description resulting from this Agreement, the performance of any work or services required of Contractor under this Agreement, or payments made pursuant to this Agreement brought for, or on account of, any of the following:

(A) injuries to or death of any person, including Contractor or its employees/officers/agents;

(B) damage to any property of any kind whatsoever and to whomsoever belonging;

(C) any sanctions, penalties, or claims of damages resulting from Contractor's failure to comply, if applicable, with the requirements set forth in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and all Federal regulations promulgated thereunder, as amended; or

The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

b. Intellectual Property Indemnification

Contractor hereby certifies that it owns, controls, and/or licenses and retains all right, title, and/or interest in and to any intellectual property it uses in relation to this Agreement, including the design, look, feel, features, source code, content, and/or other technology relating to any part of the services it provides under this Agreement and including all related patents, inventions, trademarks, and copyrights, all applications therefor, and all trade names, service marks, know how, and trade secrets (collectively referred to as "IP Rights") except as otherwise noted by this Agreement.

Contractor warrants that the services it provides under this Agreement do not infringe, violate, trespass, or constitute the unauthorized use or misappropriation of any IP Rights of any third party. Contractor shall defend, indemnify, and hold harmless County from and against all

liabilities, costs, damages, losses, and expenses (including reasonable attorney fees) arising out of or related to any claim by a third party that the services provided under this Agreement infringe or violate any third-party's IP Rights provided any such right is enforceable in the United States. Contractor's duty to defend, indemnify, and hold harmless under this Section applies only provided that: (a) County notifies Contractor promptly in writing of any notice of any such third-party claim; (b) County cooperates with Contractor, at Contractor's expense, in all reasonable respects in connection with the investigation and defense of any such third-party claim; (c) Contractor retains sole control of the defense of any action on any such claim and all negotiations for its settlement or compromise (provided Contractor shall not have the right to settle any criminal action, suit, or proceeding without County's prior written consent, not to be unreasonably withheld, and provided further that any settlement permitted under this Section shall not impose any financial or other obligation on County, impair any right of County, or contain any stipulation, admission, or acknowledgement of wrongdoing on the part of County without County's prior written consent, not to be unreasonably withheld); and (d) should services under this Agreement become, or in Contractor's opinion be likely to become, the subject of such a claim, or in the event such a third party claim or threatened claim causes County's reasonable use of the services under this Agreement to be seriously endangered or disrupted, Contractor shall, at Contractor's option and expense, either: (i) procure for County the right to continue using the services without infringement or (ii) replace or modify the services so that they become non-infringing but remain functionally equivalent.

Notwithstanding anything in this Section to the contrary, Contractor will have no obligation or liability to County under this Section to the extent any otherwise covered claim is based upon: (a) any aspects of the services under this Agreement which have been modified by or for County (other than modification performed by, or at the direction of, Contractor) in such a way as to cause the alleged infringement at issue; and/or (b) any aspects of the services under this Agreement which have been used by County in a manner prohibited by this Agreement.

The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

9. Assignability and Subcontracting

Contractor shall not assign this Agreement or any portion of it to a third party or subcontract with a third party to provide services required by Contractor under this Agreement without the prior written consent of County. Any such assignment or subcontract without County's prior written consent shall give County the right to automatically and immediately terminate this Agreement without penalty or advance notice.

10. Insurance

a. General Requirements

Contractor shall not commence work or be required to commence work under this Agreement unless and until all insurance required under this Section has been obtained and such insurance

has been approved by County’s Risk Management, and Contractor shall use diligence to obtain such insurance and to obtain such approval. Contractor shall furnish County with certificates of insurance evidencing the required coverage, and there shall be a specific contractual liability endorsement extending Contractor’s coverage to include the contractual liability assumed by Contractor pursuant to this Agreement. These certificates shall specify or be endorsed to provide that thirty (30) days’ notice must be given, in writing, to County of any pending change in the limits of liability or of any cancellation or modification of the policy.

b. Workers’ Compensation and Employer’s Liability Insurance

Contractor shall have in effect during the entire term of this Agreement workers’ compensation and employer’s liability insurance providing full statutory coverage. In signing this Agreement, Contractor certifies, as required by Section 1861 of the California Labor Code, that (a) it is aware of the provisions of Section 3700 of the California Labor Code, which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of the Labor Code, and (b) it will comply with such provisions before commencing the performance of work under this Agreement.

c. Liability Insurance

Contractor shall take out and maintain during the term of this Agreement such bodily injury liability and property damage liability insurance as shall protect Contractor and all of its employees/officers/agents while performing work covered by this Agreement from any and all claims for damages for bodily injury, including accidental death, as well as any and all claims for property damage which may arise from Contractor’s operations under this Agreement, whether such operations be by Contractor, any subcontractor, anyone directly or indirectly employed by either of them, or an agent of either of them. Such insurance shall be combined single limit bodily injury and property damage for each occurrence and shall not be less than the amounts specified below:

- (a) Comprehensive General Liability.....\$1,000,000
- (b) Motor Vehicle Liability Insurance.....\$1,000,000
- (c) Professional Liability.....\$1,000,000

County and its officers, agents, employees, and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that (a) the insurance afforded thereby to County and its officers, agents, employees, and servants, as additional insureds shall be primary insurance to the full limits of liability of the policy and (b) if the County or its officers, agents, employees, and servants have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this Section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, County, at its

option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work and payment pursuant to this Agreement.

11. Compliance With Laws

All services to be performed by Contractor pursuant to this Agreement shall be performed in accordance with all applicable Federal, State, County, and municipal laws, ordinances, regulations, and executive orders, including but not limited to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Federal Regulations promulgated thereunder, as amended (if applicable), the Business Associate requirements set forth in Attachment H (if attached), the Americans with Disabilities Act of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in programs and activities receiving any Federal or County financial assistance, as well as any required economic or other sanctions imposed by the United States government or under state law in effect during the term of the Agreement. Such services shall also be performed in accordance with all applicable ordinances and regulations, including but not limited to appropriate licensure, certification regulations, provisions pertaining to confidentiality of records, and applicable quality assurance regulations. In the event of a conflict between the terms of this Agreement and any applicable State, Federal, County, or municipal law, regulation, or executive order, the requirements of the applicable law, regulation, or executive order will take precedence over the requirements set forth in this Agreement.

Further, Contractor certifies that it and all of its subcontractors will adhere to all applicable provisions of Chapter 4.107 of the San Mateo County Ordinance Code, which regulates the use of disposable food service ware. Accordingly, Contractor shall not use any non-recyclable plastic disposable food service ware when providing prepared food on property owned or leased by the County and instead shall use biodegradable, compostable, reusable, or recyclable plastic food service ware on property owned or leased by the County. I. DESCRIPTION OF SERVICES TO BE PERFORMED BY CONTRACTOR

A. MENTAL HEALTH PROGRAM SERVICES

For the term of this Agreement as herein specified, Contractor shall provide to San Mateo County's Behavioral Health and Recovery Services (BHRS) up to fifty-three (53) beds for San Mateo County residents who are seriously mentally ill and in need of mental health rehabilitation, treatment and long-term care. Approximately forty-one (41) beds will be utilized in Institutions for Mental Disease (IMD) and twelve (12) beds will be utilized by individuals 65 years and over.

1. Admissions

- a. Contractor and County shall work jointly to optimize placements within the available beds at the Crestwood Behavioral Health, Inc. facilities. All admissions shall be subject to screening procedures and standards mutually agreeable to Contractor and the Director of Behavioral Health and Recovery Services or designee, subject to the provisions in Section 2 below.
- b. The admission of all persons receiving services under this Agreement must receive the approval of the Chief of San Mateo County Health or designee. Such approval shall be indicated by a signed "Authorization for Admission to IMD/State Hospital Placement" form.

2. Patient Eligibility

Contractor shall admit patients with a Diagnostic and Statistical Manual (DSM) V diagnosis. Individuals in need of twenty-four (24) hour skilled nursing services, patients who may have histories of, and without adequate treatment, are at risk of displaying behavioral symptoms (such as combativeness, elopement risk, suicide risk, and excessive verbal abusiveness) which preclude them from being admitted into a lower level care facility, shall be considered acceptable for admission. Frequency of these behaviors is a determining factor for admission, and such admission may be negotiated between BHRS and Contractor on an individual patient basis. County may grant individual exceptions to these admission criteria. It is agreed by County and Contractor that individuals whose mental

illness is deemed appropriate for acute care, as well as individuals suffering exclusively from a developmental disability, mental retardation, or physical illnesses (without a psychiatric component), shall not be considered for admission. All admissions are subject to prior authorization by County.

3. Basic Service Levels

a. IMD/Mental Health Rehabilitation Center (MHRC)/Skilled Nursing Facility (SNF)

It is agreed by both Contractor and County that the basic service level (the minimum array of services provided to Crestwood residents) fully complies with Title 22 of the California Code of Regulations, Section 72445, or Title 9 of the California Code of Regulations, which includes life skills training, money management, training on accessing community services, transitional programs, and discharge planning with County staff. It is further agreed by Contractor that basic services will also include reasonable access to medical treatment and up-to-date psychopharmacology including Clozapine, reasonable transportation to needed off-site services, and bilingual/bicultural programming.

b. Adult Residential Facility/Community Treatment System

It is agreed that the program complies with all licensing and certification standards for an Adult Residential Facility and a Community Residential Treatment System. The basic service level for an enhanced adult residential facility offers twenty-four (24) hour care and supervision and teaches clients the skills necessary to successfully reintegrate into the community at their highest level of independence. The program shall include medication management, symptom management, and independent living skills. It should also include services for people who are dually diagnosed.

c. Crisis Residential Treatment Facility

Contractor shall provide a twenty-four (24) hour crisis residential treatment facility for mentally ill clients ("Crisis Residential Treatment Facility"). Contractor shall provide such mentally ill clients with therapeutic and/or rehabilitation services in a structured program as an alternative to hospitalization for clients experiencing an acute psychiatric episode or crisis, and who do not present medical complications requiring nursing care. Contractor shall support clients in their efforts to restore, maintain, and apply

interpersonal and independent living skills, and to access community support systems, and will make available interventions which focus on symptom reduction and management.

d. Day Treatment Rehabilitative Services Program (Full-day)

Contractor shall provide Day Treatment Rehabilitative Services preauthorized by BHRS, and as meet medical necessity. These services shall be provided in the manner prescribed by the laws of California and in accord with the applicable laws, titles, rules, and regulations, including quality improvement requirements of the Short-Doyle/Medi-Cal Program. These services are provided to a distinct group of seriously mentally ill adults and occur in a therapeutic, organized, and structured setting.

i. General Description of Services

- a) The Day Treatment Rehabilitative Services (Full-day) program shall be referred to herein as “Services” or “Day Treatment Services”.
- b) As of the date of this Agreement Contractor provides Day Treatment Services for seriously mentally ill adults at Contractor’s Crestwood Solano Our House facility.
- c) Full-day Day Treatment Services must be available more than four (4) hours and less than twenty-four (24) hours each program day to qualify as a full-day program. The client must be present each day (half-day or full-day as appropriate) Day Treatment Services are claimed. On an exceptional occasion and upon approval by County when a client is unavailable for the entire program day, the client must be present a minimum of fifty percent (50%) of the program day for that day’s services to be claimed.
- d) For seriously mentally ill adults, Day Treatment Services provides a range of services to assist the client to gain the social and functional skills necessary for appropriate development and social integration. Interventions are intended to prevent hospitalization, placement in a more restrictive facility, out-of-home placement, and/or to maintain the client in a community setting. A key component of Day Treatment Services is contact with the families of clients. This may be integrated with an education program as long as it meets all Day Treatment Services requirements.

- e) Contractor shall develop and maintain a Day Treatment Services program description and shall provide such program description to County annually and upon request.
- f) County reserves the right and authority to set additional higher or more specific standards necessary to manage the delivery of Day Treatment Services than those set by the State of California.
- g) Contractor shall provide Day Treatment Services to seriously emotionally and behaviorally disturbed San Mateo County resident adults pre-authorized for service by the Deputy Director of Adult Services or designee.
- h) The Day Treatment Services program is multi-disciplinary in its approach and provides a range of treatment services, including, but not limited to:

 - 6) Crisis intervention; and
 - 7) Outreach social services.
- i) Day Treatment Services shall occur in a therapeutic milieu. The purposes of the therapeutic milieu are as follows:
 - 1) To provide the foundation for the provision of Day Treatment Rehabilitative Services and differentiate these services from other specialty mental health services;
 - 2) To include a therapeutic program that is structured by well-defined service components with specific activities being performed by identified staff;
 - 3) To create a supportive and nurturing interpersonal environment that teaches, models, and reinforces constructive interaction;

- 4) To support peer/staff feedback to clients on strategies for symptom reduction, increasing adaptive behaviors, and reducing subjective distress;
- 5) To empower clients through involvement in the overall program (such as the opportunity to lead community meetings and to provide feedback to peers) and the opportunity for risk taking in a supportive environment; and
- 6) To support behavior management interventions that focus on teaching self-management skills that children, youth, adults and older adults may use to control their own lives, to deal effectively with present and future problems, and to function with minimal or no additional therapeutic intervention.

ii. Therapeutic Milieu Service Components

The following services must be made available during the course of the therapeutic milieu for an average of at least three (3) hours per day for a full-day Day Treatment Intensive Services program. One program staff member must be present and available to the group during the milieu for all scheduled hours of therapeutic milieu.

- a) Process groups: program staff will facilitate groups to help clients develop skills to deal with their individual problems/issues by using the group process to provide peer interaction and feedback in developing problem-solving strategies and to assist one another in resolving behavioral and emotional problems.
- b) Skill building groups: program staff will help clients to identify barriers/obstacles related to their psychiatric/psychological experiences and, through the course of group interaction, become better able to identify skills that address symptoms and behaviors and increase adaptive behaviors.
- c) Adjunctive Therapies: non-traditional therapy that utilizes self-expression (for example: art, recreation, dance, and music) as the therapeutic intervention.

iii. Daily Community Meetings

- f) Old business from previous meetings or from previous day treatment experiences; and
- g) Debriefing or wrap-up.

iv. Weekly Schedule

A detailed written weekly schedule will be made available by program staff to clients and, as appropriate, to client families, caregivers or significant support persons. The schedule will identify staffing, time, and location of program components. It will also specify the qualifications and the scope of responsibility of staff.

v. Excluded Activities

The time required for staff travel, documentation and caregiver contact is not to be included in the hours of therapeutic milieu.

vi. Contact With Significant Support Persons

- e) Authorization must specify the number of days per week as well as the length of time services will be provided.

ix. Authorization Decisions

- a) For authorization decisions other than the expedited decisions described below in Paragraph I.A.3.d.ix.b., County shall provide notice as expeditiously as the client's mental health condition requires and within fourteen (14) calendar days following receipt of the request for service, with a possible extension of up to fourteen (14) additional calendar days, if the client or Contractor requests an extension; or if County identifies a need for additional information.
- b) In cases in which Contractor or County determines that following the standard timeframe could seriously jeopardize the client's life or health or ability to attain, maintain, or regain maximum function, the County will make an expedited authorization decision and provide notice as expeditiously as the client's mental health condition requires and no later than three (3) working days after receipt of the request for authorization.
