

**California HIV Prevention Grant Program**

**Awarded By**

**THE CALIFORNIA DEPARTMENT OF PUBLIC HEALTH, hereinafter “Department”**

**TO**

**County of San Mateo, hereinafter “Grantee”**

**Implementing the project, “Enhanced Integration”, hereinafter “Project”**

**AMENDED GRANT AGREEMENT NUMBER 22–10795, A2**

The Department amends this Grant and the Grantee accepts and agrees to use the Grant funds as follows:

**AUTHORITY:** The Department has authority to grant funds for the Project under Health and Safety Code, Section 131085b.

**PURPOSE FOR AMENDMENT:** This amendment adds additional funding, replaces Exhibit A1, HIV Prevention Grant Allocations in its entirety, and extends the term of the grant by (2) months to continue providing services without any disruption; and aligns the grant term with the federal award for Integrated HIV Surveillance and Prevention Programs for Health Departments.

**Amendments** are shown as: Text additions are displayed in **bold and underline**. Text deletions are displayed as strike through text (i.e., ~~Strike~~).

**AMENDED GRANT AMOUNT:** ~~this amendment~~ is to increase the grant by \$82,980.50 and is amended to read: ~~\$199,153.00~~ **\$282,133.50 (Two Hundred Eighty-Two Thousand, One Hundred Thirty-Three Dollars, and Fifty Cents).**

**AMENDED TERM OF GRANT:** The term of this Grant shall be amended to read as January 1, 2023 and terminates on ~~May 31, 2024~~ **July 31, 2024**. No funds may be requested or invoiced for work performed or costs incurred after ~~May 31, 2024~~ **July 31, 2024**.

Letter of Award

January 3, 2024

Marc Meulman, Director  
County of San Mateo  
225 37<sup>th</sup> Avenue  
San Mateo, CA 94403

Dear Marc,

The California Department of Public Health (CDPH), Center for Infectious Diseases, Office of AIDS (OA), HIV Prevention Branch, intends to grant the San Mateo County Public Health Department an additional amount of \$82,980.50 and extend the grant period through July 31, 2024. The additional funding is intended to provide services consistent with the Centers for Disease Control and Prevention (CDC) funding PS18-1802 entitled Integrated HIV Surveillance and Prevention Funding for Health Departments.

The funds must be used for evidence based public health activities to address HIV Prevention within your local health jurisdiction (LHJ). The scope of work for these funds is limited to the activities from the LHJ's approved work plan and based on OA HIV prevention strategies in OA's PS18-1802 guidance: *Enhanced Integration: Guide to HIV Prevention and Surveillance:*

- Strategy 1 – Strengthen disease investigation infrastructure
- Strategy 2 – Expand and provide navigation services
- Strategy 3 – Expand Access to syringe services for people who inject drugs

For the implementation of these strategies, recipients should begin to embed and/or enhance the following priorities and approaches within their funded strategies and activities:

- **Status Neutral Approach:** A status-neutral approach to care means that regardless of HIV status, people have access and support to stay on highly effective public health interventions like PrEP and HIV treatment.
- **Syndemic Approach:** Sexually transmitted infections, viral hepatitis, injection drug use, and HIV are interacting epidemics, or syndemics, that can be addressed using similar strategies.
- **Health Equity:** Health is central to human happiness and well-being and is affected by where people live, learn, work, and play. Health equity is when everyone has the opportunity to be as healthy as possible.
- **Innovative HIV Testing Strategies, including HIV Self-Testing:** The mass distribution of HIV self-test kits is one strategy to increase awareness of HIV and other sexually transmitted infections.

For additional information on these approaches, please see the following resources:

\*CDC PS18-1802 HIV Prevention funds are allocated to 20 local health jurisdictions (LHJ) within the California Project Area. The allocation funding includes the percentage of people living with HIV (PLWH) in the LHJ using the last reported address, excluding persons living in a prison. Percentages of African American, Latinx, and people living below poverty are also integrated in the formula. The weight of the criteria for the formula: 75%: Percentage of PLWH in LHJ, excluding prison cases (2016 surveillance data); 15%: Percentage of African Americans in LHJ (2010 Census Data); 5%: Percentage of Latinx (2010 Census Data); and 5%: Percentage of people living below poverty (2010 Census Data).

\*\*CDC PS18-1802 funding is awarded by CDC on a calendar year basis (January 1 - December 31). Grant awards from CDPH to LHJs are based on the state fiscal year (July 1 - June 30), for FY 22/23 FY 23/24 and FY 24/25 the allocation listed reflects six months **only five months of available funding, with appropriate rounding to eliminate cents as much as possible**. All award amounts are dependent upon final funding amounts from the CDC.
