

Siri found 5 leaves that blew in through the window. Then he found 2 more leaves that blew in. Draw a picture and use number to show how many leaves Siri found in all.

Siri spilled some pencils on the carpet. Meg came over to help her pick them up. Meg found 5 pencils under the desk and Siri found 4 by the door.

How many pencils did they find together?

Draw a math picture and write a number bond and number sentence that tells about the story.
