In no event shall County's total fiscal obligation under this Agreement exceed TWO MILLION DOLLARS (\$2,000,000). Contractor's obligations hereunder will include, but will not be limited to, the following:

- (a) Contractor will, at its own expense, provide and maintain space, utilities, equipment and furniture at the Facility as may be necessary to provide services, and to clean and maintain such space, utilities, equipment and furniture in good order and repair.
- (b) Contractor will retain, at its own expense, all such professional, allied and supportive paramedical personnel as may be reasonably necessary and appropriate to provide services.
- (c) Contractor will, at its own expense, provide and maintain the organizational and administrative capabilities to carry out its duties and responsibilities under this Agreement and all applicable statutes and regulations pertaining to Medi-Cal providers.
- (d) Contractor will provide services within the scope of Contractor's licensure to all Beneficiaries who are referred to Contractor by County, unless compelling clinical or operational circumstances exist that contraindicate admission.
- (e) Contractor agrees to obtain consent to treat each Beneficiary in a specific form or format pursuant to California Welfare and Institutions Code Section 5326.2 or any other applicable State or Federal statute or regulation.
- (f) Contractor will refer Beneficiaries for other services when necessary.

1.2 Licensure and Certification as Conditions Precedent to County's Payment Obligation

- (a) Contractor hereby represents and warrants that it is currently, and for the duration of this Agreement will and agrees to remain:
 - (1) Duly licensed as either a general acute care hospital with an approved psychiatric unit or a freestanding acute psychiatric hospital as specified in Recital Paragraph B of this Agreement in accordance with Sections 1250 et seq. of the California Health and Safety Code and the licensing regulations contained in Title 22 and Title 17 of the California Code of Regulations.

Contractor agrees that it will maintain JCAHO accreditation throughout the term of this Agreement. Contractor agrees to give County immediate notice of any proceeding that jeopardizes its JCAHO accreditation. This provision is a material term of this Agreement, the breach of which will constitute cause for immediate termination of this Agreement.

1.3 Utilization Controls: Compliance by Contractor as Condition Precedent to County's Payment Obligation

- (a) As express conditions precedent to County's payment obligation under the terms of this Agreement, Contractor will adhere to County's Quality

Management Plan including utilization controls, to County's Inpatient Provider Manual, to California Department of Health Care Services Letters and Notices, as well as any requirements imposed on County pursuant to Sections 5777, subdivision (g), and 5778, of the California Welfare and Institutions Code and the implementing Regulations, as well as any other applicable state or federal law governing services rendered under the Medi-Cal program.

- (b) Contractor will comply with existing federal requirements for utilization review pursuant to Title 42, Code of Federal Regulations, Part 456, Subpart D, including but not limited to certification of need for care, evaluation and medical review, plans of care and utilization review plan.
- (c) Contractor shall obtain approval from County prior to implementing a Physician Incentive Plan as described by Title 42, CFR, Section 438.6(h). - (d) Contractor will comply with the County Policies, Procedures, and directives, as applicable.

1.4 Appointment of Liaison

Contractor will designate in writing a person to act as liaison to the County. Such person will coordinate all communications between the parties. The written designation of such person will constitute the conferral of full agency powers to bind Contractor as principal in all dealings with County to the extent that such dealings relate to this Agreement and/or Contractor's provision of services. Such person shall establish in cooperation with the County regular and ongoing quarterly meetings between the Contractor and the County to discuss the services provided under this agreement, coordinate care efforts, and discuss issues important to either party in the course of the work under this agreement.

1.5 Service Location

Psychiatric Inpatient Hospital Services rendered pursuant to this Agreement will be rendered at the Facility, unless there has been a delegation approved by County pursuant to Paragraph 4.4 of this Agreement.

1.6 Availability and Accessibility of Service

Contractor shall offer hours of operation that are no less than the hours of operation offered to commercial enrollees, if the Contractor also serves

enrollees of a commercial plan, or that are comparable to the hours the Contractor makes available for Medi-Cal services that are not covered by the County or another Mental Health Plan, if the Contractor serves only Medi-Cal clients.

1.7 Quality of Care

As express conditions precedent to County payment obligation under the terms of this Agreement, Contractor will:

- (a) Assure that any and all Beneficiaries receive culturally competent services and age- appropriate care as required by the Regulations and consistent with County's Quality Management Plan.
- (b) Take such action as required by Contractor's Medical Staff Bylaws against medical staff members who violate such Bylaws, as the same may be from time to time amended.
- (c) Provide services in the same manner to Beneficiaries as it provides to all patients to whom it renders Psychiatric Inpatient Hospital Services or similar hospital services.
- (d) Not discriminate against Beneficiaries in any manner, including admission practices, placement in special or separate wings or rooms, or provision of special or separate meals.
- (e) Individual physicians and other mental health professionals will render professional services to eligible voluntary or involuntary clients on the same basis as they care for other clients in Contractor's facility and will not discriminate against these clients in any manner, including admission practices, placement in special wings or rooms, or provision of special or separate meals.
- (f) Attending psychiatrists and psychologists shall be members of the medical staff of Contractor, be subject to the rules and regulations of said staff, and shall also be active contractors with the County. Duration and limitation of services will be under the control of the attending psychiatrist or psychologist but will at all times meet broadly accepted community standards of quality of care and be subject to Contractor utilization review decisions.

1.8 Assumption of Risk by Contractor

Whether rendered directly by Contractor or through delegation by Contractor as permitted under this Agreement, Contractor will bear total risk for the cost of all Psychiatric Inpatient Hospital Services rendered to each Beneficiary covered by this Agreement. As used in this Paragraph, "risk" means that

Contractor agrees to accept as payment in full for any and all Psychiatric Inpatient Hospital Services payments made by the County pursuant to Article 2 of this Agreement, irrespective of whether the cost of such services and related administrative expenses will have exceeded the payment obligation of County under the conditions set forth in this Agreement. The term "risk" also includes, but is not limited to, the cost for all Psychiatric Inpatient Hospital Services for illness or injury resulting, in whole or in part, from a catastrophe or disaster which occurs subsequent to the Effective Date (as defined in Paragraph 4.1 below), including but not limited to acts of God, war or the public enemy.

1.9 Patient's Rights

- (a) Contractor or any Delegate providing services pursuant to the terms of this Agreement will adopt and post in a conspicuous place a written policy on patient's rights in accordance with section 70707 of Title 22 of the California Code of Regulations and section 5325 et seq. of the California Welfare and Institutions Code. All complaints by Beneficiaries with regard to services provided hereunder may be investigated by County's Patient Rights Advocate, County, California Department of Health Care Services or by the JCAHO, or such other agency, as required or permitted by law or regulations.
- (b) Contractor will maintain throughout the term of this Agreement a process for the resolution of Beneficiary complaints and grievances. Contractor agrees to cooperate with County with respect to the complaint resolution and grievance process maintained by County pursuant to the Regulations.
- (c) Contractor agrees to provide Medi-Cal clients who are new to the Mental Health System with a brochure (an original of which shall be provided by County) when a client first receives a specialty mental health service from the Contractor. Such brochure shall contain a description of County services available; a description of the process for obtaining County services, including the County's state-wide toll-free telephone number; a list of the County's providers; a description of the County's beneficiary problem resolution process, including the complaint resolution and grievance processes; and a description of the beneficiary's right to request a fair hearing at any time before, during or within ninety (90) days after the completion of the beneficiary problem resolution process.

1.10 Inadequate Performance

If County of Contractor finds that performance is inadequate, at the County's discretion, a meeting may be called to discuss the causes for the performance problem, to review documentation, billing and/or other reports, and to take appropriate corrective action, as needed, to resolve any identified

discrepancies. This Agreement may be renegotiated, allowed to continue to end of term, or terminated pursuant to Paragraph 4.2 of this Agreement. Any unspent monies due to performance failure may reduce the following year's agreement, if any.

1.11 Consultation Requirements Regarding Adults on the Adolescent Unit

Contractor will notify the County Behavioral Health Director, or his/her designee, if:

- (a) A patient 18 years of age or older is admitted to the Adolescent Unit while a San Mateo County patient is also on the Adolescent Unit, or
- (b) A San Mateo County patient 18 years of age or older is to be admitted to the Adolescent Unit.

1.12 Outcome Objectives

- (a) For completed episodes, there will be no more than ten percent (10%) recidivism of clients within thirty (30) days following discharge.
- (b) For completed episodes, Contractor will maintain or reduce the 2022-2023 combined average length of stay. Contractor will make best efforts to meet such goals, but failure to meet any or all of these goals does not constitute a breach, material, or otherwise of the Agreement. County's payment obligation is in no way contingent on meeting any of the stated goals.

1.13 Discharge Procedures

- (a) Contractor shall communicate to County the scheduled discharge date and time in advance of the discharge to the County Facility Utilization Management (FUM)) Nurse for adult patients, and Youth Case Management for youth and adolescent patients, who will coordinate discharge planning and activities on behalf of the County. It is preferred that the FUM Nurse and Youth Case Management become involved in the planning for a discharge at least three days before the discharge.
- (b) Discharge coordination can be initiated directly with the FUM Nurse, Youth Case Management, or for adults through the Access Call Center at 800-686-0101. Calls into the Call Center for discharges are automatically prioritized to the front of the queue and answered by the next available clinician.
- (c) Coordination of medications is critical to discharge planning and for patients known to the County the first follow up appointment post discharge must be a face to face appointment for Medication Support.

For new patients, this first appointment is an assessment and/or Physician Intake Note (PIN) appointment. In either scenario, the amount of prescription medications provided upon discharge must be sufficient to treat the patient up to and through the first appointment. Therefore, the follow up appointment must be determined in order to prescribe an adequate quantity of medication for the patient prior to discharge.

- (d) The hospital discharge nurse shall contact the Access Call Center to request an appointment as the first follow up appointment for the discharged patient. This appointment must be scheduled and the patient informed prior to discharge.
- (e) If the patient is to be discharged with medications, when contacting the Access Call Center or the FUM Nurse, or Youth Case Management, request identification and coordination of the treating MD for the County to facilitate a Doctor to Doctor consultation prior to or immediately following discharge.
- (f) The Access Call Center, the FUM Nurse, or Youth Case Management will identify information needed for the specific patient to be discharged. This includes at a minimum a discharge summary consisting of diagnosis and prognosis, medications and dosage, practitioner name and contact information, natural supports name and contact information, and summary or attached discharge plan inclusive of step down detail.
- (g) Patients known to the County shall be discharged as a warm hand off to the County by the presence of a County representative present at the time of discharge. If a representative cannot be present, the discharge must be coordinated to assure adequate transportation and placement to the next level of care. Under no circumstances can a patient be discharged with no County representative present unless previously coordinated with the County.

ARTICLE 2: PAYMENT PROVISIONS

2.1 Rate Structure; Contingent Liability of County

Contractor must submit a Treatment Authorization Request (TAR) and comply with all applicable Medi-Cal regulations for designated individuals that have Medi-Cal. If days are denied through the regular TAR process, then Contractor may submit a claim for the day(s) denied as described in Appendix C.

(c) Maximum Obligation

In no event shall County's total fiscal obligation under this Agreement exceed ONE MILLION DOLLARS (\$1,000,000) each fiscal year, FY 2024-25 and FY 2025-26, for a contract maximum of TWO MILLION DOLLARS (\$2,000,000) in the aggregate with all other hospitals that

have contracted with BHRS. In the event that the County makes any advance payments, Contractor agrees to refund any amounts in excess of the amount owed by the County at the time of contract termination or expiration. Contractor is not entitled to payment for work not performed as required by this agreement.

- (d) Subject to the conditions precedent set forth in this Agreement and provided that claims are submitted in accordance with Paragraph 2.7 of this Agreement and the requirements of Paragraph 2.8 of this Agreement are met, Contractor will be paid at the all-inclusive rate for each Administrative Day which is specified by the Regulations and there will be no additional payment for ancillary services.
- (e) The Chief of San Mateo County Health or designee is authorized to execute contract amendments which modify the County's maximum fiscal obligation by no more than \$25,000 (in aggregate) and/or modify the contract term and/or services so long as the modified term or services is/are within the current or revised fiscal provisions.

2.2 Rate Inclusive of All Psychiatric Inpatient Hospital Services; Rate Does Not Include Physician, Psychologist, or Transportation Services for Medi-Cal Beneficiaries, or Indigent Patients

The rates set forth in Paragraph 2.1 of this Agreement for Medi-Cal Beneficiaries or Indigent Patients are inclusive of all Psychiatric Inpatient Hospital Services including Routine Services and all Hospital-Based Ancillary Services (as those terms are defined in the Regulations), but do not include physician or psychologist services rendered to beneficiaries covered under this Agreement, or transportation services (CCR Title 9, Chapter 11, section 1810.355 (a) (1)(B)) required in providing Psychiatric Inpatient Hospital Services, and such physician, psychologist and transportation services will not be paid for or reimbursed by County under this Agreement.

2.3 Billing Procedures as Express Conditions Precedent to County's Payment Obligation

- (a) As an express condition precedent to County's payment obligation under Paragraph 2.1 of this Agreement, Contractor will use its best effort to determine whether Psychiatric Inpatient Hospital Services rendered hereunder are covered, in whole or in part, under any other state or federal medical care program or under any other contractual or legal entitlement, including, but not limited to, a private group indemnification or insurance program or workers' compensation (herein, Third Party Payors).

- (b) As a further express condition precedent to County's payment obligation under Paragraph 2.1 of this Agreement, Contractor will bill its Customary Charges (as defined in the Regulations) and submit claims to the Fiscal Intermediary for all Psychiatric Inpatient Hospital Services hereunder rendered in accordance with the applicable billing requirements contained in Section 5778 of the California Welfare and Institutions Code and the Regulations, using the number assigned by the Medi-Cal program to Contractor and using the Allowable Psychiatric Accommodation Codes set forth in the Regulations.
- (c) A Day of Service will be billed for each Beneficiary who meets admission and/or continued stay criteria, documentation requirements, treatment and discharge planning requirements and occupies a psychiatric inpatient hospital bed at 12:00 midnight in the Facility and for which the appropriate authorization has been granted, excluding the day of discharge.
- (d) Contractor will bill any Third-Party Payor financially responsible for a Beneficiary's health care services. County accepts no financial responsibility for services provided to Beneficiaries where there is a responsible Third-Party Payor, and to the extent that County inadvertently makes payment to Contractor for such services rendered, County will be entitled to recoup such reimbursement.
- (e) In regard to Medi-Cal patients for whom Third Party Payors have financial responsibility, the County will approve reimbursement to Contractor at its per diem rates as set forth in Paragraph 2.1 of this Agreement less the net of liability of Third Party Payors and patient share of costs. County will not be responsible to provide or arrange and, pay for acute inpatient mental health services provided to a beneficiary eligible for Medicare, prior to the exhaustion of beneficiary's Medicare mental health benefits.

It is understood that any payments received from County or third-party insurers for services rendered under this Agreement shall be considered as payment in full and Contractor cannot look to the client for reimbursement for the units of service provided under this Agreement, except as provided for under Medi-Cal Share of Cost regulations.

- (f) Non-Payment to Entity/Provider Pursuant to Title 9, CCR, Section 1810.365, or Title 42, Code of Federal Regulations, Part 455, Contractor or an affiliate, vendor, contractor, or sub-subcontractor of the Contractor will not submit a claim to demand or otherwise collect reimbursement from the Beneficiary or persons acting on behalf of the Beneficiary for any specialty mental health or related administrative services provided under this Agreement except to collect other health insurance coverage,

share of cost and co-payments. The Contractor or an affiliate, vendor, contractor, or sub-subcontractor of the Contractor will not hold Beneficiaries liable for debts in the event that the Contractor becomes insolvent, for costs of covered services for which the State and/or County does not pay the Contractor or an affiliate, vendor, contractor, or sub-subcontractor, for costs of covered services provided under a contract, referral or other arrangement rather than from the Contractor, or for payment of subsequent screening and treatment needed to diagnose the specific condition of or stabilize a Beneficiary with an emergency psychiatric condition.

2.4 County May Withhold Payment

Contractor shall provide all pertinent documentation required for federal Medi-Cal reimbursement (including initial and quarterly notices, assessment and service plans, and progress notes). The County may withhold payment for any and all services for which the required documentation is not provided, or if the documentation provided does not meet professional standards as determined by the Quality Improvement Manager of the San Mateo County Behavioral Health and Recovery Services Division of San Mateo County Health.

2.5 Recovery of Overpayment to Contractor, Liability for Interest

- (a) When an audit or review performed by County, by the California Department of Mental Health ("Department"), the California Department of Health Care Services ("DHCS"), the California Controller's Office, the California Department of Managed Health Care (DMHC), the Centers for Medicare & Medicaid (CMS), or any other authorized agency discloses that Contractor has been overpaid under this Agreement, or that the total payments exceed the total liability under this Agreement, Contractor covenants that any such overpayment or excess payments over liability may be recouped by the County withholding the amount due from future payments hereunder, by seeking recovery by payment from Contractor, or a combination of these two methods.
- (b) Overpayments determined as a result of audits of periods prior to the effective date of this Agreement may be recouped by the County withholding the amount due from what would otherwise be the County's liability under this Agreement, by seeking recovery by payment from Contractor, or a combination of those two methods.
- (c) When recoupment or recovery of Medi-Cal is sought under Paragraph 2.5(a), Contractor may appeal according to applicable procedural requirements of the Regulations and the regulations promulgated under Section 14680, et of California Welfare and Institutions Code.

- (d) Contractor will be liable to County for the amount of any federal audit exceptions or disallowances or any sanctions or withholding of funds of the Department or by DHCS as provided in Sections 5778 Subdivision (h), and 5779 Subdivision (e), of the Welfare and Institutions Code and the Regulations, to the extent that such exceptions, disallowances, sanctions or withholding of funds relate to services rendered under this Agreement.

2.6 Customary Charges Limitation

Notwithstanding any other provision in this Agreement, County's total liability to Contractor will not exceed Contractor's total Customary Charges for Psychiatric Inpatient Hospital Services for each year in which this Agreement is in effect. County may recoup any excess of total payments above such total customary charges for Psychiatric Inpatient Hospital Services under Paragraph 2.5. As used in this Paragraph, Customary Charges will have the meaning ascribed to that term in the Regulations.

2.7 Treatment Authorization and Claims Submission

As an express condition precedent to County's payment obligations hereunder, Contractor will obtain approval of a TAR for each Day of Service rendered to a Beneficiary. The treatment authorization process will take place either prior to admission or after discharge, as set forth below:

- (a) Preauthorization for Planned Admission. Contractor will obtain preauthorization up to seven (7) days in advance for admission of a Beneficiary for Acute Psychiatric Inpatient Hospital Services by submitting to County's Point of Authorization a TAR and such related documentation as may be specified by County in accordance with the applicable Regulations. When deemed necessary by County, County review of a TAR may include a psychiatric evaluation examination of the Beneficiary conducted at the time and place specified by County. If required, County will notify the attending physician and Beneficiary of the examination. If the medical necessity criteria set forth in the Regulations are met, County will approve the TAR and give preauthorization for payment for a specified number of Days of Service, not to exceed one (1) calendar month. County will notify Contractor of its approval or disapproval of a TAR in writing within fourteen (14) calendar days of County's actual receipt of such TAR. Approval is effective, if granted, up to seven (7) calendar days in advance of the provision of services. All adverse decisions of County will be reviewed and approved by a County authorized physician. Contractor may appeal an adverse decision through the provider appeal process set forth in the Regulations. If the TAR is denied prior to hospitalization, County will notify the Beneficiary within ten (10) calendar days.

- (b) Authorization for Payment for Emergency Admission. Payment authorization for emergency admissions will be exempt from preauthorization set forth in Paragraph 2.7(a) above, but will be subject to the provisions set forth in this Paragraph 2.7(c). Contractor will notify the County's Point of Notification and Point of Authorization within twenty-four (24) hours or the next business day of the time of the admission of the Beneficiary to the Facility. A TAR for emergency admission and such related documentation as may be specified by the County will be submitted by the Contractor to the Point of Authorization after discharge of the Beneficiary, but no later than fourteen (14) calendar days following discharge. County will authorize payment for the emergency services received pursuant to the emergency admission if the clinical record documents that:
- (c) Authorization for Emergency Admission. Contractor will notify the County's Adult Resource Management Team (650-372-8573) within twenty-four (24) hours or the next business day of the time of the admission of the Beneficiary to the Facility. A TAR for emergency admission and such related documentation as may be specified by the County will be submitted by the Contractor to the County's Facility Utilization Management Office after discharge of the Beneficiary, but no later than fourteen (14) calendar days following discharge. - (2) The criteria for an emergency psychiatric condition set forth in the Regulations were met at the time of admission.
- (3) The County was notified within twenty-four (24) hours or the next business day from the presentation for emergency services. If notice exceeds ten (10) calendar days, County may deny payment to Contractor.

- (d) Admission of County beneficiaries that were not referred through SMMC PES or diverted County Beneficiaries must be reported to the County's Point of Notification at the time of admission or diversion.
- (e) Transitional Services

Transitional Services means services lasting less than twenty-four (24) hours to a client for a condition, which require more timely response than a regularly scheduled visit. Service activities may include, but are not limited to, assessment, medication support, and treatment.

County is responsible for authorization of payment for transitional services provided within Contractor's emergency room solely under the conditions described in this Agreement and the Transitional Services Protocol, described in this section. Payment for transitional services will not include ancillary services. Contractor shall communicate with San Mateo County Medical Center (SMMC) Psychiatric Emergency Services (PES) and submit notifications and other documentation as described.

Transitional Services Protocol

- (1) All services claimed shall be provided in Contractor's Emergency Room.
- (2) For Beneficiaries admitted into a psychiatric bed at Mills-Peninsula Hospital, no transitional services may be claimed
- (3) For Beneficiaries assessed at Contractor's Emergency Room and discharged for whatever reason without admission into an inpatient bed, no transitional services may be claimed.
- (4) Medical Necessity for Inpatient Hospitalization shall be assessed by Contractor's staff. When a client meets medical necessity criteria but is capable of transport (not an emergency admission):

 - (5) Contractor's Emergency Services documents time of agreement to transport by PES on notification form.
 - (6) Contractor's Emergency Services notes time of ambulance arrival on notification form and documents it in the medical chart.
 - (7) In the situation where PES wishes to assess a client but requests a delayed transport, the same notification form verification process will occur.
 - (8) For clients to be transferred, claims will be paid for the elapsed time, from Contractor's call to PES, which results in an ambulance dispatch, to time of ambulance arrival at Contractor's Emergency Services, rounded to the nearest hour, except that claim for less than one (1) hour may round up to one (1) hour.
 - (9) Any claim for transitional services must be accompanied by a notification form indicating elapsed time
 - (10) In the case of disagreements with allowed claims, Mental Health Plan (MHP) Quality Improvement staff will review notification form and chart notes in an effort to reconcile the discrepancy. Contractor may appeal the findings of this review to the BHRS Director. Since these services are not claimed to Medi-Cal, no state appeal process may be applied.
- (f) Authorization for Payment for Continued Stay Services. To the extent permitted by federal and state law, TAR for Continued Stay services will be submitted only after discharge of the Beneficiary, but no later than fourteen (14) calendar days after discharge of the Beneficiary from the Facility; except that, notwithstanding the foregoing, Contractor will submit a TAR within fourteen (14) days of the completion of ninety-nine (99) calendar days of continuous services to a Beneficiary. Payment authorization will be obtained through submission of a TAR and such related documentation as may be specified by the County to County's Facility Utilization Management Office (650-573-2996). If the medical necessity criteria set forth in the Regulations are met, the TAR will be approved. County will notify Contractor of its decision no later than fourteen (14) calendar days after the County's actual receipt of the TAR. County will provide a copy of the authorized or denied TAR to Contractor. All adverse decisions will be reviewed and approved by a County authorized physician. Contractor may appeal an adverse decision through the appeal process set forth in the Regulations.

- (g) For Medi-Cal Beneficiary within the age range of 21-64 (IMD Exclusion), the UB04 Form, instead of TAR, will be submitted. The medical necessity criteria, timeline, and submission procedure are the same as described in Paragraph 2.7(b).
- (h) Timeliness. A TAR may be denied by County if it is not submitted in accordance with the timing requirements contained in this Paragraph 2.7, unless Contractor was prevented from submitting a timely TAR due to the circumstances specified in the Regulations.
- (i) Claims Submission. Claims for payment for services rendered pursuant to this Agreement will be submitted by the Contractor to the Fiscal Intermediary in accordance with the requirements set forth in Sections 51008 and 51008.5 of Title 22 of the California Code of Regulations. If the TAR is approved by County as provided in this Paragraph, County will submit a copy of such approval to the Fiscal Intermediary. The Fiscal Intermediary will make the payments required hereunder to Contractor on behalf of County.

2.8 Adverse Decisions

All adverse decisions of County will be reviewed and approved by a County authorized physician. Contractor may appeal an adverse decision through the provider appeal process set forth in the Regulations.

2.9 Professional Fee Claims

- (a) Unless given prior written approval by County, any attempt by Contractor to make an assignment of the right to receive the contingent payment obligations of County under this Agreement will discharge County from what may otherwise have been a matured obligation of performance.

Such an application will identify the proposed assignee and include a detailed explanation of the reason and basis for the proposed assignment. APPENDIX C

CRITERIA, POLICY & PROCEDURE

CRITERIA:

All adolescents being considered for Acute Psychiatric Inpatient Hospital Services must:

- Be at risk of being held beyond 23 hours at PES (San Mateo County PES—Psychiatric Emergency Services) because the youth is being refused for admission for other reasons at all appropriate acute psychiatric hospitals within the region.
- Meet Medical Necessity criteria for Acute Hospital Care.

POLICY AND PROCEDURE:

The Contractor hospital social services staff will contact the BHRS Youth Case Management Team (650-573-3504) within the first 24 hours of hospitalization to discuss discharge plans and outpatient linkages.

The County will pay an all-inclusive rate (specified in Paragraph 2.1 (b)) per day for acute psychiatric inpatient hospital services including routine services, and all hospital-based ancillary services rendered for authorized youth clients.

All parties will be mindful that a youth may stay in the hospital only as long as they continue to meet Medical Necessity criteria for continued acute psychiatric hospitalization. If the youth is a Dependent or Delinquent Ward of the Juvenile Court, they must actually be on an Lanterman Petris Short (LPS) hold. If the youth is in their parent's custody, the youth may be signed in by their parent per Roger S. guidelines. But in either case, County requires that the youth not be hospitalized beyond the point at which they meet Medical Necessity criteria for continued acute psychiatric hospitalization.

For all youth who are Medi-Cal covered or who are unsponsored, Contractor will follow Medi-Cal policy and procedure. Contractor will document in the medical record as they do now for Medi-Cal clients. The County's Utilization Review (UR) Department will approve or deny days based on Medical Necessity in their Retroactive Medi-Cal Review. Contractor will be expected to go through the Medi-Cal Appeal Process for Medi-Cal Denied Days as well.
