Our role has expanded

From **electricity provider** focused on **greening** the grid while maintaining lower rates....

...to **long-term partnerships** that help customers make energy investment decisions for their homes and businesses.

What's Ahead

- \$765k member agency grant applied to
 - Residential electrification
 - Fleet EVs + EV charging at Pescadero Fire Station
- Pursuit of microgrid funding in Pescadero
- Continued rate savings, currently at ~10%
- New residential solar+ storage roll out

Partnering with:

- *Climate Resilient Communities*
- *El Concilio of San Mateo County*
- *Nuestra Casa* on bilingual community engagement in North Fair Oaks
- *Arriba South Coast* to raise awareness in unincorporated South Coast through community festivals, youth internship programs, and local radio

And coming soon!

The spirit of the **West** meets the power & promise of **Light**

PCE becomes WestLight Energy

Power with Purpose

PCE to WestLight
