b. Intellectual Property Indemnification

Contractor hereby certifies that it owns, controls, and/or licenses and retains all right, title, and/or interest in and to any intellectual property it uses in relation to this Agreement, including the design, look, feel, features, source code, content, and/or other technology relating to any part of the services it provides under this Agreement and including all related patents, inventions, trademarks, and copyrights, all applications therefor, and all trade names, service marks, know how, and trade secrets (collectively referred to as "IP Rights") except as otherwise noted by this Agreement.

Notwithstanding anything in this Section to the contrary, Contractor will have no obligation or liability to County under this Section to the extent any otherwise covered claim is based upon: (a) any aspects of the services under this Agreement which have been modified by or for County (other than modification performed by, or at the direction of, Contractor) in such a way as to cause the alleged infringement at

issue; and/or (b) any aspects of the services under this Agreement which have been used by County in a manner prohibited by this Agreement.

The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

9. Assignability and Subcontracting

Contractor shall not assign this Agreement or any portion of it to a third party or subcontract with a third party to provide services required by Contractor under this Agreement without the prior written consent of County. Any such assignment or subcontract without County's prior written consent shall give County the right to automatically and immediately terminate this Agreement without penalty or advance notice.

10. Insurance

a. General Requirements

Contractor shall not commence work or be required to commence work under this Agreement unless and until all insurance required under this Section has been obtained and such insurance has been approved by County's Risk Management, and Contractor shall use diligence to obtain such insurance and to obtain such approval. Contractor shall furnish County with certificates of insurance evidencing the required coverage, and there shall be a specific contractual liability endorsement extending Contractor's coverage to include the contractual liability assumed by Contractor pursuant to this Agreement. These certificates shall specify or be endorsed to provide that thirty (30) days' notice must be given, in writing, to County of any pending change in the limits of liability or of any cancellation or modification of the policy.

b. Workers' Compensation and Employer's Liability Insurance

Contractor shall have in effect during the entire term of this Agreement workers' compensation and employer's liability insurance providing full statutory coverage. In signing this Agreement, Contractor certifies, as required by Section 1861 of the California Labor Code, that (a) it is aware of the provisions of Section 3700 of the California Labor Code, which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of the Labor Code, and (b) it will comply with such provisions before commencing the performance of work under this Agreement.

c. Liability Insurance

Contractor shall take out and maintain during the term of this Agreement such bodily injury liability and property damage liability insurance as shall protect Contractor and all of its employees/officers/agents while performing work covered by this Agreement from any and all claims for damages for bodily injury, including accidental death, as well as any and all claims for property damage which may arise from Contractor's operations under this Agreement, whether such operations be by Contractor, any subcontractor, anyone directly or indirectly employed by either of them, or an agent of either of them. Such insurance shall be combined single limit bodily injury and property damage for each occurrence and shall not be less than the amounts specified below:

- (a) Comprehensive General Liability... \$1,000,000
- (b) Professional Liability..... \$1,000,000

County and its officers, agents, employees, and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that (a) the insurance afforded thereby to County and its officers, agents, employees, and servants shall be primary insurance to the full limits of liability of the policy and (b) if the County or its officers, agents, employees, and servants have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this Section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, County, at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work and payment pursuant to this Agreement.

11. Compliance with Laws

All services to be performed by Contractor pursuant to this Agreement shall be performed in accordance with all applicable Federal, State, County, and municipal laws, ordinances, and regulations, including but not limited to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Federal Regulations promulgated thereunder, as amended (if applicable), the Business Associate requirements set forth in Attachment H (if attached), the Americans with Disabilities Act of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in programs and activities receiving any Federal or County financial assistance. Such services shall also be performed in accordance with all applicable ordinances and regulations, including but not limited to appropriate licensure, certification regulations, provisions pertaining to confidentiality of records, and applicable quality assurance regulations. In the event of a conflict between the terms of this Agreement and any applicable State, Federal, County, or municipal law or regulation, the requirements of the applicable law or regulation will take precedence over the requirements set forth in this Agreement.

The parties agree that, pursuant to Section 70713 of Title 22 of the California Code of Regulations ("Title 22"), San Mateo Medical Center (SMMC) retains all professional and administrative responsibility for services rendered under this Agreement to the extent that such services are subject to Title 22 and are rendered by a "qualified professional person" as used in Section 70713, and the parties further agree in that instance that this Agreement is otherwise subject to any applicable requirements of Title 22.

Exhibit A

In consideration of the payments set forth in Exhibit B, the County of San Mateo Healthcare for the Homeless/Farmworker Health Program (HCH/FH) is contracting with Abode Services (Contractor) to provide medical care coordination to individuals experiencing homelessness during the term of September 15, 2021 to December 31, 2023.

Each Reporting Period shall be defined as follows:

- First Reporting Period: September 15, 2021 – December 31, 2021
- Second Reporting Period: January 1, 2022 – December 31, 2022
- Third Reporting Period: January 1, 2023 – December 31, 2023

Contractor shall provide medical care coordination to individuals and their dependents who meet the Health Resources & Services Administration (HRSA) Bureau of Primary Health Care (BPHC) criteria for homelessness. HRSA and BPHC define homelessness as lacking housing, including an individual whose primary residence during the night is a supervised public or private facility that provides temporary living accommodations or an individual who is a resident in transitional or permanent supportive housing. This definition applies to adults, children and youth who are newly housed or exiting homelessness into a stable living environment. For the purposes of this agreement, newly housed is defined as an individual or household that has acquired stable housing within 90 days. At least 90% of the clients who will receive Abode services under this contract should be SMMC clients (i.e., new, established or eligible to become established).

Each individual who receives services paid for under this Agreement shall qualify as a unique, unduplicated individual. An unduplicated individual is an individual who has not been previously served for the same service during the same Reporting Period. The Healthcare for the Homeless/Farmworker Health Program (HCH/FH) will monitor the services provided as Contractor invoices for unduplicated individuals.

Each visit reported under this Agreement must meet the HRSA/BPHC visit criteria to be included in the count. HRSA and BPHC define a visit as a documented, individual, face-to-face or virtual contact between a client and a licensed or credentialed provider who exercises independent, professional judgement in providing services.

Countable telehealth visits are those conducted through interactive, synchronous audio and/or video telecommunication systems that permit real-time communication between a patient and a licensed or credentialed provider who exercises independent, professional judgement in providing services. Text or email communication or third-party interactions on behalf of or with a patient do not qualify as telehealth visits under this Agreement.

Goal 1: To ensure that clients who are transitioning into a stable housing situation, especially those without supportive services, can access or continue to access medical, dental and behavioral health services after exiting homelessness.

Contractor shall provide a range of care coordination services to clients transitioning out of homelessness into stable housing situations so that they can access medical, dental and behavioral health services up to 12 months after moving into housing. Contractor will receive referrals from referring agencies identified by HCH/FH. Referring agencies will contact Contractor when a client is identified that is 1) ready to enter stable housing and 2) who does not have a case manager and could benefit from medical care coordination support. Contractor shall conduct an initial assessment of client healthcare needs once housed. Care coordination services include, but are not limited to, the following:

- Helping clients, in consultation with their medical providers, to develop and adhere to a care management plan;
- Supporting clients in completing referrals (e.g., to OBGYN, BHRS, dental and other specialty services) received by their provider;
- Helping clients establish a medical home (i.e., primary care provider) for those who do not already have one;
- Assisting clients with scheduling and attending healthcare appointments, including delivering appointment reminders and accompanying clients, either in-person or via telehealth, to healthcare appointments;
- Arranging transportation to healthcare appointments;
- Providing non-medical translation;
- Assisting clients with completion and renewal and eligibility benefits. Contractors shall work closely with the Health Coverage Unit to help clients enroll and remain enrolled in health coverage; and
- Providing information on health and community resources to clients.

Goal 2: To reduce or prevent incidence or onset of loneliness, isolation or behavioral health issues during the transition to being housed and up to 12-months after the transition.

For the duration of time that the client receives medical care coordination, Contractor shall assess and refer clients to a peer-to-peer support program for clients that are newly housed to enable clients who have likely been removed from their social support network to establish new social support systems. In addition, Contractor shall provide referrals to Behavioral Health and Recovery Services (BHRS) for clients who need more intensive treatment.

Measurable Outcomes

Outcome 1: Provide care coordination services to a minimum of 15 unique clients in the first reporting period, 75 in the second reporting period and 100 in the third reporting period. In the first 6 months of the agreement, up to 50% of newly housed individuals may be existing Abode clients. Afterwards, 85% of all new clients must be newly referred to Abode.

Outcome 2: All newly housed clients that received care coordination services will attend at least one visit with their primary care provider (PCP) within 12 months after moving into stable housing.

Outcome 3: Sixty percent (60%) of newly housed individuals will have established a medical home, defined as having completed a minimum of two visits with their PCP.

Outcome 4: At least half of newly housed clients that received care coordination services are established with a dentist and/or have at least one visit with the dentist within 12 months after moving into housing.

Outcome 5: All newly housed individuals will maintain connection to existing behavioral support network or will be connected to an appropriate behavioral health support or peer group, as needed.

Outcome 6: No newly housed individuals will lose housing due a health-related issue within 12 months after moving into stable housing.

Progress towards meeting the above outcomes will be monitored for clients who transition into stable housing within 12 months of the contract end date.

RESPONSIBILITIES:
