2022-23 Garbage and Recyclables Collection Service Charges Report for County Service Area No. 8 (North Fair Oaks)

Tuesday, July 26, 2022

Adoption of 2022-23 Fiscal Year Collection Service Charges Report for County Service Area No. 8

- Adoption of this report is part of an annual procedural process to place the minimum level of garbage and recycling collection services charges for residential dwellings onto the property tax roll in County Service Area No. 8 (North Fair Oaks).
- Per County Ordinance Code; any parcel that has a residential dwelling unit in CSA-8 is charged with a minimum level of garbage service (two 32-gallon carts or one 64-gallon cart at curb). This minimum charge is based upon units and is multiplied by the rates adopted by this Board last year.
- The charge is then placed on the tax roll in accordance with County Ordinance Code.
- After the close of this public hearing, the next step is for your Board to Adopt the Resolution for the Collection Service Charges Report, which will be filed with the Controller's Office.
- The Controller's Office will then apply the charge amounts to the tax assessment roll for 2022-23 FY.
