Exhibit F - HMIS
Revised December 2018
Clarity Human Services System
Usage and Data Sharing Agreement for Core Service Agencies and
Homeless Service Providers

In 2014, Core Service Agencies and homeless service providers migrated to the secure, private and confidential Clarity Human Services system network by Bitfocus (“Clarity”). This migration to Clarity allows for data sharing across providers.

Commitment to Data Entry

The Core Service Agencies and homeless service providers agree to timely enter into Clarity’s secure system accurate data about the clients to whom they provide safety net services and homeless services pursuant to their contracts with the County of San Mateo (“County”). Timely entry of this data is crucial to the Core Service Agencies and homeless service providers’ ability to refer clients to other providers, report accurate performance measures and to capture data on community need.

If any provider experiences difficulty in timely entry of data into Clarity, they will notify HSA of the delay, seek technical assistance if necessary and provide a plan within one week to bring the data entry current as soon as possible.

Confidentiality of Client Data

Core Service Agencies and homeless service providers will establish appropriate administrative, technical, and physical safeguards to protect the confidentiality of the data and to prevent unauthorized use or access to it.

The data in Clarity shall not be disclosed to anyone or any entity except in connection with the administration of the safety net and homeless service programs, as necessary to achieve the provision of homeless and safety net services, or for the analysis of the data to show performance measurements, including that of contract compliance.

The data may be reviewed by San Mateo County personnel on a need to know basis to check performance measurements, community trends, client services, and for the purpose of monitoring contract compliance. Summary results (e.g., non-identifying information such as general statistical data, caseload provide data, funding and expenditure information) is non-confidential may be shared upon request. Data that contains identifying information will be accessible and shared on a need-to-know basis only, and only to the extent permitted by applicable law.

Core Service Agencies and homeless service providers acknowledge that these confidential data are proprietary to the County and agree to comply with all applicable State and Federal confidentiality laws and regulations.

To authorize the parties to this Agreement to share individually identifiable client information, clients who are entered into the system must sign a Client Consent for Clarity System Data Collection and Release of Information form that will be kept with their records in Clarity and/or in their paper file. The release informs the client that partner agencies in San Mateo County will have access on a need-to-know basis to their records in the secure system. If a client refuses to sign a release, services will not be denied and the client will be entered into Clarity as

a private client.
