Chapter 2.89 PROCUREMENT PREFERENCE FOR LOCAL BUSINESSES

2.89.010 Purpose.

The purpose of this Ordinance is to promote a strong local economy by giving preference to local businesses, and local small and micro businesses, to the extent consistent with the law and interests of the public.

2.89.020 Definitions.

For the purpose of this Chapter, the following words, terms, and phrases have the meanings given to them in this Section.

- (a) "Local Business" means any for-profit business which has its principal place of business, or is headquartered, in San Mateo County.
- (b) "Small Business" means any business which holds a Small Business Certification awarded by the California Office of Small Business and Disabled Veteran Business Enterprise Services (OSDS).
- (c) "Micro Business" means any Small Business certified by the OSDS which is automatically designated by the OSDS as a Micro Business due to gross annual receipts falling below the OSDS-designated dollar amount.
- (d) "Local Non-Profit" means a tax-exempt public charity organization (within the meaning of section 501(c)(3) of the Internal Revenue Code) that is formed for purposes other than making a profit, is exempt from paying federal income taxes on the income generated for their exempt purposes, and has its principal place of business, or is headquartered, in San Mateo County.
- (e) "Small Non-Profit" means a Local Non-Profit with an annual revenue of \$1,000,000 to \$2,500,000 according to its most recently filed IRS Form 990.
- (f) "Micro Non-Profit" means a Local Non-Profit with an annual revenue of less than \$1,000,000, according to its most recently filed IRS Form 990.
- (g) "Formal Solicitation" means a solicitation that is publicly advertised, requires sealed responses (or the electronic equivalent thereof), and is subject to other formal solicitation requirements, as determined by the County Purchasing Agent. Formal solicitations include price-based procurements, such as Invitations for Bids (IFBs), and best-value procurements, such as Requests for Proposals (RFPs).
- (h) "Informal Solicitation" means a solicitation that does not require public notice or sealed responses and is not subject to other formal solicitations requirements, as determined by the County Purchasing Agent.

2.89.030 Local Preference.

- (a) Where price alone is the sole evaluation factor for a solicitation for goods and/or services, an amount equal to five percent (5%) of the bid amount shall be subtracted from a bid submitted by a responsive and responsible Local Business or Local Non-Profit for evaluation purposes. If application of the five percent (5%) bid discount results in a Local Business or Local Non-Profit bid being the lowest responsive responsible bidder or tying with another bidder for the low bid, the contract shall be awarded to the Local Business or Local Non-Profit at the Local Business' or Local Non-Profit's original bid price, assuming agreement on other contract terms.

- (i) An additional three percent (3%) preference shall be given to a Local Business or Local Non-Profit (for a total of eight percent (8%)) if the bidder is a Small Business or Small Non-Profit, or an additional five percent (5%) preference (for a total of ten percent (10%)) if the bidder is a Micro Business or Micro Non-Profit.
- (b) Where price is not the sole evaluation factor for a solicitation (e.g., in the case of a “best-value” solicitation), five percent (5%) of the total evaluation points awardable will be added to the proposal score for each Local Business or Local Non-Profit score for evaluation purposes. In the event of a tie between a Local Business or Local Non-Profit and another bidder, the Local Business or Non-Profit shall be awarded the Contract, assuming agreement on other contract terms.
 - (i) An additional three percent (3%) preference shall be given to a Local Business or Local Non-profit (for a total of eight percent (8%) of total points awardable) if the proposer is a Small Business or Small Non-Profit, or an additional 5 percent preference (for a total of ten percent (10%) of total points awardable) if the proposer is a Micro Business or Micro Non-Profit.
- (c) For solicitations below the competitive threshold requirements, efforts shall be made to solicit proposals and/or bids from Local Small and Micro Businesses where possible.

2.89.040 Certification.

For every solicitation process that is subject to this Chapter, the County shall require submission of the following by Local Businesses or Local Non-Profits seeking to establish eligibility for a preference:

The County shall have the sole discretion to determine whether satisfactory proof of eligibility for a preference has been provided. In addition to any other penalties provided by law, any business that falsely claims a preference pursuant to this Chapter shall be ineligible for consideration for County contracts for a period of not less than one year from the date of discovery of the false certification.

The Board of Supervisors or Purchasing Agent may waive application of this Chapter 2.89, if its application with respect to any solicitation would result in an additional estimated cost to the County that exceeds \$10,000, as compared to the amount for which the relevant goods and/or services would otherwise be procured without the award of any preferences, or if it is determined that the best interests of the County would be served by waiving application of this Chapter. For contracts that require approval by the Board of Supervisors, any such waiver must be approved by the Board of Supervisors. For other contracts, such waiver must be approved by the County Purchasing Agent or designee.
