

March 13, 2019

Catherine Chan
County of San Mateo
555 County Center
Redwood City, CA 94063

Congratulations! We are pleased to extend County of San Mateo an invitation to join PG&E's EV Charge Network program as an EV Charge Sponsor. Upon your completion of the action items below, we will move your project into the Design phase and begin the engineering, design and construction plans for 60 charging ports at 555 County Center, Redwood City.

Included in this Customer Acceptance Packet are the following items:

- Customer Acceptance Agreement
- Preliminary Site Design
- Sample Easement (final version to be developed and signed once the project design is finalized)
- Sample Costs (FYI only; your costs may vary)

Immediate action items:

- Sign and Return Customer Acceptance Agreement

We respectfully request that you return your signed Customer Acceptance Agreement no later than **March 29, 2019**. After we receive your signed agreement, we will introduce you to your Project Manager, who will lead you through the design, construction and activation of chargers at your site.

Thank you for your participation in this exciting program! You're taking an important step to support California's ambitious climate and air quality goals, and we appreciate that you've elected to work with PG&E to install charging stations at your site.

Please contact me if you have any questions.

Sincerely,

Rozzel Gutierrez

**EV Charge Network
Customer Acceptance Agreement**

Property Address: 555 County Center, Redwood City
Company Name ("Site Host"): County of San Mateo

Site host is a(n): Sponsor of the property listed above.

I represent and warrant that I have the right to enter into the Pacific Gas and Electric Company ("PG&E") EV Charge Network Terms and Conditions, and all other related documents, and make the decisions necessary to carry out this program.

I represent and warrant that (1) I have the authority to bind Site Host to the PG&E EV Charge Network Program Terms and Conditions, this Customer Acceptance Agreement Contract, and all other related documents and (2) by signing below I agree to the terms and conditions of those documents and intend to be bound by them on behalf of Site Host.

Minimum Number of Charging Ports: 60
Ownership Option: EV Charge Sponsor
Charger Location: See attached preliminary design

I hereby confirm my participation in PG&E's EV Charge Network program and acknowledge that:

- I agree to the minimum number of charging ports, ownership option, and charger location specified above and in the attached preliminary design;
- Upon execution of this Contract, PG&E will begin incurring design fees and costs as my project moves forward;
- If I withdraw from the program, then PG&E reserves the right to recover all fees and costs incurred by it and its subcontractors after the execution of this Contract including, but not limited to, design cost, site walk costs, etc.;
- PG&E will conduct a site walk;
- If the existing infrastructure or physical site or equipment is substantially different than anticipated or described, then PG&E will make reasonable effort to redesign the project in a manner acceptable to both parties, but reserves the right to cancel my participation in the program; and
- If I do not submit required documentation (charger selection form; signed easement; etc.) in a timely manner, then PG&E may grant extensions by request but reserves the right to waitlist my application and/or cancel my participation in the program.

The following documents are attached hereto, and hereby incorporated by reference, and are a part of this Contract:

1. Preliminary Site Design
