My name is Felicia Hoffman_____ and I'm a _Residential Counselor II_ at Cordilleras. I've worked for the company for ___10__ years. AFSCME members work hard to provide mental health services for the most vulnerable population of San Mateo County residents. However, the recent decision to restructure the Cordilleras campus is putting my job and livelihood at stake. Telecare, our contracted partner, is refusing to offer a comprehensive benefit package that recognizes our years of unwavering dedication to our at-risk clients. Telecare has multiple contracts with the County and as the Board, you should demand that they treat their employees with the respect that we have earned. Telecare's lack of regard for their employees is a direct reflection on you as a Board member.

I implore you to hold Telecare accountable for their treatment of employees. As a _(voter)_ of San Mateo County, I am facing the prospect of being laid off, with little to show for my dedication. I urge the Board to use its influence to compel Telecare to negotiate a fair contract with AFSCME, one that honors the contributions of employees who have given so much to this County.

Thank you.

I urge the Board to use its influence to compel Telecare to negotiate a fair contract with AFSCME, one that honors the contributions of employees who have given so much to this County.

(I have worked over the years caring for the County clients through Telecare. I would like to be treated with the dignity and respect that I have given to the clients by having fair compensation for the years of service).

Thank you.

As a longtime employee I have enjoyed caring for the clients that come throughout the county. I am reaching out not just for myself but, other staff that fair compensation for the years of service. Any help this board can give will be greatly appreciated.

Thank you.

My name is Felipe Donaire and I am the President of AFSCME Local 829. Members of AFSCME provide critical mental health services to our most vulnerable population in San Mateo County. I am disappointed to hear that the restructuring of Cordilleras with Telecare is putting the jobs of mental health workers at risk. Many workers are facing layoffs and they are refusing to offer a comprehensive package to those that are being laid off. I am hoping the Board will tell Telecare to treat their employees fair and with respect because of their many years of serving mental health clients in San Mateo County.

Please hold Telecare accountable for the way they are treating their employees that are facing layoffs. I am asking the Board to use your power to get Telecare to negotiate a fair contract that recognizes their hard work and service to the mental health population of San Mateo County.

Thank you!
Felipe Donaire
Local 829 President

My name is Khadija Yusuf and I'm a Residential counselor at Cordilleras. I've worked for the company for 25 years. AFSCME members work hard to provide mental health services for the most vulnerable population of San Mateo County residents. However, the recent decision to restructure the Cordilleras campus is putting my job and livelihood at stake. Telecare, our contracted partner, is refusing to offer a comprehensive benefit package that recognizes our years of unwavering dedication to our at-risk clients. Telecare has multiple contracts with the County and as the Board, you should demand that they treat their employees with the respect that we have earned. Telecare's lack of regard for their employees is a direct reflection on you as a Board member. I implore you to hold Telecare accountable for their treatment of employees. As a _(voter/resident)_ of San Mateo County, I am facing the prospect of being laid off, with little to show for my dedication. I urge the Board to use its influence to compel Telecare to negotiate a fair contract with AFSCME, one that honors the contributions of employees who have given so much to this County. Thank you.

Dear Board President Solcum, Vice President Canepa and Supervisors Corzo, Mueller and Pine,

The San Mateo County / Silicon Valley Convention and Visitors Bureau supports your resolution against the proposed renaming of Metropolitan Oakland International Airport to the San Francisco Bay Oakland International Airport. Doing so will create extraordinary confusion for visitors translating into negative economic impact for our industry, which is still recovering from the setbacks of COVID. Our organization, which represents 140+ hotels and 300 restaurants and travel related businesses on The San Francisco Peninsula, in San Mateo County, appreciates the resolution you are giving consideration. It is our hope that your actions will cause the decision makers to re-evaluate their proposal. Thank you for giving this important matter your prompt attention. We remain at your disposal for any further conversation you deem helpful.

Sincerely,

John Hutar
President and CEO
