Dear Board of Supervisors,

6/29/2021

I am writing to voice my concern for all citizens of San Mateo County. I declare the following and ask that you take into consideration all human rights while reading my concerns.

1. Digital vaccine passports of any kind are discriminatory against those based on their medical status, religious beliefs and more. Requiring a vaccine as a condition to participate in society is unlawful, immoral, unethical and unthinkable.
2. Private businesses are NOT above the law and they are PROHIBITED from implementing any such verification programs as a condition of doing business.
3. We are demanding that this board:
 - a. Publicly state its opposition to the vaccine passport;
 - b. Put businesses on notice that they will be held liable for any discrimination of the public based on vaccine status.
4. **California Government Code 12926** (q) protects one's religious liberty and practice, including the ability to NOT PARTICIPATE in practices that violate one's sincerely held religious beliefs.
5. **California Government Code 37100** states that NO county ,municipality or legislative body may pass or enforce a law that violates the laws of this state, the Constitution or the laws of the United States.
6. It is unlawful, unethical, immoral and unthinkable to state that private businesses can require a vaccine passport or vaccine verification as a condition for conducting business.

California Civil Code 51 protects our PERSONAL RIGHTS and states that: **All persons within the jurisdiction of this state are free and equal**, and no matter what their sex, race, color, **religion**, ancestry, national origin, **disability**, **medical condition**, genetic information, marital status, sexual orientation, citizenship, primary language, or immigration status **are entitled to the full and equal accommodations, advantages, facilities, privileges, or services in all business establishments of every kind whatsoever.**

7. **California Health and Safety code 101080** states that a local health emergency **can only be called where there** is an 'IMMINENT AND PROXIMATE THREAT of the INTRODUCTION of a contagious disease...' and this local health emergency EXPIRES AFTER SEVEN DAYS. The local health emergency was called in March of 2020; this is 15 months later. THERE IS NO EMERGENCY! There is no imminent and proximate threat of an introduction of a contagious disease.

8. Requiring a Covid vaccine (which is a medical experiment) as a condition to participate in society is UNLAWFUL COERCION according to CA law. California Laws PROHIBIT this:

24170: This is the **Protection of Human Subjects in Medical Experimentation Act**

24171: The Legislature hereby finds and declares ... **the right of individuals to determine what is done to their own bodies.**

24172: This is the "experimental subject's bill of rights," and states that individuals...

(j) **Be given the opportunity to decide to consent or not to consent to a medical experiment without the intervention of any element of force, fraud, deceit, duress, coercion, or undue influence on the subject's decision.**

Thank you for your time and consideration.
