Jim Irizarry's Violation of the County Political Participation Policy on April 28 & 29th

On April 21, I came before the Board of Supervisors to speak about how Jim Irizarry is emotionally abusive to the staff at ACRE.

On April 28 and 29th Jim Irizarry posted pictures of tweets I had made in 2022 to his campaign Instagram and Facebook pages titled "Who is Mary Hill?".

I regret posting those tweets and as such deleted them years ago. Therefore Irizarry had to have used his county account to access them, which are potentially in my HR Personnel file.

The County Political Participation Policy is clear: No county resources shall be used for campaign purposes. Jim Irizarry has clearly violated this policy by inappropriately accessing and then sharing these images in an attempt to refute my accusations to his campaign followers.

Supervisors Corzo, Mueller, and especially Supervisor Speier: I have asked you on social media with no response and so I ask you again – Do you support this behavior? Do you support Jim Irizarry's violation of county policy in an attempt to retaliate against me?

By making those posts Jim Irizarry has proven my point that he is a bully, whose egregious behavior is unethical at best.

Once again I ask Supervisors Corzo, Mueller, and Speier: Withdraw your endorsement immediately.
