**RESOLVED**, by the Board of Supervisors of the County of San Mateo, State of California, that

**WHEREAS**, high speed police pursuits can be inherently dangerous not only to the public, but also to the police officers who engage in them; and

**WHEREAS**, law enforcement throughout the state, including the San Mateo County Sheriff's Office, have modified their pursuit policies through the years making them more restrictive on what crimes are pursuable; and

**WHEREAS**, the San Mateo County Sheriff's Office has identified the StarChase pursuit management system to assist in crime reduction, increase safety for our community, and to help combat organized retail theft, and reduce financial exposure; and

**WHEREAS**, StarChase allows an officer to launch non-lethal GPS tracking tags via a compressed-air launcher from the front grille of a patrol vehicle, with the intent of affixing an adhesive-tipped tag to the rear portion of suspect vehicles; and

**WHEREAS**, the implementation of the StarChase system will allow the Sheriff's Office to track suspects who engage in retail theft and other related property crimes where vehicle pursuits are not allowed due to current policies and concerns for public safety; and

**WHEREAS**, this Board wishes to enter into an agreement for pursuit management system services, for the term of August 1, 2024 through July 31, 2027 for an amount not to exceed \$369,840; and

**WHEREAS**, this Board has been presented with a form of such agreement and has examined and approved same as to both form and content and desires to enter into it.
