\* \* \*

Whereas, pursuant to Section 31000 of the California Government Code, County may contract with independent contractors for the furnishing of such services to or for County or any Department thereof; and

Whereas, it is necessary and desirable that Contractor be retained for the purpose of providing homeless shelter services, including specific program components of housing-focused case management and service linkage; a safe, decent environment for residents to stay until they find permanent housing; and inclement weather beds during the San Mateo County Inclement Weather Program activations.

**Now, therefore, it is agreed by the parties to this Agreement as follows:**

**1. Exhibits and Attachments**

The following exhibits and attachments are attached to this Agreement and incorporated into this Agreement by this reference:

Exhibit A—Services

Exhibit B—Payments and Rates

Exhibit C—Performance and Reporting

Attachment I— § 504 Compliance

**2. Services to be performed by Contractor**

In consideration of the payments set forth in this Agreement and in Exhibit B, Contractor shall perform services for County in accordance with the terms, conditions, and specifications set forth in this Agreement and in Exhibits A and C.

**3. Payments**

In consideration of the services provided by Contractor in accordance with all terms, conditions, and specifications set forth in this Agreement and in Exhibits A and C, County shall make payment to Contractor based on the rates and in the manner specified in Exhibit B. County reserves the right to withhold payment if County determines that the quantity or quality of the work performed is unacceptable. In no event shall County's total fiscal obligation under this Agreement exceed **ONE MILLION, TWO HUNDRED AND FORTY-EIGHT THOUSAND, FIVE HUNDRED AND TWENTY-EIGHT DOLLARS (\$1,248,528)**. In the event that the County makes any advance payments, Contractor agrees to refund any amounts in excess of the amount owed by the County at the time of contract termination or expiration. Contractor is not entitled to payment for work not performed as required by this agreement.

**4. Term**

Subject to compliance with all terms and conditions, the term of this Agreement shall be from February 28, 2025 through June 30, 2027.

## **5. Termination**

This Agreement may be terminated by Contractor or by the Director or his/her designee at any time without a requirement of good cause upon thirty (30) days' advance written notice to the other party. Subject to availability of funding, Contractor shall be entitled to receive payment for work/services provided prior to termination of the Agreement. Such payment shall be that prorated portion of the full payment determined by comparing the work/services actually completed to the work/services required by the Agreement.

County may terminate this Agreement or a portion of the services referenced in the Attachments and Exhibits based upon the unavailability of Federal, State, or County funds by providing written notice to Contractor as soon as is reasonably possible after County learns of said unavailability of outside funding.

County may terminate this Agreement for cause. In order to terminate for cause, County must first give Contractor notice of the alleged breach. Contractor shall have five business days after receipt of such notice to respond and a total of ten calendar days after receipt of such notice to cure the alleged breach. If Contractor fails to cure the breach within this period, County may immediately terminate this Agreement without further action. The option available in this paragraph is separate from the ability to terminate without cause with appropriate notice described above. In the event that County provides notice of an alleged breach pursuant to this section, County may, in extreme circumstances, immediately suspend performance of services and payment under this Agreement pending the resolution of the process described in this paragraph. County has sole discretion to determine what constitutes an extreme circumstance for purposes of this paragraph, and County shall use reasonable judgment in making that determination.

At the end of this Agreement, or in the event of termination, all finished or unfinished documents, data, studies, maps, photographs, reports, and other written materials (collectively referred to as "contract materials") prepared by Contractor under this Agreement shall become the property of County and shall be promptly delivered to County. Upon termination, Contractor may make and retain a copy of such contract materials if permitted by law.

## **7. Relationship to Parties**

## **9. Assignability and Subcontracting**

Contractor shall not assign this Agreement or any portion of it to a third party or subcontract with a third party to provide services required by Contractor under this Agreement without the prior written consent of County. Any such assignment or subcontract without County's prior written consent shall give County the right to automatically and immediately terminate this Agreement without penalty or advance notice.

## **10. Insurance**

### **10.1. General Requirements**

Contractor shall not commence work or be required to commence work under this Agreement unless and until all insurance required under this Section has been obtained and such insurance has been approved by County's Risk Management, and Contractor shall use diligence to obtain such insurance and to obtain such approval. in accordance with the provisions of the Labor Code, and (b) it will comply with such provisions before commencing the performance of work under this Agreement.

### 10.3. Liability Insurance

Contractor shall take out and maintain during the term of this Agreement such bodily injury liability and property damage liability insurance as shall protect Contractor and all of its employees/officers/agents while performing work covered by this Agreement from any and all claims for damages for bodily injury, including accidental death, as well as any and all claims for property damage which may arise from Contractor's operations under this Agreement, whether such operations be by Contractor, any subcontractor, anyone directly or indirectly employed by either of them, or an agent of either of them. Such insurance shall be combined single limit bodily injury and property damage for each occurrence and shall not be less than the amounts specified below:

(a) Comprehensive General Liability..... \$1,000,000

(b) Motor Vehicle Liability Insurance..... \$1,000,000

County and its officers, agents, employees, and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that (a) the insurance afforded thereby to County and its officers, agents, employees, and servants shall be primary insurance to the full limits of liability of the policy and (b) if the County or its officers, agents, employees, and servants have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this Section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, County, at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work and payment pursuant to this Agreement.

## 11. **Compliance With Laws**

All services to be performed by Contractor pursuant to this Agreement shall be performed in accordance with all applicable Federal, State, County, and municipal laws, ordinances, regulations, and executive orders, including but not limited to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Federal Regulations promulgated thereunder, as amended (if applicable), the Business Associate requirements set forth in Attachment H (if attached), the Americans with Disabilities Act of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in programs and activities receiving any Federal or County financial assistance, as well as any required economic or other sanctions imposed by the United States government or under state law in effect during the term of the Agreement. Such services shall also be performed in accordance with all applicable ordinances and regulations, including but not limited to appropriate licensure, certification regulations, provisions pertaining to confidentiality of records, and applicable quality assurance regulations. Further, Contractor certifies that it and all of its subcontractors will adhere to all applicable provisions of Chapter 4.107 of the San Mateo County Ordinance Code, which regulates the use of disposable food service ware. Accordingly, Contractor shall not use any non-recyclable plastic disposable food service ware when providing prepared food on property owned or leased by the County and instead shall use biodegradable, compostable, reusable, or recyclable plastic food service ware on property owned or leased by the County. ## **Exhibit A - Services**

In consideration of the payments set forth in Exhibit B, Contractor shall provide the following services:

### **I. Purpose**

The purpose of this Agreement between County and Contractor is to provide homeless shelter services, including specific program components of housing-focused case management and service linkage; a safe, decent environment for residents to stay until they find permanent housing; and inclement weather beds during the San Mateo County Inclement Weather Program activations.

Homeless shelters, both emergency shelter and transitional housing programs, are short-term interventions designed to act as a safety net for households who are unsheltered or who are in the midst of a housing crisis and have no alternative housing options. Homeless shelter services provide an entry point into stabilization services and move households towards permanent housing as quickly as possible. Individuals and families who enter a homeless shelter receive immediate short-term case management to address and resolve current crises, as well as case management focused on addressing barriers that prevent households from re-entering housing. Shelter stays are generally short term (1 month) or medium term (2-4 months), but the stays vary by client/household.

### **II. Population to Be Served**

The target population for homeless shelter services are homeless persons who are unsheltered (living outdoors, in vehicles, or other places not meant for human habitation), as well as those who are experiencing a housing crisis and have no alternative housing options after having been assessed and referred from the Coordinated Entry System (CES). This includes persons with disabilities, little to no income, evictions, criminal convictions, alcohol or substance use issues, mental and physical health challenges, and/or other barriers to maintaining housing. Contractor must follow the process established by County and only accept referrals from County's CES.

The specific population to be served under this Agreement are homeless individuals and households as defined by Categories 1, 2, and 4 of the Department of Housing and Urban Development's (HUD) Homeless Definition Final Rule, current and inclusive of any updates during the term of this Agreement. Households will be identified and referred to the homeless shelter programs through San Mateo County's CES.

#### **Category 1:**

"Literally Homeless" includes an individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning:

1. Has a primary nighttime residence that is a public or private place not meant for human habitation;
2. Is living in a publicly or privately-operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels/motels paid for by charitable organizations or by federal, state, and local government programs); or

3. Is exiting an institution where (s)he has resided for 90 days or less and resided in an emergency shelter or place not meant for human habitation immediately before entering that institution.

#### Category 2:

“Imminent Risk of Homelessness” includes an individual or family who will imminently lose their primary nighttime residence, provided that:

1. Residence will be lost within 14 days of the date of application for homeless assistance;
2. No subsequent residence has been identified; and
3. The individual or family lacks the resources or support networks needed to obtain other permanent housing.

Note: CES will work with each household to identify alternate housing situations, rather than the household entering into homelessness. Households in Category 2 will only be eligible for shelter services after receiving CES/Diversion services and CES determining that the household is in need of shelter and there is no appropriate alternative housing resource.

#### Category 4:

“Fleeing/Attempting to flee domestic violence” includes any individual or family who:

1. Is fleeing, or is attempting to flee, domestic violence;
2. Has no other residence; and
3. Lacks the resources or support networks to obtain other permanent housing.

Note: For individuals and families who are within Category 4, the Contractor will work with domestic violence service provider, Community Overcoming Relationship Abuse (CORA), to ensure that the household is being served by the most appropriate shelter resource (a general shelter or a shelter specifically for domestic violence survivors) and also that the household is connected to additional resources and supportive services offered by CORA and other organizations for survivors of domestic violence.

#### San Mateo County Residency

Program participants will be San Mateo County residents at the time of program enrollment. Case management and housing plans may include strategies for out-of-county permanent housing solutions; however, if a household chooses to move out of County, services under this Agreement would cease and Contractor would identify resources in the community to which the client moves so the client could continue to receive services in his/her new location.

#### **Services to Be Provided**

##### **A. Program Philosophy and Design, Contractor will:**

1. Develop, document, maintain, and update program policies and procedures to ensure shelter program adheres to County principles and philosophies
2. Focus on serving the households determined to need shelter at the time of assessment

through CES. This entails serving households who are unsheltered or are at imminent risk of being unsheltered, who cannot otherwise be diverted from shelter entry.

3. Accept clients who are referred via CES.
4. Assess clients for the sole purpose of informing client's housing-focused case plan and determining immediate needs. Service needs or other types of assessments are not to be used to make eligibility and admission decisions.
5. Employ Housing First principles and seek to reduce requirements that act as barriers to shelter services. Contractor will not deny admission based on conditions of sobriety and/or an expressed commitment to becoming sober, participation in supportive services or other programming, proof of employment or citizenship, ability to pay, etc.
6. Provide ongoing, comprehensive staff trainings on safety protocols and procedures, job functions and responsibilities, and emergency response protocol, and Housing First principles.
7. Train all staff in cultural competence and sensitivity.
8. Maintain written documentation of policies and procedures and update the documents as necessary.
9. Operate in compliance with HUD Equal Access to Housing Final Rule, ensuring that all individuals have equal access and accommodations to shelter, regardless of gender, gender identity, sexual orientation, and/or marital status.
10. Record data for all clients served in the San Mateo County Clarity Homeless Management Information System (HMIS).
11. Shelter program(s) will obtain and record information of every client who stays in the shelter. Client information, including universal data elements and program-specific data elements, will be accurate, complete, and current.
12. Train staff on HMIS data collection and entry.
13. Continuously monitor data quality and review data/outcomes and utilize for continuous quality improvement.

**B. Shelter Referrals, Contractor will:**

1. Only accept clients who have been referred by County via CES. The only exception to this is if the shelter has received approval from the County for a modified referral process for a specific number of beds as listed below or as updated by the County in writing.

**C. Contracted Shelter Beds/ Units, Contractor will:**

1. Provide 10 Shelter beds. Contractor may submit to County in writing a request to change any or all bed classifications (between emergency shelter and transitional housing). County must approve prior to any bed classification changes. No beds are contracted out/restricted by funding source, so all 10 beds are not reserved for any funder or specific population and are available for homeless youth (age 16-21) in San Mateo County to be referred by CES.
2. Contractor may temporarily reduce the number of beds on site based on Public Health guidance related to COVID-19. Contractor will inform County in writing of any reduced capacity and the Public Health guidance that caused that reduction.
3. Contractor may also provide some or all of the beds in an alternate location, if approved in writing by County.

**D. Housing Focused Case Management and Service linkages, Contractor will:**

Provide housing-focused case management to all clients to address barriers to housing, resolve

current crises, and help each client develop and implement a plan to move into permanent housing as quickly as possible.

1. Provide effective, housing-focused case management and service linkage to all clients.
2. Provide case managers that will engage with and develop a rapport with each client and offer assistance that is relevant and useful to addressing the needs the client has identified as part of their housing plan. Case managers will provide linkages to appropriate services and supports, as well as continued monitoring and follow-up regarding client progress and ongoing needs.
3. Provide intensive case management to each client at an appropriate ratio of case manager to clients.
4. Employ a person-centered, strengths-based approach that tailors case management to each client. Effective case management is not a one-size-fits-all model; instead, case managers actively work to identify the unique needs and goals of each client.
5. Establish a housing plan with the client as soon as possible after their arrival at the shelter, and then provide ongoing intensive support to assist the client in implementing the housing plan, and modifying the plan as needed.
6. Implement Housing First principles, focusing on addressing each client's housing needs and goals. This means that Contractor shall not deny admission based on sobriety and/or an expressed commitment to becoming sober, participation in supportive services or other programming, proof of employment, etc.
7. Use motivational interviewing techniques and other evidence-based practices to engage clients in their housing plans.
8. Promote a safe, healthy environment for all clients at all times.
9. Maintain a low-barrier program and employ harm-reduction and trauma-informed care to tailor services to each client's needs.
10. Respond to each client's immediate and short-term service needs, completing an initial housing needs assessment, and developing a housing plan with each.
11. Work collaboratively with any other programs/staff that provides services to the client while at the shelter (in compliance with client confidentiality and consents) (e.g., a rapid re-housing program case manager, mental health counselor).
12. If a client is being transitioned from one case manager to another, the program will make efforts to ensure a smooth transition and continuity of care with a client's new case manager.
13. Provide linkages to appropriate services and supports, as well as continued monitoring and follow-up regarding the client's progress and ongoing needs.
14. Offer case management services during regular business hours, as well as during evening and weekend hours, so that clients who have jobs or other daytime commitments will still receive intensive case management services.
15. Offer housing location services to assist clients in identifying and moving into permanent housing. Housing location staff will have knowledge of housing location support and experience related to housing search, landlord recruitment, lease negotiations, and other housing search-related topics. Housing location services identify and assist clients in identifying and locating potential housing options by providing clients with housing leads, training clients on how to find information about housing opportunities, training clients on landlord communication and tips for submitting applications and providing support to clients in talking to landlords and submitting applications. If a client is enrolled in another program concurrently that includes housing location services (such as a rapid re-housing program or a permanent supportive housing program), staff will collaborate with that other program and ensure no duplication of services.

**E. Shelter Operations, Facility Safety, and Disability Accommodations, Contractor will:**

1. Ensure 24/7 on-site staffing to provide oversight of the site, respond to client situations and ensure the safety and wellbeing of all clients.
2. For the 10 beds identified as County/CES units, serve only households referred by the CES and accept all clients referred by CES, unless there is a specific safety concern with that client or the client is ineligible. Contractor may not contract any beds/units on site to another referral source without prior written approval from San Mateo County Human Services Agency.
3. Maintain the ability to receive referrals during weekday business hours from CES and during business hours and nights/weekends for any specialized referral processes established by HSA (such as nighttime one-night bed referrals from a homeless outreach program).

10. Conduct referral intakes during weekday business hours, nights, and weekends.
11. Clients may be encouraged to spend time off site in the community on housing search activities, employment, and other activities, however there are no hours that clients have to leave the shelter.
12. Provide the physical site for the shelter and all supplies, furniture, fixtures, and equipment necessary for shelter services, including bedding, sheets, furniture for clients, furniture for staff offices, etc.
13. Ensure that the physical set up of the site maximizes client wellbeing, including providing as much privacy as possible in sleeping areas, secure storage of personal possessions, and sufficient space to meet the needs of clients (including sufficient space for clients during sleeping and daytime hours).
14. Ensure sufficient space to provide individual and small group meetings on site.
15. Accommodate service animals and emotional support animals of clients.
16. Employ Housing First principles and avoid program entry requirements that act as barriers to shelter services.

  24. Provide ongoing, comprehensive staff trainings on job functions and responsibilities, client-centered services, and emergency response protocol.
