Whereas, pursuant to Section 31000 of the California Government Code, County may contract with independent contractors for the furnishing of such services to or for County or any Department thereof; and

Whereas, it is necessary and desirable that Contractor be retained for the purpose of providing self-pay patient account recovery services.

1. Exhibits and Attachments

The following exhibits and attachments are attached to this Agreement and incorporated into this Agreement by this reference:

- Exhibit A—Services
- Exhibit B—Payments and Rates
- Exhibit C—Performance Metrics
- Exhibit E—Corporate Compliance SMMC Code of Conduct
- Attachment H—HIPAA Business Associate Requirements
- Attachment J – Vendor/Contractor Access Policy

2. Services to be performed by Contractor

Self-pay patient account recovery services shall mean services provided by Contractor to recover patient accounts assigned by the County to the Contractor that are not in default.

Further, for the purposes of this Agreement, the term "assigned" or "assignment" shall not imply that accounts have been legally assigned or removed from County's accounts receivable and placed with Contractor as third party bad debt (in default) collections. All accounts assigned are considered County's current receivables and will not be classified as in default until the term of Contractor's services is complete as specified in Exhibit A. Since accounts are not in default, no interest will be added.

In consideration of the payments set forth in this Agreement and in Exhibit B, and with regard to assigned accounts, Contractor shall perform services for County in accordance with the terms, conditions, and specifications set forth in this Agreement and in Exhibit A.

Assigned accounts are not in default at time of placement with Contractor and shall remain as current/open balances in County's accounts receivables until assigned accounts have been deemed unresolved and returned to County for bad debt assignment consideration.

3. Payments

In consideration of the services provided by Contractor in accordance with all terms, conditions, and specifications set forth in this Agreement and in Exhibit A, County shall make payment to Contractor based on the rates and in the manner specified in Exhibit B. County reserves the right to withhold payment if County determines that the quantity or quality of the work performed is unacceptable. However, in the event County believes the quantity or quality of the work performed is unacceptable, County agrees to specify the basis for the belief and shall use reasonable judgment and negotiate in good faith with Contractor with respect to such work. In no event shall County's total fiscal obligation under this Agreement exceed THREE HUNDRED SIXTY THOUSAND DOLLARS (\$360,000) for the term of the Agreement. In the event that the County makes any advance payments, Contractor agrees to refund any amounts in excess of the amount owed by the County at the time of contract termination or expiration. Contractor is not entitled to payment for work not performed as required by this Agreement. All invoices must be approved by the Chief Financial Officer or their designee and paid within 30 days of receipt of the invoice. Invoices must be sent to: SMMC-Accounts-Payable@smcgov.org. Processing time may be delayed if invoices are not submitted electronically.

4. Term

Subject to compliance with all terms and conditions, the term of this Agreement shall be from August 1, 2019, through July 31, 2022.

5. Termination

This Agreement may be terminated by Contractor or by County or his/her designee at any time without a requirement of good cause upon thirty (30) days' advance written notice to the other party. Subject to availability of funding, Contractor shall be entitled to receive payment for work/services provided prior to termination of the Agreement. Such payment shall be that prorated portion of the full payment determined by comparing the work/services actually completed to the work/services required by the Agreement.

County may terminate this Agreement or a portion of the services referenced in the Attachments and Exhibits based upon the unavailability of Federal, State, or County funds by providing written notice to Contractor as soon as is reasonably possible after County learns of said unavailability of outside funding.

County may terminate this Agreement for cause. In order to terminate for cause, County must first give Contractor notice of the alleged breach. Contractor shall have ten business days after receipt of such notice to respond and a total of 15 calendar days after receipt of such notice to cure the alleged breach. If Contractor fails to cure the breach within this period, County may immediately terminate this Agreement without further action. The option available in this paragraph is separate from the ability to terminate without cause with appropriate notice described above. In the event that County provides notice of an alleged breach pursuant to this section, County may, in extreme circumstances, immediately suspend performance of services and payment under this Agreement pending the resolution of the process described in this paragraph. County has sole discretion to determine what constitutes an extreme circumstance for purposes of this paragraph, and County shall use reasonable judgment in making that determination.

6. Contract Materials

At the end of this Agreement, or in the event of termination, all finished or unfinished documents, data, studies, maps, photographs, reports, and other written materials (collectively referred to as "contract

materials”) prepared by Contractor under this Agreement shall become the property of County and shall be promptly delivered to County. Upon termination, Contractor may make and retain a copy of such contract materials if permitted by law.

7. Relationship of Parties

Contractor agrees and understands that the work/services performed under this Agreement are performed as an independent contractor and not as an employee of County and that neither Contractor nor its employees acquire any of the rights, privileges, powers, or advantages of County employees.

8. Hold Harmless

a. General Hold Harmless

Contractor shall indemnify and save harmless County and its officers, agents, employees, and servants from all claims, suits, or actions of every name, kind, and description resulting from this Agreement, the performance of any work or services required of Contractor under this Agreement, or payments made pursuant to this Agreement brought for, or on account of, any of the following:

The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

b. Intellectual Property Indemnification

Contractor hereby certifies that it owns, controls, and/or licenses and retains all right, title, and/or interest in and to any intellectual property it uses in relation to this Agreement, including the design, look, feel, features, source code, content, and/or other technology relating to any part of the services it provides under this Agreement and including all related patents, inventions, trademarks, and copyrights, all applications therefor, and all trade names, service marks, know how, and trade secrets (collectively referred to as “IP Rights”) except as otherwise noted by this Agreement.

Contractor shall defend, indemnify, and hold harmless County from and against all liabilities, costs, damages, losses, and expenses (including reasonable attorney fees) arising out of or related to any claim by a third party that the services provided under this Agreement infringe or violate any third-party’s IP Rights provided any such right is enforceable in the United States. Contractor’s duty to defend, indemnify, and hold harmless under this Section applies only provided that: (a) County notifies Contractor promptly in writing

of any notice of any such third-party claim; (b) County cooperates with Contractor, at Contractor's expense, in all reasonable respects in connection with the investigation and defense of any such third-party claim; (c) Contractor retains sole control of the defense of any action on any such claim and all negotiations for its settlement or compromise (provided Contractor shall not have the right to settle any criminal action, suit, or proceeding without County's prior written consent, not to be unreasonably withheld, and provided further that any settlement permitted under this Section shall not impose any financial or other obligation on County, impair any right of County, or contain any stipulation, admission, or acknowledgement of wrongdoing on the part of County without County's prior written consent, not to be unreasonably withheld); and (d) should services under this Agreement become, or in Contractor's opinion be likely to become, the subject of such a claim, or in the event such a third party claim or threatened claim causes County's reasonable use of the services under this Agreement to be seriously endangered or disrupted, Contractor shall, at Contractor's option and expense, either: (i) procure for County the right to continue using the services without infringement or (ii) replace or modify the services so that they become non-infringing but remain functionally equivalent.

Notwithstanding anything in this Section to the contrary, Contractor will have no obligation or liability to County under this Section to the extent any otherwise covered claim is based upon: (a) any aspects of the services under this Agreement which have been modified by or for County (other than modification performed by, or at the direction of, Contractor) in such a way as to cause the alleged infringement at issue; and/or (b) any aspects of the services under this Agreement which have been used by County in a manner prohibited by this Agreement.

The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

9. Assignability and Subcontracting

Contractor shall not assign this Agreement or any portion of it to a third party or subcontract with a third party to provide services required by Contractor under this Agreement without the prior written consent of County. Any such assignment or subcontract without County's prior written consent shall give County the right to automatically and immediately terminate this Agreement without penalty or advance notice.

10. Insurance

Contractor shall not commence work or be required to commence work under this Agreement unless and until all insurance required under this Section has been obtained and such insurance has been approved by County's Risk Management, and Contractor shall use diligence to obtain such insurance and to obtain such approval. Contractor shall furnish County with certificates of insurance evidencing the required coverage, and there shall be a specific contractual liability endorsement extending Contractor's coverage to include the contractual liability assumed by Contractor pursuant to this Agreement. These certificates shall specify or be endorsed to provide that thirty (30) days' notice must be given, in writing, to County of any pending change in the limits of liability or of any cancellation or modification of the policy.

b. Workers' Compensation and Employer's Liability Insurance

Contractor shall have in effect during the entire term of this Agreement workers' compensation and employer's liability insurance providing full statutory coverage. In signing this Agreement, Contractor certifies, as required by Section 1861 of the California Labor Code, that (a) it is aware of the provisions of Section 3700 of the California Labor Code, which require every employer to be insured against liability for

workers' compensation or to undertake self-insurance in accordance with the provisions of the Labor Code, and (b) it will comply with such provisions before commencing the performance of work under this Agreement.

c. Liability Insurance

Contractor shall take out and maintain during the term of this Agreement such bodily injury liability and property damage liability insurance as shall protect Contractor and all of its employees/officers/agents while performing work covered by this Agreement from any and all claims for damages for bodily injury, including accidental death, as well as any and all claims for property damage which may arise from Contractor's operations under this Agreement, whether such operations be by Contractor, any subcontractor, anyone directly or indirectly employed by either of them, or an agent of either of them. Such insurance shall be combined single limit bodily injury and property damage for each occurrence and shall not be less than the amounts specified below:

(a) Comprehensive General Liability... \$1,000,000

County and its officers, agents, employees, and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that (a) the insurance afforded thereby to County and its officers, agents, employees, and servants shall be primary insurance to the full limits of liability of the policy and (b) if the County or its officers, agents, employees, and servants have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this Section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, County, at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work and payment pursuant to this Agreement.

11. Compliance With Laws

All services to be performed by Contractor pursuant to this Agreement shall be performed in accordance with all applicable Federal, State, County, and municipal laws, ordinances, and regulations, including but not limited to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Federal Regulations promulgated thereunder, as amended (if applicable), the Business Associate requirements set forth in Attachment H (if attached), the Americans with Disabilities Act of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in programs and activities receiving any Federal or County financial assistance. Such services shall also be performed in accordance with all applicable ordinances and regulations, including but not limited to appropriate licensure, certification regulations, provisions pertaining to confidentiality of records, and applicable quality assurance regulations. In the event of a conflict between the terms of this Agreement and any applicable State, Federal, County, or municipal law or regulation, the requirements of the applicable law or regulation will take precedence over the requirements set forth in this Agreement.

The parties agree that, pursuant to Section 70713 of Title 22 of the California Code of Regulations ("Title 22"), San Mateo Medical Center retains all professional and administrative responsibility for services rendered under this Agreement to the extent that such services are subject to Title 22 and are rendered by a "qualified professional person" as used in Section 70713, and the parties further agree in that instance that this Agreement is otherwise subject to any applicable requirements of Title 22.

COUNTY OF SAN MATEO

Attachment J Vendor/Contractor Access Policy

Policy Update: 10/22/2018

Overview

Vendors/Contractors play an important role in the support of hardware and software management for San Mateo County. They may be required to access, configure, maintain, and provide emergency support for systems. As a result, the vendor/contractor can be exposed to sensitive data or the need to connect to the County's network may expose the County to unwanted virus or security threats.

Policy Purpose

The purpose of this policy is to establish rules and responsibilities for the vendors/contractors who require not only physical access but also access to the County's network and information resources. This policy is intended to minimize potential exposure from damages and to mitigate any liability to the County as a result of unauthorized use.

Scope

This policy applies to all vendors/contractors who require access to County facilities as well as access to the County's network using non-County owned computing devices to perform work on behalf of the County. This policy also applies to all portable computers (laptops) and portable computing devices (devices that have similar hardware and software components used in personal computers such as a tablet PC).

Policy

Vendor/contractors shall:

- A. Only use information and systems for the purpose of the business agreement with County and any information acquired in the course of the agreement shall not be used for personal purposes or divulged to others.
- B. All contractors and vendors contracting with the County shall provide a list of its employees that require access to the County's system and data pursuant to the agreement
 1. The list shall be updated and provided to the Departments and Chief Information Officer (CIO) or his/her designee within 24 hours of staff changes.
- C. Safeguard all County data by:
 1. Utilizing data encryption to protect information on computing devices.
 2. Securing the computing device at all times; especially if the device is left unattended for any length of time.

3. Implementing precautions to prevent others from viewing on-screen data in public areas.
 4. Notifying the County immediately if the mobile device containing County data or used in the performance of County activities is lost or stolen.
 5. Not downloading, uploading, or maintaining, on a computing device, any information that is considered sensitive without authorization of his/her Project Manager or Department Head or his/her designee.
- D. Vendor/contractor shall use unique accounts and password management that complies with the County's Information Technology (IT) Security Policy.
1. All passwords and accounts shall be unique to the vendor/contractor and shall not be shared.
- E. Vendor/Contractor shall take reasonable steps to protect against the installation of unlicensed or malicious software.
1. All commercial software installed must have a valid license and that the terms, conditions, and copyright laws shall be strictly followed.
- F. All County-owned software installed on the computing device must be removed when the vendor/contractor services are terminated.
1. Upon termination of work, the vendor/contractor shall return or destroy all County information and data as well as provide written certification of that return or destruction within 24 hours.
- G. Remote access rules and procedures shall be strictly adhered to.
1. Remote access usage must be confined to provide support for County systems; personal use shall be strictly prohibited.
- H. In the event that a vendor/contractor disposes of a computing device containing County's confidential information and/or data, the device must be sanitized in such a way that does not allow for the retrieval of data and by Department of Defense (DOD) standards.
1. Alternatively, computing devices may be physically destroyed by a method that leaves the device's data unrecoverable.
- I. Vendor/contractor understands that its written security protocols for County-related business shall be available for inspection by the County upon request.
1. For the period that the computing device is on the County's network, there is no expectation of privacy with regard to the contents of the device despite the fact that it is a privately-owned equipment.
- J. Vendors/contractors must wear visible identification and if issued a County cardkey, the cardkey must be visible at all times. Use of another individual's cardkey is expressly prohibited.
- K. Vendor/Contractor access to County data center(s) must be authorized and approved in writing by the Chief Information Officer (CIO) or his/her designee.

Responsibilities

The vendor/contractor will be responsible for assuring that anti-virus software, with scanning and update services be applied, is installed on its computing device used for County business and that the anti-virus software meets the requirements as set forth in the County's IT Security Policy and the Virus, Patch, and Vulnerability Management Policy. Vendor must also ensure that all computing devices have operating system security patches installed and are updated on a regular basis.

Additionally, computing devices, such as laptops and/or tablets, must include an approved encryption program with configuration that meets or exceeds the County's IT Security Policy.

Vendor/Contractor device(s) may connect directly to the County network with express written approval from the CIO or his/her designee. The Vendor/Contractor must verify to the County that the device(s) have been patched, virus protected, and encrypted. Vendors using devices without approved software and encryption will not be permitted to connect to the County's network.

It is also the responsibility of the vendor/contractor to be familiar with the following policies to ensure its adherence:

- IT Security Policy
- Internet Usage Policy
- Email Policy (if applicable)
- Virus, Patch, and Vulnerability Management Policy
- Data Center Policy

Policy Enforcement

The Director of ISD (CIO) is the policy administrator for information technology resources and will ensure this process is followed. Additionally, Division Directors, Department Heads, and managers are responsible for compliance with County policy within their respective administrative areas.

Those vendors who violate this policy may be subject to contract termination, denial of service, and/or legal penalties, both criminal and civil.
