

Bay Area Bike to Work Day Proclamation

May 7, 2024

Effie Milionis Verducci
Assistant Director, Sustainability Department

A vision for a sustainable county

Climate Action Plans

- Community goal of carbon neutrality by 2040
 - 3% reduction in vehicle miles traveled and 90 miles of additional bike lanes by 2030
- Government Operations goal of carbon neutrality by 2035
 - Reduce emissions related to employee commutes by 95%

Benefits of Bicycling

- Physical and mental health
- Reduced congestion
- Improved air quality
- Community building

County leadership on bicycling

- The Active Transportation plan includes a proposed 215 miles of new and upgraded bikeways. There are 52 miles of existing bikeways.
- 17 jurisdictions in the County have active transportation plans
- 455 miles of existing bike ways, as of 2021
- Approximately 20% of employees participating in the Shift employee commute program use bike-related subsidies

30th Annual Bay Area Bike to Work Day

...

Thank you.
