

BOARD OF SUPERVISORS

Board of Supervisors Chambers
400 County Center, Redwood City

ITEM # 14

Owner: **Z Enterprises LP**
Applicant: **Steve and Nicholas Zmay**
File Number: **PLN2014-00410**
Location: **1551 Crystal Springs Road**
APN: **038-131-110**

PROJECT DESCRIPTION

Consideration of a Minor Subdivision, a Resource Management Permit, and a Grading Permit, and adoption of the Revised Recirculated Initial Study/Mitigated Negative Declaration, to subdivide a 60.3-acre parcel into 3 parcels, each approximately 0.7-acre in size, for future residential development, creating a 58.153±-acre remainder parcel. The project also includes an upgrade to a 203 linear foot portion of the Billy Goat Hill sewer line, and grading for landslide repair and 30 cy of cut and 30 cy of fill for the sewer line upgrade. The project site is located at 1551 Crystal Springs Road, within the Highlands community of unincorporated San Mateo County. No trees are proposed for removal.

Project site from Parrott Dr.

Housing on Parrott Drive

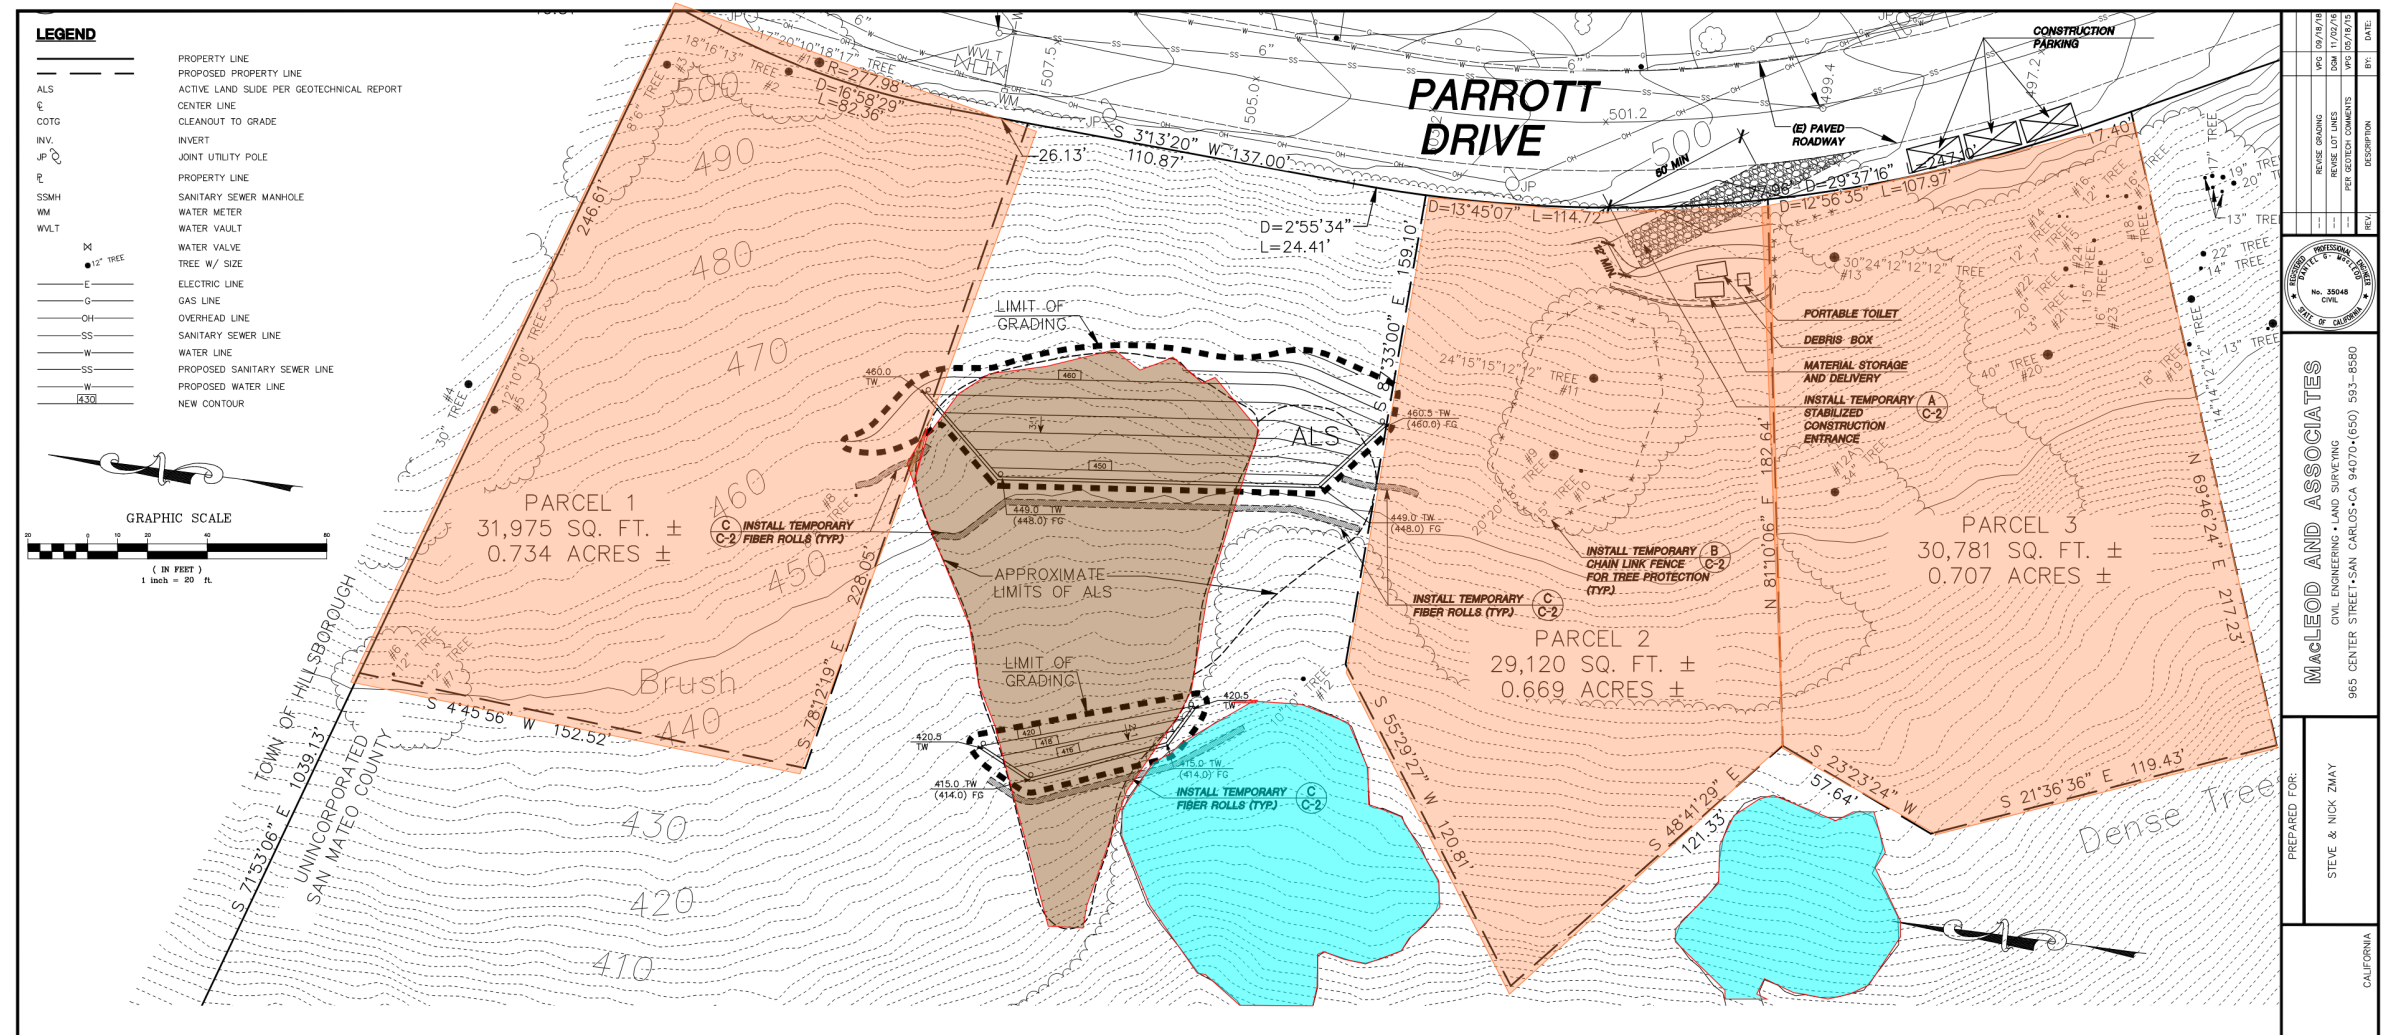

1136 Parrott Dr
San Mateo, CA 94402

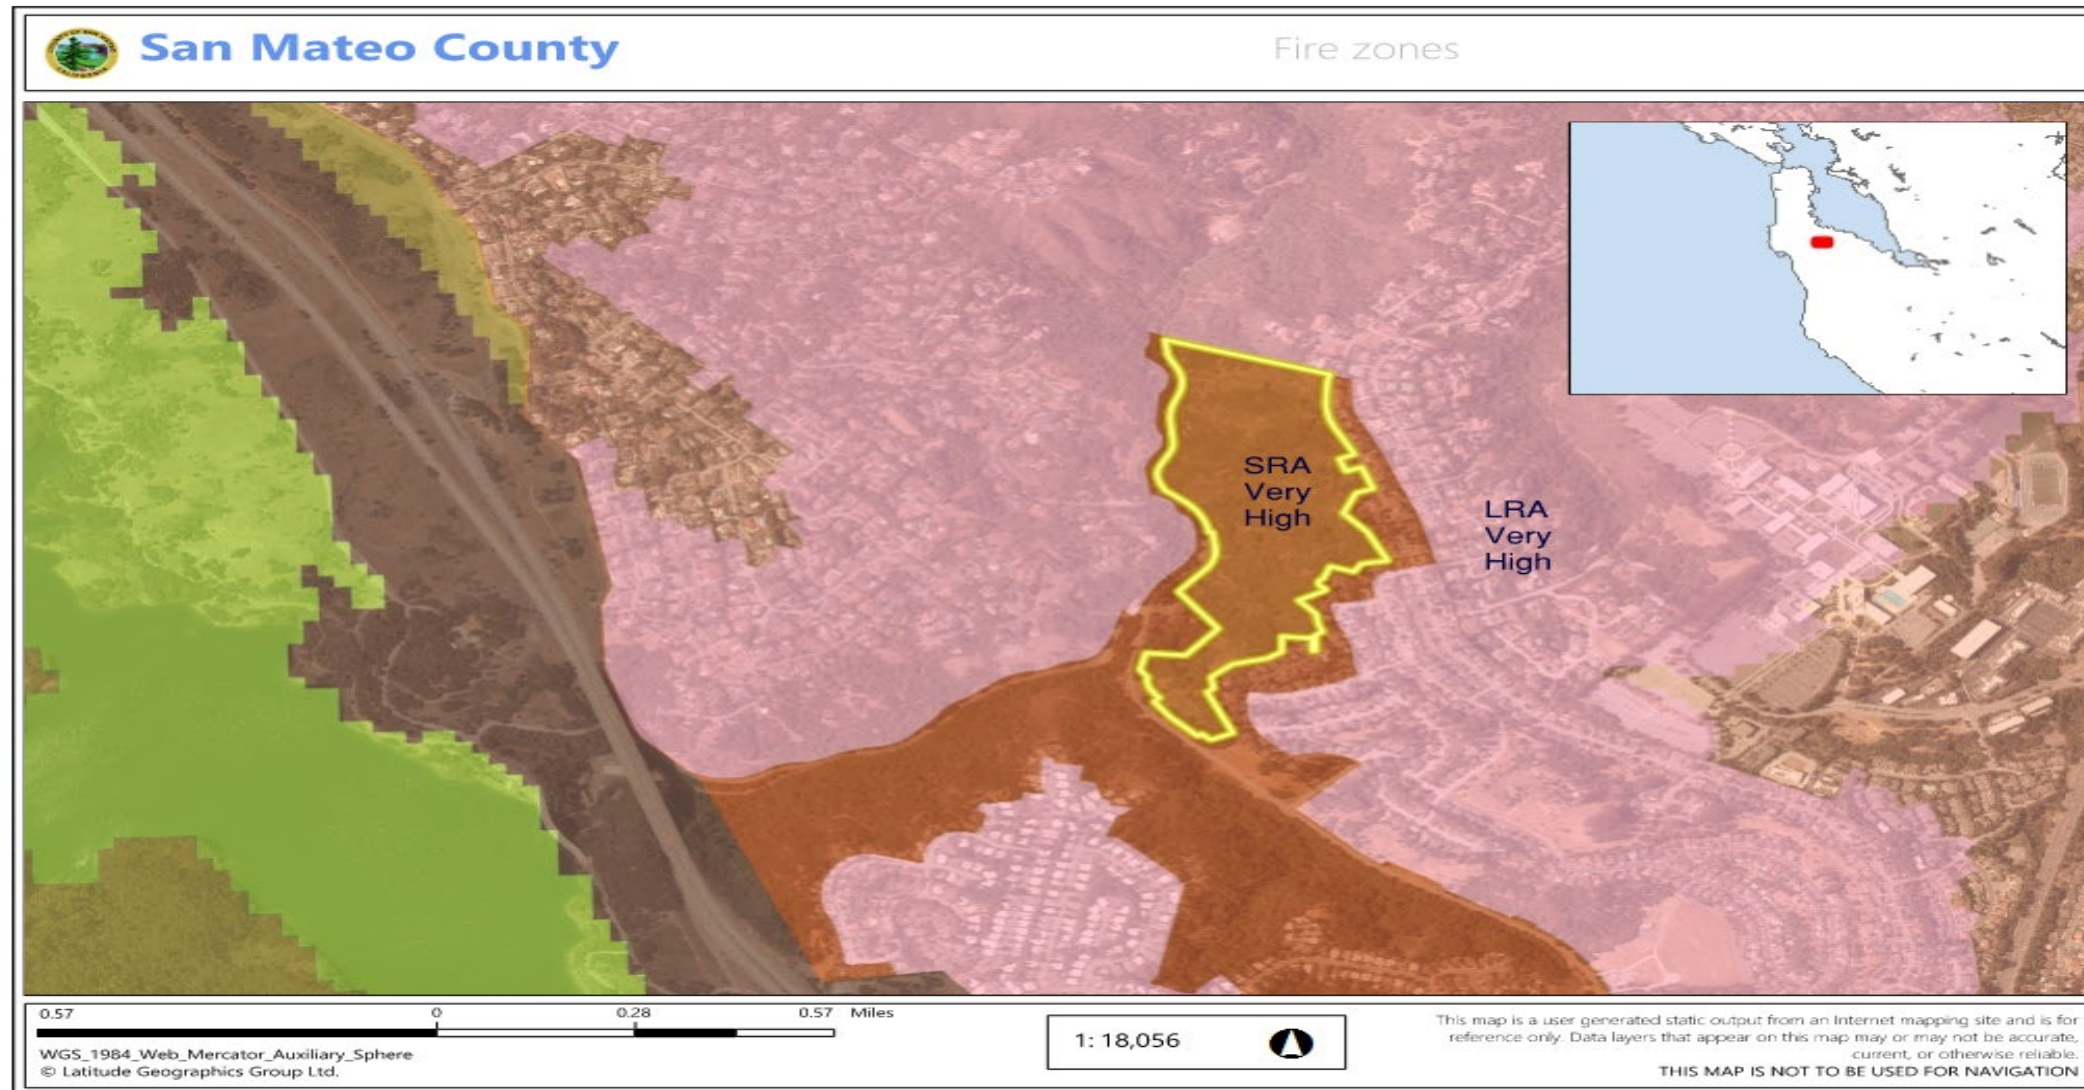

Constraints map – Landside and biological resource areas

- Parcels 1-3
- Landslide area to be stabilized
- Wetland areas

Wildfire Hazards

The very high fire severity area extends to the entire neighborhood of residences.

Appeal of Planning Commission Denial

The Applicant appealed the Planning Commission Denial on September 7, 2021

Basis of appeal

- The proposed parcels conform with criteria of the RM Zoning District
- Project was design and mitigated to avoid significant adverse environmental impacts
- Cal-Fire review did not indicate fire hazards in high fire severity zones could not be mitigated

Additional Measures Proposed by Applicant to Address PC Concerns

Since the Planning Commission's action, the applicant has proposed to incorporate additional features into the project in order to address the safety concerns regarding wildfire risks:

1. A landscape and irrigation plan that maintains higher levels of moisture in vegetation downslope of the residences to be constructed on the new parcels;
2. The recordation of deed restrictions establishing non-combustible material zone measuring five feet around any and all structures to be developed on the new parcels; and
3. The recordation of easements to allow defensible space to be maintained beyond property lines.

RECOMMENDATION

That the Board of Supervisors adopt the Revised Recirculated Initial Study/ Mitigated Negative Declaration and approve the Minor Subdivision, Resource Management Permit, and Grading Permit, County File Number PLN 2014-00410, by adopting the required findings and conditions of approval listed in Attachment A.
