HEALTH BENEFIT INCREASES SUMMARY

FY 2025-26 and FY 2026-27 Health Benefit Increases

D - 1

This summary table displays the health benefit rate adjustments by Budget Unit for FY 2025-26 and FY 2026-27. Due to development procedures for September Revisions, health benefit rate adjustments are not specifically detailed in the Budget Unit sections of this publication. However, the total amounts displayed in this summary table remain a part of total funding adjustments for FY 2025-26 and FY 2026-27. The FY 2025-26 values below represent health benefit rates for half of the fiscal year as rate changes take place in January 2026.

6. CalFresh Healthy Living Program Grant Reduction: This action reduces funding due to the passage of H.R.1, the federal spending and tax bill known as the “One Big Beautiful Bill”, signed into law on July 4, 2025. As a result, CalFresh Healthy Living (CFHL) funding is expected to sunset on September 30, 2025. This reduction affects 3.3 filled positions and multiple community programs that promote healthy nutrition and physical activity. The adjustment reflects the elimination of federal revenue, offset by a reduction in contract costs to provide a longer transition period for impacted employees and services. All affected positions will be reviewed as part of the FY 2026-27 Recommended Budget process.

5. Measure K - 795 Skyway Building: This action appropriates Measure K funds for the replacement of the 795 Skyway Building at San Carlos Airport, which has far exceeded its useful life and presents ongoing safety and code compliance issues. County Airports Fund Reserves will provide \$3.5 million in matching funds toward the project. The new, all-electric 12,592-square-foot building will include five office suites, Americans with Disabilities Act (ADA)-compliant restrooms, and 1,820 square feet of meeting space, which will be available for use by County departments, airport businesses, and the local community. Demand for aviation office space, and meeting space, at San Carlos Airport remains high and this investment directly supports continued economic activity, flight training, science, technology, engineering, and math (STEM) education programs, and public engagement.

4. Assessor Property Assessment System: This action allocates funding for FY 2025-26 and FY 2026-27 for expenditures related to the Assessor Property Assessment System (APAS) to stabilize the APAS system and maintain production operations. Department staff have developed enhancements to streamline operations, improve staff efficiency, and increase overall productivity. In addition, the allocated funds will also be used to maintain active Salesforce license subscriptions, which are essential for the daily operations of the Appraisal Services staff. These licenses provide secure access to assessor data, work item management, and reporting capabilities that support efficient and accurate appraisal processing.

FY 2025-26 and FY 2026-27 Funding Adjustments

The following is a summary of significant changes from the FY 2025-26 Approved Recommended Budget and the FY 2026-27 Preliminary Recommended Budget for this Budget Unit. Changes are due to adjustments in Fund Balance, Reserves, rollover of appropriations, and other budget changes, including health benefits, found in Attachment D, for Budget Units with positions. More details are found in the tables and descriptions below.

2. Position Adjustment - Legal Office Specialist: This action deletes one IT Manager position and adds a Legal Office Specialist in the Tax Collector's Office to better align with current operational needs. IT responsibilities have been transitioned to central IT support, reducing the need for a dedicated manager. Meanwhile, legal and administrative workload, particularly related to tax-defaulted properties and legal filings, has increased significantly. The new role will provide critical support in these areas, improving efficiency and ensuring compliance without increasing overall staffing levels.

2. Position Adjustment - Cash Management Specialist: This action deletes two Fiscal Office Specialist positions and adds two Cash Management Specialists to better meet the operational needs of the Treasurer's Office. As the office expands support to satellite offices, there is a growing need for staff with specialized skills in cash handling, treasury deposits, tax payment processing, and daily cash flow oversight. This position requires a deeper understanding of banking systems and treasury operations, and the conversion of these positions ensures alignment with the duties performed while strengthening service delivery across all locations.

CAPITAL PROJECTS SUMMARY

In the spring of 2018, the County Manager's Office released its first Five-Year Capital Improvement Plan (CIP), encompassing projects managed or supported by the following departments: Project Development Unit (PDU) located in the County Executive's Office, Department of Public Works (DPW), Parks Department, and Information Services Department (ISD). The 2018 CIP was the result of several separate facilities master plans, coordination by numerous departments, and Board study sessions leading to Board recommendation for a single capital plan. The CIP has been updated four times, most recently in 2025 for FY 2025-30 and will be available the week of September 22, 2025, at <https://www.smcgov.org/ceo/cip>.

Due to a variety of factors including current economic conditions, cost effectiveness, and to reduce the environmental impact of County operations, the updated Five-Year Year Capital Improvement Plan for FY 2025-30 includes a change from a ground-up construction focused model to one that incorporates new approaches to capital projects. The most significant change is the implementation of a purchase and refurbish model. This model seeks to take advantage of the availability of commercial real estate in the County and repurpose these facilities for County use. As seen in the Five-Year Year Capital Improvement Plan for FY 2025-30, the result is an increase in renovation and refurbishing projects with a correlated reduction in the number of ground-up construction projects.

The revised FY 2025-26 Recommended Budget to be adopted includes changes of \$83.3 million from the FY 2025-26 Recommended Budget. Budget changes includes rollover of unspent funds from FY 2024-25 and project budget adjustments. The revised FY 2025-26 Recommended Budget total for capital projects is \$557 million, a 17.6 percent increase from the May Recommended Budget. The table below shows the total capital budget for FY 2025-26 by funding source. The values indicated in the table below represent the amounts budgeted in the revised Recommended Budget, except for the Bond-funded portion of projects. Bond funds are budgeted and spent outside of the County's budget and accounting systems.

More information about all capital projects for FY 2025-30 can be found in the Five-Year Capital Improvement Plan update.
