San Mateo County Child Care Partnership Council

Presentation to the San Mateo County Board of Supervisors
on the *2024-2025 County Subsidy Priorities for State
Preschool Services, and Infant/Toddler and School-Age
Child Care and Development Services*

May 20, 2025

The State sets the process for assigning Priorities

- CA Welfare and Institutions Code mandates that Local Planning Councils identify local priorities for distribution of new state funding for child care/preschool.
- The state sets the process for determining the subsidized child care priorities.
 - No local discretion to revise the priorities.
- The Local Planning Council and the County Board of Supervisors must approve the priorities.
- The priorities reflect the gap between the number of children who are eligible for subsidized child care/preschool and the supply in each zip code.
- Priorities are determined using both a number and a percentage of unserved children with thresholds for the size of the county.
 - For San Mateo County, that is over 200,000 but less than 1,000,000 residents.

The Priority Setting Protocol

The state prescribes the following process for assigning a priority designation to each zip code:

- **Priority 1:** 40% or more of eligible children underserved, and more than 150 children (for infant/toddler and preschool) or more than 200 children (school age) underserved.
- **Priority 2:** 25% or more of eligible children underserved, and more than 75 children (infant/toddler and preschool) or more than 100 children (school age) underserved.
- **Priority 3:**
 - *Option 1:* 25% or more of eligible children underserved, and more than 50 children underserved.
 - *Option 2:* All other zip codes in the county.*
 - *Option 3:* No other zip codes in the county.

*Consistent with prior practice, and to ensure that every zip code is assigned a priority designation, the Council recommends using *Option 2*.

Data used to determine Priorities

- **To determine the *need*:** American Community Survey (2023) data by zip code to estimate the number of children eligible for State Funded Services and Head Start
 - Number of children in families with incomes below 500% of FPL
- **To determine the *supply*:** State data, provider surveys, and other available zip code level data to determine the number and percentage of eligible children served/not served by State Funded Services or Head Start
