## 12. Contingency Management/Recovery Incentive Program

Contingency Management (CM) is an evidence-based treatment that provides motivational incentives to treat individuals living with stimulant use disorder and support their path to recovery. It recognizes and reinforces individual positive behavioral change, as evidenced by drug tests that are negative for stimulants. CM is the only treatment that has demonstrated robust outcomes for individuals living with stimulant use disorder, including reduction or cessation of drug use and longer retention in treatment.

Contractor shall implement the Contingency Management / Recovery Incentive Program [BHIN 23-040](#) Guidance for the Recovery Incentives Program: California's Contingency Management Benefit.

Eligible Medi-Cal members will participate in a structured 24-week outpatient CM service, followed by six or more months of additional treatment and recovery support services without incentives. The initial 12 weeks of CM consists of a series of incentives for meeting treatment goals, specifically abstinence from stimulants objectively verified by urine drug tests (UDTs) negative for stimulant drugs (e.g., cocaine, amphetamine, and methamphetamine). The incentives consist of cash-equivalents (e.g., gift cards), consistent with evidence-based clinical research for treating SUD. CM should be offered alongside other therapeutic interventions, such as cognitive behavioral therapy and motivational interviewing that meet the definition of rehabilitative services as defined by 1905(a) of the Social Security Act and CFR 440.130(d).

- a. CM services are only available to Medi-Cal beneficiaries who meet the following conditions:

- i. moderate or severe StimUD as defined by the clinical criteria in the Diagnostic and Statistical Manual (DSM, current edition);
  - ii. clinical determination that outpatient treatment is appropriate per the American Society of Addiction Medicine (ASAM) criteria; and
  - iii. that the CM benefit is medically necessary and appropriate based on the fidelity of treatment to the evidence-based practice. The presence of additional substance use disorders and/or diagnoses does not disqualify an individual from receiving CM services.
- c. The Recovery Incentives Program shall consist of two phases:
- i. Phase 1: CM treatment.  
Phase 1 of CM treatment shall consist of a 24-week outpatient program, during which incentives shall be available for meeting the target behavior of stimulant-non-use. Weeks 1–12 of CM treatment shall serve as the escalation/reset/recovery period, and weeks 13–24 shall serve as the stabilizing period.
  - ii. Phase 2: CM continuing care  
Phase 2 begins when a beneficiary completes the initial 24-weeks of CM treatment. The participating beneficiary shall receive CM continuing care of six months or more, with treatment services to support

ongoing recovery (e.g., counseling and peer support services). During the period of CM continuing care, participating beneficiaries may receive treatment and recovery-oriented support from DMC-ODS providers, as well as covered DMC-ODS services, including but not limited to Recovery Services.

Specific guidance for providers regarding HIPAA and telehealth is available from the external resources listed on DHCS' Telehealth Resources page.

- b. Providers that offer telehealth services to Medi-Cal members must meet all applicable Medi-Cal licensure and program enrollment requirements.   - ii. Use of telehealth is voluntary and consent for the use of telehealth can be withdrawn at any time without affecting the beneficiary's ability to access MediCal covered services in the future.

- iii. Providers must document the member's verbal or written consent to receive covered services via telehealth prior to the initial delivery of the services. The members' consent must be documented in their medical record and made available to BHRS or DHCS upon request.
- iv. A provider may utilize a general consent agreement to meet this documentation requirement if that general consent agreement:
  - 1. specifically mentions the use of telehealth delivery of covered services;
  - 2. includes the information described above;
  - 3. is completed prior to initial delivery of services; and
  - 4. is included in the member's record.
- e. DMC-ODS providers shall comply with all applicable federal and state laws, regulations, bulletins/information notices, and guidance when establishing a new patient relationship via telehealth.
- f. The initial clinical assessment and establishment of a new patient relationship, including any determination of diagnosis, medical necessity, and/or level of care may be delivered through synchronous video interaction. The professional establishing a new client relationship shall evaluate each member's assessment and intake information using the American Society of Addiction Medicine Criteria. If completed by a counselor through a face-to-face review or telehealth with the counselor to establish a member meets the medical necessity criteria.

- d. Except as provided in Paragraph V.A. of Exhibit A relative to medical records, Contractor agrees to keep for a minimum period of three years from the date of service a printed representation of all records which are necessary to disclose fully the extent of services furnished to the client. Contractor agrees to furnish these records and any information regarding payments claimed for providing the services, on request, within the State of California, to the California Department of Health Services; the Medi-Cal Fraud Unit; California Department of Mental Health; California Department of Justice; Office of the State Controller; U.S. Department of Health and Human Services, Managed Risk Medical Insurance Board or their duly authorized representatives, and/or the County.

18. Audit Requirements

All expenditures of County realignment funds, state and federal funds furnished to the Contractor are subject to audit by the State. Such audits shall consider and build upon external independent audits performed pursuant to audit requirements of the Office of Management and Budget (OMB) 2 CFR 200 and/or any independent Contractor audits or reviews.

In addition to requirements below, Contractor shall be in compliance with federal Single Audit requirements as a designated sub-recipient of federal funding. Contractor agrees to amend this agreement during the contract term to add federal Uniform Guidance compliance requirements.

- a. Objectives of audits may include, but not limited to, the following:
  - i. To determine whether units of service claimed/reported are properly documented by service records and accurately accumulated for claiming/reporting;
  - ii. To validate data reported by the Contractor for prospective Intergovernmental Agreement negotiations;
  - iii. To provide technical assistance in addressing current year activities and providing recommendation on internal controls, accounting procedures, financial

records, and compliance with laws and regulations;

- iv. To determine the cost of services, net of related patient and participant fees, third- party payments, and other related revenues and funds;
  - v. To determine that expenditures are made in accordance with applicable state and federal laws and regulations and State Agreement with the State requirements, and/or;
  - vi. To determine the facts in relation to analysis of data, complaints, or allegations, which may be indicative of fraud, abuse, willful misrepresentation.
- b. Unannounced visits may be made at the discretion of the State and/or County.
  - c. The refusal of the Contractor to permit access to and inspection of electronic or print books and records, physical facilities, and/or refusal to permit interviews with employees, as described in this part constitutes an express and immediate material breach of this Agreement and will be sufficient basis to terminate the Agreement for cause or default.
  - d. County shall monitor the activities of Contractor to ensure that:
    - i. Contractor is complying with program requirements and achieving performance goals; and
    - ii. Contractor is complying with fiscal requirements, such as having appropriate fiscal controls in place, and using awards for authorized purposes.
  - e. Contractor shall be responsible for any disallowance taken by the Federal Government, the State, or the California State Auditor, as a result of any audit exception that is related to the Contractor's responsibilities herein.
  - f. Pursuant to OMB Circular A-133, State may impose sanctions against the Contractor for not submitting single or program-specific audit reports, or failure to comply with all other audit requirements. Should such sanctions be due to noncompliance by the Contractor, such sanctions will be passed on to the Contractor by the County. The sanctions

may include:

- i. Withholding a percentage of federal awards until the audit is completed satisfactorily;
- ii. Withhold or disallowing overhead costs;
- iii. Suspending federal awards until the audit is conducted;  
or
- iv. Terminating the federal award.

19. Drug Medi-Cal Financial Audit Requirements

In addition to the audit requirements, the State may also conduct financial audits of DMC programs, exclusive of NTP services, to accomplish any of, but not limited to, the following audit objectives:

- a. To review reported costs for validity, appropriate allocation methodology, and compliance with Medicaid laws and regulations;
- b. To ensure that only the cost of allowable DMC activities are included in reported costs;
- c. To determine the provider's usual and customary charge to the general public in accordance with CMS (The Medicare Provider Reimbursement Manual) (CMS- Pub.15), which can be obtained from the Centers for Medicare & Medicaid Services, Baltimore, Maryland, or [www.cms.hhs.gov](http://www.cms.hhs.gov) for comparison to the DMC cost per unit;
- d. To review documentation of units of service and determine the final number of approved units of service;
- e. To determine the amount of clients' third-party revenue and MediCal share of cost to offset allowable DMC reimbursement; and
- f. To compute final settlement based on the lower of actual allowable cost, the usual and customary charge, or the maximum allowance, in accordance with Title 22, Section 51516.1.

20. Contractor shall be responsible for any disallowances taken by the

Federal Government, the State, or the Bureau of State Audits as a result of any audit exception that is related to its responsibilities. Contractor shall not use funds administered by the State to repay one federal funding source with funds provided by another federal funding source, or to repay federal funds with state funds, or to repay state funds with federal funds.

Contractor agrees to promptly develop and implement any corrective action plans in a manner acceptable to the State in order to comply with recommendations contained in any audit report. Such corrective action plans shall include time-specific objectives to allow for measurement of progress and are subject to verification by the State within six (6) months from the date of the plan.

21. DMC Record Keeping

Contractor shall maintain sufficient books, records, documents, and other evidence necessary for the State to audit Intergovernmental Agreement performance and Intergovernmental Agreement compliance. Contractor shall make these records available to the State, upon request, to evaluate the quality and quantity of services, accessibility and appropriateness of services, and to ensure fiscal accountability. Regardless of the location or ownership of such records, they shall be sufficient to determine if costs incurred by Contractor are reasonable, allowable and allocated appropriately. All records must be capable of verification by qualified auditors.

- a. Contractor shall include in any Agreement with an audit firm a clause to permit access by the State to the working papers of the external independent auditor, and require that copies of the working papers shall be made for the State at its request.
- b. Contractor shall keep adequate and sufficient financial records and statistical data to support the year-end documents filed with the State. All records must be capable of verification by qualified auditors.
- c. Accounting records and supporting documents shall be retained for a ten (10) year period from the date the year-end cost settlement report was approved by the State for interim settlement. When an audit by the Federal Government, the State, or the California State Auditor has been started before the expiration of the ten (10) year period, the records shall be retained until completion of the audit and final resolution of all issues that arise in the audit.

- d. Financial records shall be kept so that they clearly reflect the source of funding for each type of service for which reimbursement is claimed. These documents include, but are not limited to, all ledgers, books, vouchers, time sheets, payrolls, appointment schedules, client data cards, and schedules for allocating costs. All records must be capable of verification by qualified auditors.
- e. Should Contractor discontinue its contractual agreement with the County, or cease to conduct business in its entirety, Contractor shall provide fiscal and program records for the Agreement period to the County. Records shall be provided in compliance with the State Administrative Manual (SAM), located at <http://sam.dgs.ca.gov/TOC/1600.aspx>.

The Contractor shall retain all records required by Welfare and Institutions Code section 14124.1, 42 CFR 433.32, and California Code of Regulations, Title 22, Section 51341.1 et seq. for reimbursement of services and financial audit purposes.

- f. In the expenditure of funds hereunder, and as required by 45 CFR Part 96, Contractor shall comply with the requirements of SAM and the laws and procedures applicable to the obligation and expenditure of federal and state funds.
- g. Contractor shall retain records of utilization review activities required for a minimum of ten (10) years.

In addition, Contractor shall, upon request, make available to the County and/or the State their fiscal and other records to assure that Contractor has adequate recordkeeping capability and to assure that reimbursement for covered DMC services is made in accordance with Title 22, CCR, Section 51516.1. These records include, but are not limited to, matters pertaining to:

- Provider ownership, organization, and operation;
- Fiscal, medical, and other recordkeeping systems;
- Federal income tax status;
- Asset acquisition, lease, sale, or other action;
- Franchise or management arrangements;
- Patient service charge schedules;

- Costs of operation;
- Cost allocation methodology;
- Amounts of income received by source and purpose; and
- Flow of funds and working capital.

## 22. Dispute Resolution Process

- a. When a financial audit is conducted by the Federal Government, the State, or the California State Auditor directly with Contractor, and if the Contractor disagrees with audit disallowances related to its programs, claims or services, County shall, at the Contractor's request, request an appeal to the State. Contractor must file such an appeal of State audit findings with the County. The appeal must be in writing and sent to the County AOD Administrator within thirty (30) days of receipt of the audit findings.
- b. When a financial audit is conducted by the County with Contractor, and if the Contractor disagrees with audit disallowances related to its programs, claims or services, the Contractor may file a written appeal by email or facsimile with the Director of Behavioral Health and Recovery Services. The appeal must be sent within thirty (30) days of receipt of the audit findings from the County.

The County will respond to an appeal within ten (10) business days of receiving it, and the County may, at its election, set up a meeting with the Contractor to discuss the concerns raised by the appeal. The decision of the County will be final. The appeal letter must be sent as follows:
