If DHCS has paid Contractor in advance to work on a no-longer-authorized State program or activity receiving FFP and under the terms of this contract the work was to be performed after the date the legal authority ended, the payment for that work should be returned to DHCS. However, if Contractor worked on a State program or activity receiving FFP prior to the date legal authority ended for that State program or activity, and DHCS included the cost of performing that work in its payments to Contractor, Contractor may keep the payment for that work even if the payment was made after the date the State program or activity receiving FFP lost legal authority.

I. Preamble

- A.** This Intergovernmental Agreement (hereinafter referred to as Agreement) is entered into by and between the Department of Health Care Services (hereinafter referred to as DHCS, The Department, or the state) and the Contractor for the purpose of identifying and providing covered Drug Medi-Cal Organized Delivery System (DMC-ODS) services for substance use disorder (SUD) treatment in the Contractor's service area pursuant to sections 14021.51–14021.53, 14124.20–14124.25, 14184.100 *et seq.* of the Welfare and Institutions Code (hereinafter referred to as W&I Code), Part 438 of the Code of Federal Regulations (hereinafter referred to as 42 CFR 438); Behavioral Health Information Notice (BHIN) 21-075.
- B.** The Contractor has elected to opt into the DMC-ODS to provide or arrange covered DMC-ODS services described under this Agreement to eligible Medi-Cal individuals who reside within the Contractor's county borders. The Contractor shall comply with all State and federal statutes and regulations, the terms of this Agreement, BHINs, and any other applicable authorities. In the event of a conflict between the terms of this Agreement and a State or federal statute or regulation, or a BHIN, the Contractor shall adhere to the applicable statute, regulation, or BHIN.
- C.** It is further agreed this Agreement is controlled by applicable provisions of: (a) the W&I Code, Division 9, Part 3, Chapter 7, sections 14000, *et seq.*, in particular, but not limited to, sections 14100.2, 14021, 14021.5, 14021.6, 14043, *et seq.*, 14184.100 *et seq.*, and (b) Division 4 of Title 9 of the California Code of Regulations (hereinafter referred to as Cal. Code Regs., tit. 9).
- D.** It is understood and agreed that nothing contained in this Agreement shall be construed to impair the single state agency authority of DHCS.
- E.** The objective of this Agreement is to make DMC-ODS services available to Medi-Cal beneficiaries through utilization of federal and state funds available pursuant to Title XIX or Title XXI of the Social Security Act (hereinafter referred to as the Act) for reimbursable covered services rendered by enrolled DMC providers.
- F.** DMC-ODS services shall be provided through a Prepaid Inpatient Health Plan (PIHP) as defined in 42 CFR §438.2.

G. This Agreement requires the Contractor to ensure the availability and accessibility of adequate numbers of facilities, service locations, service sites, and professional, allied, and supportive personnel to provide medically necessary services, and ensure the authorization of services for urgent conditions. The DMC-ODS provides for automatic mandatory enrollment of all Medi-Cal beneficiaries in the single PIHP operating in the county in which the beneficiary resides. PIHPs in a very small county or in any one geographic area may have a limited number of providers for a particular service. Except as required by 42 CFR §§438.62 and 438.206(b)(4), the Contractor is not obligated to subcontract with additional providers to provide more choices for an individual beneficiary.

II. Federal Requirements

A. Waived and Inapplicable Federal Requirements

1. The Contractor is operating as a nonrisk PIHP. Approved Application, and are not applicable to this Agreement.
2. Under DMC-ODS, free choice of providers is restricted. That is, beneficiaries enrolled in this program shall receive DMC-ODS services through the Contractor, operating as a PIHP. Based on this service delivery model, the Department has requested, and Centers for Medicare & Medicaid Services (CMS) has granted approval to waive certain 42 CFR Part 438 provisions identified on pages 12-15 of the CalAIM 1915(b) Waiver Approved Application.

Budget Detail and Payment Provisions

Part I - General Fiscal Provisions

Section 1 - General Fiscal Provisions

A. Fiscal Provisions

For services satisfactorily rendered, and upon receipt and approval of documentation as identified in Exhibit A, Attachment I, Article III, the Department of Health Care Services (DHCS) agrees to compensate the Contractor for actual expenditures incurred in accordance with the rates and/or allowable costs specified herein.

B. Use of State General Funds

Contractor may not use allocated Drug Medi-Cal (DMC) State General Funds to pay for any non-Drug Medi-Cal services.

C. Funding Authorization

Contractor shall bear the financial risk in providing any substance use disorder (SUD) services covered by this Agreement.

D. Availability of Funds

It is understood that, for the mutual benefit of both parties, this Intergovernmental Agreement may have been written before ascertaining the availability of congressional appropriation of funds in order to avoid program and fiscal delays that would occur if this Agreement were not executed until after that determination. In this event, DHCS may amend the amount of funding provided for in this Agreement based on the actual congressional appropriation.

E. Subcontractor Funding Limitations

Contractor shall reimburse its subcontractors that receive a combination of Drug Medi-Cal Organized Delivery System (DMC-ODS) funding and other federal or county realignment funding for the same service element and location based on the subcontractor's actual costs in accordance with Medicaid reimbursement requirements as specified in Title XIX or of the Social Security Act, California's Medicaid State Plan, California's Section 1915(b) Waiver (#CA 17.R10), and California's Section 1115 5-Year Demonstration Waiver (#11-W-00193/9). program, this Agreement shall be of no further force and effect. In this event, DHCS shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.

G. Expense Allowability/Fiscal Documentation

1. Invoices, received from a Contractor and accepted and/or submitted for payment by DHCS, shall not be deemed evidence of allowable agreement costs.
2. Contractor shall maintain for review and audit and supply to DHCS upon request, adequate documentation of all expenses claimed pursuant to this Agreement to permit a determination of expense allowability.
3. If the allowability or appropriateness of an expense cannot be determined by DHCS because invoice detail, fiscal records, or backup documentation is nonexistent or inadequate according to generally accepted accounting principles, and generally accepted governmental audit standards, all questionable costs may be disallowed and payment may be withheld by DHCS. Upon receipt of adequate documentation supporting a disallowed or questionable expense, reimbursement may resume for the amount substantiated and deemed allowable.
4. Costs and/or expenses deemed unallowable shall not be reimbursed or, if mistakenly reimbursed, those costs and/or expenses shall be subject to recovery by DHCS pursuant to Article III.JJ of Exhibit A, Attachment I, California's Medicaid State Plan, California's Section 1915(b) Waiver, and California's Section 1115 5-Year Demonstration Waiver.

This Agreement is valid and enforceable only if sufficient funds are made available to

The amount of funds available for expenditure by the Contractor shall be limited to the amount identified in the final allocations issued by DHCS for that fiscal year. Changes to allocated funds will require written amendment to the Agreement.
4. For each fiscal year, DHCS may settle costs for services to the Contractor and its subcontractors based on each fiscal year-end cost settlement report as the final amendment for the specific fiscal year cost settlement report to the approved Agreement.

Section 2 - DMC-ODS

- A. To the extent that the Contractor provides the covered services in a satisfactory manner, in accordance with the terms and conditions of this Agreement, DHCS agrees to pay the Contractor Federal Medicaid funds according to Article III of Exhibit A, Attachment I. Exhibit B
Budget Detail and Payment Provisions

- C. It is understood and agreed that failure by the Contractor or its subcontractors to comply with applicable federal and state requirements in rendering covered services shall be sufficient cause for DHCS to deny payments, to recover payments, and/or terminate the Contractor or its subcontractor from DMC-ODS program participation. If DHCS or the Department of Health and Human Services (DHHS) disallows or denies payments for any claim, Contractor shall repay to DHCS the Federal Medicaid funds and/or State General Funds it received for all claims so disallowed or denied. Such notice shall include the reason for the proposed action and shall allow the Contractor 60 days to submit additional information before the proposed action is taken. This requirement does not apply to the DMC-ODS Post Service Post Payment Utilization Reviews.

Claims submitted to the Contractor by a subcontractor that is not certified or whose certification has been suspended pursuant to the W&I Code section 14107.11 and 42 CFR 455.23, shall not be certified or processed for federal or state reimbursement by the Contractor. Payments for any DMC-ODS services shall be held by the Contractor until the payment suspension is resolved.
- H. In the event an Agreement amendment is required pursuant to the preceding paragraph, Contractor shall submit to DHCS information as identified in Exhibit E, Section 1(D). To the extent the Contractor is notified of DHCS Budget Act allocation prior to the execution of the Agreement, DHCS and the Contractor may agree to amend the agreement after the issuance of the first revised allocation.

- K. DHCS shall reimburse the Contractor the State General Funds and/or Federal Medicaid fund amount of the approved DMC-ODS claims and documents submitted in accordance with Article III of Exhibit A, Attachment I.

- N. Contractor shall require all subcontractors to comply with 45 CFR 162.410(a)(1) for any subpart that would be a covered health care provider if it were a separate legal entity. For purposes of this paragraph, a covered health care provider shall have the same definition as set forth in 45 CFR 160.103. DHCS shall make payments for covered services only if Contractor is in compliance with federal regulations.

- D. The refusal of the Contractor or its subcontractors to permit access to, and inspection of, electronic or print books and records, physical facilities, and/or refusal to permit interviews with employees, as described in this part, constitutes an express and immediate material breach of this Agreement and will be sufficient basis to terminate the Agreement for cause or default.

The Contractor shall post taglines in a conspicuously visible size (no less than 12-point font), in English and at least the top 18 non-English languages in the State (as determined by DHCS), informing beneficiaries, potential beneficiaries, and the public of the availability of no-cost language assistance services, including assistance in non-English languages and the provision of free auxiliary aids and services for people with disabilities.
 - ii. Taglines shall be posted in any documents that are vital or critical to obtaining services and/or benefits, conspicuous physical locations where the Contractor interacts with the public, on the Contractor's website in a location that allows any visitor to the website to easily locate the information, and in all beneficiary information and other information notice, in accordance with federal and state requirements.
5. Language Assistance Services
 - i. Language assistance services shall be provided free of charge, be accurate and timely, and protect the privacy and independence of the limited English proficiency (LEP) individual. There are two primary types of language assistance services: oral and written. LEP individuals are not required to accept language assistance services, although a qualified interpreter may be used to assist in communicating with an LEP individual who has refused language assistance services.
 - ii. The Contractor shall comply with the following oral interpretation requirements:
 - a. Contractors shall provide oral interpretation services from a qualified interpreter, on a 24-hour basis, at all key points of contact, at no cost to beneficiaries. Key points of contact may include medical care settings and non-medical care settings.
 - b. Font shall be provided in all languages and is not limited to threshold or concentration standard languages.

Exhibit A, Attachment I
Program Specifications

- c. Interpretation can take place in-person, through a telephonic interpreter, or internet or video remote interpreting (VRI) services. However, the Contractor is prohibited from using remote audio or VRI services that do not comply with federal quality standards, or relying on unqualified bilingual/multilingual staff, interpreters, or translators. The Contractor should not solely rely on telephone language lines for interpreter services. Rather, telephonic interpreter services should supplement face-to-face interpreter services, which are a more effective means of communication.
- d. An interpreter is a person who renders a message spoken in one language into one or more languages. An interpreter shall be qualified and have knowledge in both languages of the relevant terms or concepts particular to the program or activity and the dialect spoken by the LEP individual. In order to be considered a qualified interpreter for an LEP individual, the interpreter must: 1) have demonstrated proficiency in speaking and understanding both English and the language spoken by the LEP individual; 2) be able to interpret effectively, accurately, and impartially, both receptively and expressly, to and from the language spoken by the LEP individual and English, using any necessary specialized vocabulary, terminology, and phraseology; and 3) adhere to generally accepted interpreter ethics principles, including client confidentiality.

Exhibit A, Attachment I
Program Specifications

- e. If the Contractor provides a qualified interpreter for an individual with LEP through remote audio interpreting services, the Contractor shall provide real-time audio over a dedicated high-speed, wide-bandwidth video connection or wireless connection that delivers high-quality audio without lags or irregular pauses in communication; a clear, audible transmission of voices; and adequate training to users of the technology and other involved individuals so that they may quickly and efficiently set up and operate the remote interpreting services.
- f. The Contractor is prohibited from requiring LEP individuals to provide their own interpreters, or from relying on bilingual/multilingual staff members who do not meet the qualifications of a qualified interpreter. Some bilingual/multilingual staff may be able to communicate effectively in a non-English language when communicating information directly in that language but may not be competent to interpret in and out of English. Bilingual/multilingual staff may be used to communicate directly with LEP individuals only when they have demonstrated to the Contractor that they meet all the qualifications of a qualified interpreter listed above.

Exhibit A, Attachment I
Program Specifications

- a. The Contractor shall use a qualified translator when translating written content in paper or electronic form. A qualified translator is a translator who: 1) adheres to generally accepted translator ethics principles, including client confidentiality; 2) has demonstrated proficiency in writing and understanding both written English and the written non-English language(s) in need of translation; and 3) is able to translate effectively, accurately, and impartially to and from such language(s) and English, using any necessary specialized vocabulary, terminology, and phraseology.
 - b. At a minimum, the Contractor shall provide written translations of beneficiary information in the threshold and concentration languages.
6. Effective Communication with Individuals with Disabilities
- i. The Contractor shall comply with all applicable requirements of federal and state disability law and take appropriate steps to ensure effective communication with individuals with disabilities.
 - ii. The Contractor shall provide appropriate auxiliary aids and services to persons with impaired sensory, manual, or speaking skills, including the provision of qualified interpreters and written materials in alternative formats, free of charge and in a timely manner, when such aids and services are necessary to ensure that individuals with disabilities have an equal opportunity to participate in, or enjoy the benefits of, the Contractor's covered services, programs, and activities.

Exhibit A, Attachment I
Program Specifications

- iii. The Contractor shall provide interpretive services and make member information available in the following alternative formats: Braille, audio format, large print (no less than 20-point font), and accessible electronic format (such as a data CD). In determining what types of auxiliary aids and services are necessary, the Contractor shall give “primary consideration” to the individual’s request of a particular auxiliary aid or service.
- iv. Auxiliary aids and services include:
 - a. Qualified interpreters on-site or through VRI services; note takers; real-time computer-aided transcription services; written materials; exchange of written notes; telephone handset amplifiers; assistive listening devices; assistive listening systems; telephones compatible with hearing aids; closed caption decoders; open and closed captioning, including real-time captioning; voice, text, and video-based telecommunication products and systems, text telephones (TTYs), videophones, captioned telephones, or equally effective telecommunications devices; videotext displays; accessible information and communication technology; or other effective methods of making aurally delivered information available to individuals who are deaf or hard of hearing.
 - b. Qualified readers; taped texts; audio recordings; Braille materials and displays; screen reader software; magnification software; optical readers; secondary auditory programs; large print materials (no less than 20-point font); accessible information and communication technology; or other effective methods of making visually delivered materials available to individuals who are blind or have low vision.

Exhibit A, Attachment I
Program Specifications

- v. When providing interpretive services, the Contractor shall use qualified interpreters to interpret for an individual with a disability, whether through a remote interpreting service or an on-site appearance. A qualified interpreter for an individual with a disability is an interpreter who: 1) adheres to generally accepted interpreter ethics principals, including client confidentiality; and 2) is able to interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary, terminology, and phraseology. For an individual with a disability, qualified interpreters can include, for example, sign language interpreters, oral transliterators (individuals who represent or spell in the characters of another alphabet), and cued language transliterators (individuals who represent or spell by using a small number of handshapes).
- vi. If a Contractor provides a qualified interpreter for an individual with a disability through VRI services, the Contractor shall provide real-time, full-motion video and audio over a dedicated high-speed, wide-bandwidth video connection or wireless connection that delivers high-quality video images that do not produce lags, choppy, blurry, or grainy images, or irregular pauses in communication; a sharply delineated image that is large enough to display the interpreter's face, arms, hands, and fingers, and the participating individual's face, arms, hands, and fingers, regardless of body position; a clear, audible transmission of voices; and adequate training to users of the technology and other involved individuals so that they may quickly and efficiently set up and operate the VRI.

Exhibit A, Attachment I
Program Specifications

- vii. The Contractor shall not require an individual with a disability to provide their own interpreter. The Contractor is also prohibited from relying on an adult or minor child accompanying an individual with a disability to interpret or facilitate communication except when: 1) there is an emergency involving an imminent threat to the safety or welfare of the individual or the public and a qualified interpreter is not immediately available; or, 2) the individual with a disability specifically requests that an accompanying adult interpret or facilitate communication, the accompanying adult agrees to provide that assistance, and reliance on that accompanying adult for that assistance is appropriate under the circumstances. Prior to using a family member, friend, or, in an emergency only, a minor child as an interpreter for an individual with a disability, the Contractor shall first inform the individual that they have the right to free interpreter services and second, ensure that the use of such an interpreter will not compromise the effectiveness of services or violate the individual's confidentiality. The Contractor shall ensure that the refusal of free interpreter services and the individual's request to use a family member, friend, or a minor child as an interpreter is documented.
- viii. The Contractor shall make reasonable modifications to policies, practices, or procedures when such modifications are necessary to avoid discrimination based on disability.

L. Discrimination Grievances (W&I Code section 14029.91; 45 CFR § 84.7; 34 CFR §106.8; 28 CFR § 35.107; Government Code § 11135)

- 1. The Contractor shall designate a Discrimination Grievance Coordinator who is responsible for ensuring compliance with federal and state nondiscrimination requirements and investigating Discrimination Grievances related to any action that would be prohibited by, or out of compliance with, federal or state nondiscrimination law.

Exhibit A, Attachment I
Program Specifications

2. The Contractor shall adopt Discrimination Grievance procedures that ensure the prompt and equitable resolution of discrimination-related complaints. The Contractor shall not require a beneficiary to file a Discrimination Grievance with the Contractor before filing the grievance directly with DHCS Office of Civil Rights and the U.S. Health and Human Services Office for Civil Rights.
3. The Discrimination Grievance Coordinator shall be available to:
 - i. Answer questions and provide appropriate assistance to the Contractor staff and members regarding the Contractor's state and federal nondiscrimination legal obligations.

4. The Contractor shall comply with the following discrimination grievances reporting requirements.
 - i. Within ten calendar days of mailing a Discrimination Grievance resolution letter to a beneficiary, the Contractor shall submit detailed information regarding the grievance to DHCS Office of Civil Rights' designated Discrimination Grievance email box. The Contractor shall submit the following detailed information in a secure format to DHCS.DiscriminationGrievances@dhcs.ca.gov:
 - a. The original complaint.
 - b. The provider's or other accused party's response to the grievance.
 - c. Contact information for the Contractor's personnel responsible for the Contractor's investigation and response to the grievance.

C. Organized Delivery System (ODS) Timely Coverage

- 1. Non-Discrimination - Member Discrimination Prohibition
 - i. Contractor shall accept individuals eligible for enrollment in the order in which they apply without restriction in accordance with this Agreement. Contractor shall take affirmative action to ensure that beneficiaries are provided covered services and will not discriminate against individuals eligible to enroll under the laws of the United States and the State of California. Exhibit A, Attachment I
Program Specifications

- ii. In accordance with the Early Periodic Screening, Diagnostic and Treatment (EPSDT) mandate under section 1905(r) of the Act, the Contractor shall ensure that all beneficiaries under age 21 receive all applicable SUD services needed to correct or ameliorate health conditions that are coverable under section 1905(a) of the Act. Nothing in the DMC-ODS limits or modifies the scope of the EPSDT mandate, and a participating DMC-ODS County is responsible for the provision of SUD services pursuant to the EPSDT mandate.
- iii. DMC-ODS services must be medically necessary. Pursuant to W&I Code section 14059.5(a) for individuals 21 years of age or older, a service is “medically necessary” or a “medical necessity” when it is reasonable and necessary to protect life, to prevent significant illness or significant disability, or to alleviate severe pain.
- iv. For individuals under 21 years of age, a service is “medically necessary” or a “medical necessity” if the service is necessary to correct or ameliorate screened health conditions. Consistent with federal guidance, services need not be curative or completely restorative to ameliorate a health condition, including substance misuse and SUDs. Services that sustain, support, improve, or make more tolerable substance misuse or an SUD are considered to ameliorate the condition and are thus covered as EPSDT services. (Section 1396d(r)(5) of Title 42 of the United States Code; W&I Code section 14059.5(b)(1)).
- v. The Contractor shall update policies and procedures, provider contracts, beneficiary handbooks, and related material to ensure the medical necessity standard is accurately reflected in all materials consistent with W&I Code section 14059.5, the terms of BHIN 21-075, and any other applicable authorities.
- vi. To receive DMC-ODS services, a beneficiary shall be enrolled in Medi-Cal, and reside in a participating county. DMC-ODS services shall be consistent with the following assessment, access, and level of care determination criteria:

Exhibit A, Attachment I
Program Specifications

- a. Initial Assessment and Services Provided During the Assessment Process:
Covered and clinically appropriate DMC-ODS services (except for residential) shall be reimbursable for up to 30 days following the first visit with a Licensed Practitioner of the Healing Arts (LPHA) or AOD counselor, whether or not a Diagnostic and Statistical Manual (DSM) diagnosis for Substance-Related and Addictive Disorders is established, or up to 60 days if the beneficiary is under age 21, or if a provider documents that the beneficiary is experiencing homelessness and therefore requires additional time to complete the assessment. If a beneficiary withdraws from treatment prior to establishing a DSM diagnosis for Substance-Related and Addictive Disorders, and later returns, the 30-day time period starts over. The initial assessment shall be performed face-to-face or, by telehealth (synchronous audio and video), or by telephone (synchronous audio-only) by an LPHA or AOD counselor and may be done in the community or the home. If the assessment of the beneficiary is completed by an AOD counselor, then the LPHA shall evaluate that assessment with the counselor and the LPHA shall make the initial diagnosis. The consultation between the LPHA and the AOD counselor may be conducted in person, by video conferencing, or by telephone.
- b. DMC-ODS Access for Beneficiaries After Assessment:
 - i. For beneficiaries 21 years and older, to qualify for DMC-ODS services after the initial assessment process, beneficiaries 21 years of age and older shall meet one of the following criteria:

Exhibit A, Attachment I

 2. Have had at least one diagnosis from the DSM for Substance-Related and Addictive Disorders, with the exception of Tobacco-Related Disorders and Non-Substance-Related Disorders, prior to being incarcerated or during incarceration, determined by substance use history.
- ii. Beneficiaries under age 21 qualify to receive all medically necessary DMC-ODS services as required pursuant to section 1396d(r) of Title 42 of the United States Code. Federal EPSDT statutes and regulations require States to furnish all Medicaid-coverable, appropriate, and medically necessary services needed to correct and ameliorate health conditions, regardless of whether those services are covered in the state's Medicaid State Plan. Consistent with federal guidance, services need not be curative or completely restorative to ameliorate a mental health condition, including substance misuse and SUDs. Services that sustain, support, improve, or make more tolerable substance misuse or an SUD are considered to ameliorate the condition and are thus covered as EPSDT services.
- c. Additional Coverage Requirements and Clarifications

Exhibit A, Attachment I
Program Specifications

Consistent with W&I Code section 14184.402(f), covered SUD prevention, screening, assessment, and treatment services are reimbursable Medi-Cal services when:

- i. Services are provided prior to determination of a diagnosis or prior to determination of whether DMC-ODS criteria are met, as described above.
 1. Clinically appropriate and covered DMC-ODS services provided to beneficiaries over 21 shall be reimbursable during the assessment process as described above under the “Initial Assessment and Services Provided During the Assessment Process”. In addition, the Contractor shall not disallow reimbursement for clinically appropriate and covered DMC-ODS services provided during the assessment process if the assessment determines that the beneficiary does not meet the DMC-ODS access criteria for beneficiaries after assessment.

Exhibit A, Attachment I
Program Specifications

2. This does not eliminate the requirement that all Medi-Cal claims, including DMC-ODS claims, include a CMS approved International Classification of Diseases, Tenth Revision (ICD-10) diagnosis code as described in applicable DHCS guidance. In cases where services are provided due to a suspected SUD that has not yet been diagnosed or due to trauma as noted above, options are available in the CMS approved ICD-10 diagnosis code list, for example, codes for “Other specified” and “Unspecified” disorders,” or “Factors influencing health status and contact with health services”.
- ii. Prevention, screening, assessment, treatment, or recovery services were not included in an individual treatment plan; or
 1. For dates of service on or after January 1, 2022, the Contractor shall not disallow reimbursement for clinically appropriate and covered SUD prevention, screening, assessment, and treatment services due to lack of inclusion in an individual treatment plan, or lack of client signature on the treatment plan.
- iii. The beneficiary has a co-occurring mental health condition.

Exhibit A, Attachment I
Program Specifications

1. Medically necessary covered DMC-ODS delivered by DMC-ODS providers shall be covered and reimbursable Medi-Cal services whether or not the beneficiary has a co-occurring mental health condition. DMC-ODS counties shall not disallow reimbursement for covered DMC-ODS services provided to a beneficiary who has a co-occurring mental health condition if the beneficiary meets the DMC-ODS Criteria for beneficiaries after assessment.
- d. Level of Care Determination: The ASAM Criteria shall be used to determine placement into the appropriate level of care for all beneficiaries, and is separate and distinct from determining medical necessity.
- i. For beneficiaries 21 and over, a full assessment using the ASAM Criteria shall be completed within 30 days of the beneficiary's first visit with an LPHA or registered/certified counselor.
 - ii. For beneficiaries under 21, or for adults experiencing homelessness, a full assessment using the ASAM Criteria shall be completed within 60 days of the beneficiary's first visit with an LPHA or registered/certified counselor.
 - iii. A full ASAM Criteria assessment is not required to deliver prevention and early intervention services for beneficiaries under 21; a brief screening ASAM Criteria tool is sufficient for these services (see below regarding details about ASAM level of care 0.5).

Exhibit A, Attachment I
Program Specifications

- iv. If a beneficiary withdraws from treatment prior to completing the ASAM Criteria assessment and later returns, the time period starts over.
- v. A full ASAM Criteria assessment, or initial provisional referral tool for preliminary level of care recommendations, shall not be required to begin receiving DMC-ODS services. A full ASAM assessment does not need to be repeated unless the beneficiary's condition changes.
- vi. Beneficiary placement and level of care determinations shall ensure that beneficiaries are able to receive care in the least restrictive level of care that is clinically appropriate to treat their condition.

D. Covered Services

1. In addition to the coverage and authorization of services requirements set forth in Article II.E.4 of this Agreement, the Contractor shall:
 - i. Identify, define, and specify the amount, duration, and scope of each DMC-ODS service that the Contractor is required to offer.
 - ii. Require that DMC-ODS services identified be furnished in an amount, duration, and scope that is no less than the amount, duration, and scope for the same services furnished to beneficiaries under fee-for-service Medicaid, as set forth in 42 CFR 440.230.
 - iii. Specify the extent to which the Contractor is responsible for covering DMC-ODS services related to the following:
 - a. The prevention, diagnosis, and treatment of health impairments.
 - b. The ability to achieve age-appropriate growth and development.
 - c. The ability to attain, maintain, or regain functional capacity.

Exhibit A, Attachment I

3. The mandatory and optional DMC-ODS services can be found under Article III.C.4 of this Agreement. The Contractor shall provide all mandatory DMC-ODS services identified, and may provide all optional DMC-ODS services identified under Article V, in accordance with the applicable requirements set forth in this Agreement.
4. The following are the mandatory and optional DMC-ODS Covered Services:

 - ii. Withdrawal Management Services (a minimum of one level is mandatory).
 - iii. Intensive Outpatient Treatment Services (mandatory).
 - iv. Outpatient Treatment Services (mandatory).
 - v. Narcotic Treatment Programs (mandatory).
 - vi. Recovery Services (mandatory).

 - viii. Clinician Consultation (mandatory).
 - ix. Medications for Addiction Treatment (also known as Medication Assisted Treatment or MAT). This is defined as facilitating access to MAT off-site for beneficiaries while they are receiving DMC-ODS treatment services if not provided on-site. Providing a beneficiary the contact information for a treatment program is insufficient.
 - x. Residential Treatment Services (ASAM Levels 3.1, 3.3, and 3.5 shall be made available within the timeframes outlined in Article III, Section S.7.v).
 - xi. Partial Hospitalization (Optional).
 - xii. Peer Support Services (Optional).
 - xiii. Contingency Management Services (Optional).

5. Contractor, to the extent applicable, shall comply with "Sobky v. Smoley" (Document 2A), 855 F. Supp. 1123 (E.D. Cal 1994), incorporated by this reference.
6. Contractor shall comply with federal and state mandates to provide SUD treatment services deemed medically necessary for Medi-Cal eligible: (1) pregnant and postpartum beneficiaries, and (2) adolescents under age 21 who are eligible under EPSDT.

E. Financing

1. Payment for Services
 - i. For claiming FFP, the Contractor shall certify the total allowable expenditures incurred in providing the DMC-ODS services provided either through Contractor operated providers, contracted fee-for-service providers or contracted managed care plans.
 - ii. The Contractor shall attest to the accuracy, completeness, and truthfulness of claims and payment data, under penalty of perjury.
 - iii. DHCS shall establish a CMS-approved Certified Public Expenditure (CPE) protocol before FFP associated with DMC-ODS services are made available to DHCS. This DHCS approved CPE protocol shall explain the process DHCS shall use to determine costs incurred by the counties under this program.
 - iv. The Contractor shall only provide State Plan services until DHCS and CMS approve of this Agreement and the approved Agreement is executed by the Contractor's County Board of Supervisors. During this time, State Plan services shall be reimbursed pursuant to the State Plan reimbursement methodologies.
 - v. Pursuant to Title 42 CFR 433.138 and Cal. Code Regs., tit. 22, § 51005(a), if a beneficiary has Other Health Coverage (OHC), then the Contractor shall bill that OHC prior to billing DMC to receive either payment from the OHC, or a notice of denial from the OHC indicating that:

Exhibit A, Attachment I
Program Specifications

- a. The recipient's OHC coverage has been exhausted.
or
 - b. The specific service is not a benefit of the OHC.
 - vi. If the Contractor submits a claim to an OHC and receives partial payment of the claim, the Contractor may submit the claim to DMC and is eligible to receive payment up to the maximum DMC rate for the service, less the amount of the payment made by the OHC.
- 2. Rate Setting
 - i. The Contractor shall propose county-specific fee-for-service (FFS) provider rates for all modalities except the NTP modality. DHCS shall approve or deny those proposed rates to determine if the rates are sufficient to ensure access to available DMC-ODS services.
 - a. If DHCS denies the Contractor's proposed rates, the Contractor shall have an opportunity to adjust the rates and resubmit them to DHCS to determine if the adjusted rates are sufficient to ensure access to available DMC-ODS services. The Contractor shall receive DHCS approval of its rates prior to providing any covered DMC-ODS program services.
 - ii. DHCS, pursuant to the process set forth in W&I Code section 14021.51 shall set the NTP reimbursement rate. The Contractor shall reimburse all NTP providers at this rate.
 - iii. Pursuant to W&I Code section 14124.24, the Contractor shall require NTP providers to submit cost reports directly to DHCS.

F. Availability of Services

- 1. In addition to the availability of services requirements set forth in Article II.E.1 of this Agreement, the Contractor shall:

 5. Access to State Plan services shall remain at the current, pre-implementation level or expand upon implementation.
The Contractor is responsible for ensuring that its beneficiaries can receive all medically necessary DMC-ODS services. If the Contractor's provider network is unable to provide necessary services to a particular beneficiary, the Contractor shall adequately and timely cover these services out-of-network for as long as the Contractor's network is unable to provide them.
 6. Only Medi-Cal beneficiaries for whom the county of responsibility is a DMC-ODS county are entitled to DMC-ODS services. This applies to AI/AN Medi-Cal beneficiaries as well as non-AI/AN Medi-Cal beneficiaries.
 7. The Contractor shall ensure that a beneficiary that resides in a county that does not participate in DMC-ODS does not experience a disruption of NTP services. 9. The Contractor shall subcontract with licensed NTPs to offer services to beneficiaries as medically necessary.
10. Services shall be provided in accordance with an individualized beneficiary plan determined by a licensed prescriber.

Beneficiaries may receive Recovery Services immediately after incarceration with a prior diagnosis of SUD.
2. Recovery Services can be delivered and claimed as a standalone service, concurrently with the other levels of care of a covered DMC-ODS service, or as a service delivered as part of these levels of care.

Program Specifications

3. Recovery services include: assessment, care coordination, counseling (individual and group), family therapy, recovery monitoring (which includes recovery coaching and monitoring designed for the maximum reduction of the beneficiary's SUD) and relapse prevention (which includes interventions designed to teach beneficiaries with SUD how to anticipate and cope with the potential for relapse for the maximum reduction of the beneficiary's SUD).
4. Recovery Services may be provided in person, by telehealth, or by telephone.

W. Peer Support Services (Optional)

If Contractor agrees to provide Contingency Management Services as identified under Article V of this agreement, has opted to provide Contingency Management Services, and has been approved by DHCS, then the Contractor shall comply with the Contingency Management Services provisions in Article V.

Care Coordination can be provided in clinical or non-clinical settings and can be provided in person, by telehealth, or by telephone.
2. Care coordination shall be provided to a beneficiary in conjunction with all levels of treatment. Care coordination may also be delivered and claimed as a standalone service. Through executed memoranda of understanding, the Contractor shall implement care coordination services with other SUD, physical, and/or mental health services in order to ensure a beneficiary-centered and whole-person approach to wellness.

Exhibit A, Attachment I
Program Specifications

3. Care coordination services shall be provided by an LPHA or a registered/certified counselor.
4. Care coordination services shall include one or more of the following components:
 - i. Coordinating with medical and mental health care providers to monitor and support comorbid health conditions.
 - ii. Discharge planning, including coordinating with SUD treatment providers to support transitions between levels of care and to recovery resources, referrals to mental health providers, and referrals to primary or specialty medical providers.
 - iii. Coordinating with ancillary services, including individualized connection, referral, and linkages to community-based services and supports including but not limited to educational, social, prevocational, vocational, housing, nutritional, criminal justice, transportation, childcare, child development, family/marriage education, cultural sources, and mutual aid support groups.

Z. Clinician Consultation Services

1. Clinician Consultation Services consist of LPHAs, such as addiction medicine physicians, licensed clinicians, addiction psychiatrists, or clinical pharmacists, to support the provision of care.
2. Clinician Consultation is not a direct service provided to beneficiaries. Clinician Consultation is designed to support DMC-ODS licensed clinicians with complex cases and may address medication selection, dosing, side effect management, adherence, drug-drug interactions, or level of care considerations. It includes consultations between clinicians designed to assist DMC clinicians with seeking expert advice on treatment needs for specific DMC-ODS beneficiaries.
3. The Contractor may contract with one or more physicians, clinicians, or pharmacists specializing in addiction in order to provide consultation services. These consultations can occur in person, by telehealth, by telephone, or by asynchronous telecommunication systems.

2. When MAT is being provided as a standalone service, MAT includes the following components: assessment; care coordination; counseling (individual and group counseling); family therapy; medication services; patient education; prescribing and monitoring for MAT for OUD and AUD and non-opioid SUDs which is prescribing, administering, dispensing, ordering, monitoring, and/or managing the medications used for MAT for OUD, AUD and non-opioid SUDs; recovery services; SUD crisis intervention services; and withdrawal management services.
3. The Contractor shall require that all DMC-ODS providers, at all levels of care, demonstrate that they either directly offer or have an effective referral mechanisms/process to MAT to beneficiaries with SUD diagnoses that are treatable with Food and Drug administration (FDA)-approved medications and biological products. An effective referral mechanism/process is defined as facilitating access to MAT off-site for beneficiaries while they are receiving intensive outpatient treatment services if not provided on-site. Providing a beneficiary the contact information for a treatment program is insufficient. A facilitated referral to any Medi-Cal provider rendering MAT to the beneficiary is compliant whether or not they seek reimbursement through DMC-ODS. Beneficiaries needing or utilizing MAT shall be served and cannot be denied treatment services or be required to be tapered off medications as a condition of entering or remaining in the program. The Contractor shall monitor the referral process or provision of MAT services.

The Contractor has the option to cover drug product costs for MAT when the medications are purchased and administered or dispensed outside of the pharmacy or NTP benefit (in other words, purchased by providers and administered or dispensed on site or in the community, and billed to the county DMC-ODS plan). If the Contractor makes this election, the Contractor may reimburse providers for the medications, including naloxone, trans-mucosal buprenorphine, and/or long-acting injectable medications (such as buprenorphine or naltrexone), administered in DMC facilities, and non-clinical or community settings. However, even if the Contractor does not choose to cover the drug product costs for MAT outside of the pharmacy or NTP benefit, the Contractor shall still be required to reimburse for MAT services even when provided by DMC-ODS providers in non-clinical settings and when provided as a standalone service.
5. All medications and biological products utilized to treat SUDs, including long-acting injectables, continue to be available through the Medi-Cal pharmacy benefit without prior authorization, and can be delivered to provider offices by pharmacies.
6. Beneficiaries needing or utilizing MAT shall be served and cannot be denied treatment services or be required to decrease dosage or be tapered off medications as a condition of entering or remaining in the program. DMC-ODS providers offering MAT shall not deny access to medication or administratively discharge a beneficiary who declines counseling services. For patients with lack of connection to psychosocial services, more rigorous attempts at engagement in care may be indicated, such as using different evidence-based practices, different modalities (e.g., telehealth), different staff, and/or different services (e.g., Peer Support Services). If the DMC-ODS provider is not capable of continuing to treat the beneficiary, the DMC-ODS provider shall assist the member in choosing another MAT provider, ensure continuity of care, and facilitate a warm hand-off to ensure engagement.

Contractor shall maintain sufficient books, records, documents, and other evidence necessary for DHCS to audit Agreement performance and compliance. Contractor shall make these records available to DHCS, upon request, to evaluate the quality and quantity of services, accessibility and appropriateness of services, and to ensure fiscal accountability. Regardless of the location or ownership of such records, they shall be sufficient to determine if costs incurred by Contractor are reasonable, allowable and allocated appropriately. All records must be capable of verification by qualified auditors.

Final settlement shall be made at the end of the audit and appeal process.
4. Financial records shall be kept so that they clearly reflect the source of funding for each type of service for which reimbursement is claimed. These documents include, but are not limited to, all ledgers, books, vouchers, time sheets, payrolls, appointment schedules, client data cards, and schedules for allocating costs. All records must be capable of verification by qualified auditors.

Contractors that conduct financial audits of subcontractors, other than a subcontractor whose funding consists entirely of non-Department funds, shall develop a process to resolve disputed financial findings and notify subcontractors of their appeal rights pursuant to that process. This section shall not apply to those grievances or compliances arising from the financial findings of an audit or examination made by or on behalf of DHCS pursuant to Part III of this Exhibit.
4. To ensure that necessary corrective actions are taken, financial audit findings are either uncontested or upheld after appeal may be used by DHCS during prospective agreement negotiations.

If such inventions result from research and development work specifically included within the Agreement's scope of work, then Contractor agrees to assign to DHCS, without additional compensation, all its right, title and interest in and to such inventions and to assist DHCS in securing United States and foreign patents with respect thereto.

e. Third-Party Intellectual Property

Except as provided herein, Contractor agrees that its performance of this Agreement shall not be dependent upon or include any Intellectual Property of Contractor or third party without first: (i) obtaining DHCS' prior written approval; and (ii) granting to or obtaining for DHCS, without additional compensation, a license, as described in Section b of this provision, for any of Contractor's or third-party's Intellectual Property in existence prior to the effective date of this Agreement. If such a license upon the these terms is unattainable, and DHCS determines that the Intellectual Property should be included in or is required for Contractor's performance of this Agreement, Contractor shall obtain a license under terms acceptable to DHCS.

(1) Contractor represents and warrants that:

- (a) It is free to enter into and fully perform this Agreement.
- (b) It has secured and will secure all rights and licenses necessary for its performance of this Agreement.

There is currently no actual or threatened claim by any such third party based on an alleged violation of any such right by Contractor.

- (d) Neither Contractor's performance nor any part of its performance will violate the right of privacy of, or constitute a libel or slander against any person or entity.
 - (e) It has secured and will secure all rights and licenses necessary for Intellectual Property including, but not limited to, consents, waivers or releases from all authors of music or performances used, and talent (radio, television and motion picture talent), owners of any interest in and to real estate, sites, locations, property or props that may be used or shown.
 - (f) It has not granted and shall not grant to any person or entity any right that would or might derogate, encumber, or interfere with any of the rights granted to DHCS in this Agreement.
 - (g) It has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
 - (h) It has no knowledge of any outstanding claims, licenses or other charges, liens, or encumbrances of any kind or nature whatsoever that could affect in any way Contractor's performance of this Agreement.

- (1) Contractor shall indemnify, defend and hold harmless DHCS and its licensees and assignees, and its officers, directors, employees, agents, representatives, successors, and users of its products, ("Indemnitees") from and against all claims, actions, damages, losses, liabilities (or actions or proceedings with respect to any thereof), whether or not rightful, arising from any and all actions or claims by any third party or expenses related thereto (including, but not limited to, all legal expenses, court costs, and attorney's fees incurred in investigating, preparing, serving as a witness in, or defending against, any such claim, action, or proceeding, commenced or threatened) to which any of the Indemnitees may be subject, whether or not Contractor is a party to any pending or threatened litigation, which arise out of or are related to (i) the incorrectness or breach of any of the representations, warranties, covenants or agreements of Contractor pertaining to Intellectual Property; or (ii) any Intellectual Property infringement, or any other type of actual or alleged infringement claim, arising out of DHCS' use, reproduction, manufacture, sale, offer to sell, distribution, import, export, modification, public and private performance/display, license, and disposition of the Intellectual Property made, conceived, derived from, or reduced to practice by Contractor or DHCS and which result directly or indirectly from this Agreement. This indemnity obligation shall apply irrespective of whether the infringement claim is based

on a patent, trademark or copyright registration that issued after the effective date of this Agreement. DHCS reserves the right to participate in and/or control, at Contractor's expense, any such infringement action brought against DHCS.

- (2) Should any Intellectual Property licensed by the Contractor to DHCS under this Agreement become the subject of an Intellectual Property infringement claim, Contractor will exercise its authority reasonably and in good faith to preserve DHCS' right to use the licensed Intellectual Property in accordance with this Agreement at no expense to DHCS. DHCS shall have the right to monitor and appear through its own counsel (at Contractor's expense) in any such claim or action. In the defense or settlement of the claim, Contractor may obtain the right for DHCS to continue using the licensed Intellectual Property; or, replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes non-infringing provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property. If such remedies are not reasonably available, DHCS shall be entitled to a refund of all monies paid under this Agreement, without restriction or limitation of any other rights and remedies available at law or in equity.
- (3) Contractor agrees that damages alone would be inadequate to compensate DHCS for breach of any term of this Intellectual Property Exhibit by Contractor. Contractor acknowledges DHCS would suffer irreparable harm in the event of such breach and agrees DHCS shall be entitled to obtain equitable relief, including without limitation an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

- (a) The Contractor is a recipient expending Federal awards received directly from Federal awarding agencies, or
- (b) The Contractor is a subrecipient expending Federal awards received from a pass-through entity such as the State, County or community based organization.

(4) If the Contractor submits to DHCS a report of an audit other than a 2 C.F.R. 200.501 audit, the Contractor must also submit a certification indicating the Contractor has not expended \$750,000 or more in federal funds for the year covered by the audit report.

- d. Two copies of the audit report shall be delivered to the DHCS program funding this Agreement. The audit report must identify the Contractor's legal name and the number assigned to this Agreement. The audit report shall be due within 30 days after the completion of the audit. Upon receipt of said audit report, the DHCS Program Contract Manager shall forward the audit report to DHCS' Audits and Investigations Unit if the audit report was submitted under Section 16.c(3), unless the audit report is from a City, County, or Special District within the State of California whereby the report will be retained by the funding program.
- e. The cost of the audits described herein may be included in the funding for this Agreement up to the proportionate amount this Agreement represents of the Contractor's total revenue. The DHCS program funding this Agreement must provide advance written approval of the specific amount allowed for said audit expenses.
- f. The State or its authorized designee, including the Bureau of State Audits, is responsible for conducting agreement performance audits which are not financial and compliance audits. Performance audits are defined by Generally Accepted Government Auditing Standards.
- g. Nothing in this Agreement limits the State's responsibility or authority to enforce State law or regulations, procedures, or reporting requirements arising thereto.
- h. Nothing in this provision limits the authority of the State to make audits of this Agreement, provided however, that if independent audits arranged for by the Contractor meet Generally Accepted Governmental Auditing Standards, the State shall rely on those audits and any additional audit work and shall build upon the work already done.

- i. The State may, at its option, direct its own auditors to perform either of the audits described above. The Contractor will be given advance written notification, if the State chooses to exercise its option to perform said audits.
- j. The Contractor shall include a clause in any agreement the Contractor enters into with the audit firm doing the single organization wide audit to provide access by the State or Federal Government to the working papers of the independent auditor who prepares the single organization wide audit for the Contractor.
- k. Federal or state auditors shall have "expanded scope auditing" authority to conduct specific program audits during the same period in which a single organization wide audit is being performed, but the audit report has not been issued. The federal or state auditors shall review and have access to the current audit work being conducted and will not apply any testing or review procedures which have not been satisfied by previous audit work that has been completed.

The term "expanded scope auditing" is applied and defined in the U.S. General Accounting Office (GAO) issued Standards for *Audit of Government Organizations, Programs, Activities and Functions*, better known as the "yellow book".

Section 263a (CLIA) and the regulations thereunder.

19. Novation Requirements

If the Contractor proposes any novation agreement, DHCS shall act upon the proposal within 60 days after receipt of the written proposal. DHCS may review and consider the proposal, consult and negotiate with the Contractor, and accept or reject all or part of the proposal. Acceptance or rejection of the proposal may be made orally within the 60-day period and confirmed in writing within five days of said decision. Upon written acceptance of the proposal, DHCS will initiate an amendment to this Agreement to formally implement the approved proposal.

 - (7) Will include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- c. If the Contractor is unable to certify to any of the statements in this certification, the Contractor shall submit an explanation to the DHCS Program Contract Manager.
- d. The terms and definitions herein have the meanings set out in 2 CFR Part 180 as supplemented by 2 CFR Part 376.
- e. If the Contractor knowingly violates this certification, in addition to other remedies available to the Federal Government, the DHCS may terminate this Agreement for cause or default.

21. Smoke-Free Workplace Certification

(Applicable to federally funded agreements/grants and subcontracts/subawards, that provide health, day care, early childhood development services, education or library services to children under 18 directly or through local governments.)

The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed.
- b. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party.
- c. By signing this Agreement, Contractor or Grantee certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994.
- d. Contractor or Grantee further agrees that it will insert this certification into any subawards (subcontracts or subgrants) entered into that provide for children's services as described in the Act.

22. Covenant Against Contingent Fees

(Applicable only to federally funded agreements.)

The Contractor warrants that no person or selling agency has been employed or retained to solicit/secure this Agreement upon an agreement of understanding for a commission, percentage, brokerage, or contingent fee, except *bona fide* employees or *bona fide* established commercial or selling agencies retained by the Contractor for the purpose of securing business. For breach or violation of this warranty, DHCS shall have the right to annul this Agreement without liability or in its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, and brokerage or contingent fee.

23. Payment Withholds

(Applicable only if a final report is required by this Agreement. Not applicable to government entities.)

Unless waived or otherwise stipulated in this Agreement, DHCS may, at its discretion, withhold 10 percent (10%) of the face amount of the Agreement, 50 percent (50%) of the final invoice, or \$3,000 whichever is greater, until DHCS receives a final report that meets the terms, conditions and/or scope of work requirements of this Agreement.

24. Performance Evaluation

(Not applicable to grant agreements.)

DHCS may, at its discretion, evaluate the performance of the Contractor at the conclusion of this Agreement. If performance is evaluated, the evaluation shall not be a public record and shall remain on file with DHCS. Negative performance evaluations may be considered by DHCS prior to making future contract awards.

25. Officials Not to Benefit

No members of or delegate of Congress or the State Legislature shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom. This provision shall not be construed to extend to this Agreement if made with a corporation for its general benefits.

26. Four-Digit Date Compliance

(Applicable to agreements in which Information Technology (IT) services are provided to DHCS or if IT equipment is procured.)

Contractor warrants that it will provide only Four-Digit Date Compliant (as defined below) Deliverables and/or services to the State. "Four Digit Date compliant" Deliverables and services can accurately process, calculate, compare, and sequence date data, including without limitation date data arising out of or relating to leap years and changes in centuries. This warranty and representation is subject to the warranty terms and conditions of this Contract and does not limit the generality of warranty obligations set forth elsewhere herein.

27. Prohibited Use of State Funds for Software

(Applicable to agreements in which computer software is used in performance of the work.)

Contractor certifies that it has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

28. Use of Small, Minority Owned and Women's Businesses

(Applicable to that portion of an agreement that is federally funded and entered into with institutions of higher education, hospitals, nonprofit organizations or commercial businesses.)

Positive efforts shall be made to use small businesses, minority-owned firms and women's business enterprises, whenever possible (i.e., procurement of goods and/or services). Contractors shall take all of the following steps to further this goal.

- a. Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.
- b. Make information on forthcoming purchasing and contracting opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.
- c. Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.
- d. Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.
- e. Use the services and assistance, as appropriate, of such organizations as the Federal Small Business Administration and the U.S. Department of Commerce's Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women's business enterprises.

29. Alien Ineligibility Certification

(Applicable to sole proprietors entering federally funded agreements.)

By signing this Agreement, the Contractor certifies that he/she is not an alien that is ineligible for state and local benefits, as defined in Subtitle B of the Personal Responsibility and Work Opportunity Act. (8 U.S.C. 1601, et seq.)

30. Union Organizing

(Applicable only to grant agreements.)

Grantee, by signing this Agreement, hereby acknowledges the applicability of Government Code Sections 16645 through 16649 to this Agreement. Furthermore, Grantee, by signing this Agreement, hereby certifies that:

- a. No state funds disbursed by this grant will be used to assist, promote or deter union organizing.
- b. Grantee shall account for state funds disbursed for a specific expenditure by this grant, to show those funds were allocated to that expenditure.

- c. Grantee shall, where state funds are not designated as described in b herein, allocate, on a pro-rata basis, all disbursements that support the grant program.
- d. If Grantee makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no state funds were used for those expenditures, and that Grantee shall provide those records to the Attorney General upon request.

31. Contract Uniformity (Fringe Benefit Allowability)

(Applicable only to nonprofit organizations.)

Pursuant to the provisions of Article 7 (commencing with Section 100525) of Chapter 3 of Part 1 of Division 101 of the Health and Safety Code, DHCS sets forth the following policies, procedures, and guidelines regarding the reimbursement of fringe benefits.

- a. As used herein fringe benefits shall mean an employment benefit given by one's employer to an employee in addition to one's regular or normal wages or salary.
- b. As used herein, fringe benefits do not include:
 - (1) Compensation for personal services paid currently or accrued by the Contractor for services of employees rendered during the term of this Agreement, which is identified as regular or normal salaries and wages, annual leave, vacation, sick leave, holidays, jury duty and/or military leave/training.
 - (2) Director's and executive committee member's fees.
 - (3) Incentive awards and/or bonus incentive pay.
 - (4) Allowances for off-site pay.
 - (5) Location allowances.
 - (6) Hardship pay.
 - (7) Cost-of-living differentials
- c. Specific allowable fringe benefits include:
 - (1) Fringe benefits in the form of employer contributions for the employer's portion of payroll taxes (i.e., FICA, SUI, SDI), employee health plans (i.e., health, dental and vision), unemployment insurance, worker's compensation insurance, and the employer's share of pension/retirement plans, provided they are granted in accordance with established written organization policies and meet all legal and Internal Revenue Service requirements.

- d. To be an allowable fringe benefit, the cost must meet the following criteria:
- (1) Be necessary and reasonable for the performance of the Agreement.
 - (2) Be determined in accordance with generally accepted accounting principles.
 - (3) Be consistent with policies that apply uniformly to all activities of the Contractor.
- e. Contractor agrees that all fringe benefits shall be at actual cost.
- f. Earned/Accrued Compensation
- (1) Compensation for vacation, sick leave and holidays is limited to that amount earned/accrued within the agreement term. Unused vacation, sick leave and holidays earned from periods prior to the agreement term cannot be claimed as allowable costs. See Provision f (3)(a) for an example.
 - (2) For multiple year agreements, vacation and sick leave compensation, which is earned/accrued but not paid, due to employee(s) not taking time off may be carried over and claimed within the overall term of the multiple years of the Agreement. Holidays cannot be carried over from one agreement year to the next. See Provision f (3)(b) for an example.
 - (3) For single year agreements, vacation, sick leave and holiday compensation that is earned/accrued but not paid, due to employee(s) not taking time off within the term of the Agreement, cannot be claimed as an allowable cost. See Provision f (3)(c) for an example.

(a) **Example No. 1:**

If an employee, John Doe, earns/accrues three weeks of vacation and twelve days of sick leave each year, then that is the maximum amount that may be claimed during a one year agreement. If John Doe has five weeks of vacation and eighteen days of sick leave at the beginning of an agreement, the Contractor during a one-year budget period may only claim up to three weeks of vacation and twelve days of sick leave as actually used by the employee. Amounts earned/accrued in periods prior to the beginning of the Agreement are not an allowable cost.

(b) **Example No. 2:**

If during a three-year (multiple year) agreement, John Doe does not use his three weeks of vacation in year one, or his three weeks in year two, but he does actually use nine weeks in year three; the Contractor would be allowed to claim all nine weeks paid for in year three. The total compensation over the three-year period cannot exceed 156 weeks (3 x 52 weeks).

(c) **Example No. 3:**

If during a single year agreement, John Doe works fifty weeks and used one week of vacation and one week of sick leave and all fifty-two weeks have been billed to DHCS, the remaining unused two weeks of vacation and seven days of sick leave may not be claimed as an allowable cost.

32. Suspension or Stop Work Notification

- a. DHCS may, at any time, issue a notice to suspend performance or stop work under this Agreement. The initial notification may be a verbal or written directive issued by the funding Program's Contract Manager. Upon receipt of said notice, the Contractor is to suspend and/or stop all, or any part, of the work called for by this Agreement.
- b. Written confirmation of the suspension or stop work notification with directions as to what work (if not all) is to be suspended and how to proceed will be provided within 30 working days of the verbal notification. The suspension or stop work notification shall remain in effect until further written notice is received from DHCS. The resumption of work (in whole or part) will be at DHCS' discretion and upon receipt of written confirmation.
 - (1) Upon receipt of a suspension or stop work notification, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize or halt the incurrence of costs allocable to the performance covered by the notification during the period of work suspension or stoppage.
 - (2) Within 90 days of the issuance of a suspension or stop work notification, DHCS shall either:
 - (a) Cancel, extend, or modify the suspension or stop work notification; or
 - (b) Terminate the Agreement as provided for in the Cancellation / Termination clause of the Agreement.
- c. If a suspension or stop work notification issued under this clause is canceled or the period of suspension or any extension thereof is modified or expires, the Contractor may resume work only upon written concurrence of funding Program's Contract Manager.
- d. If the suspension or stop work notification is cancelled and the Agreement resumes, changes to the services, deliverables, performance dates, and/or contract terms resulting from the suspension or stop work notification shall require an amendment to the Agreement.
- e. If a suspension or stop work notification is not canceled and the Agreement is cancelled or terminated pursuant to the provision entitled Cancellation / Termination, DHCS shall allow reasonable costs resulting from the suspension or stop work notification in arriving at the settlement costs.

- f. DHCS shall not be liable to the Contractor for loss of profits because of any suspension or stop work notification issued under this clause.

33. Public Communications

“Electronic and printed documents developed and produced, for public communications shall follow the following requirements to comply with Section 508 of the Rehabilitation Act and the American with Disabilities Act:

- b. These authorities include, but are not limited to, Title 2, Code of Federal Regulations (CFR) Part 200, subpart F, Appendix II; Title 42 CFR Part 431, subpart F; Title 42 CFR Part 433, subpart D; Title 42 CFR Part 434; Title 45 CFR Part 75, subpart D; and Title 45 CFR Part 95, subpart F. To the extent applicable under federal law, this Agreement shall incorporate the contractual provisions in these federal regulations and they shall supersede any conflicting provisions in this Agreement.

35. Lobbying Restrictions and Disclosure Certification

- H. The following additional provisions regarding termination apply only to Exhibit A, Attachment I, of this IA:
- 1) In the event the federal Department of Health and Human Services (hereinafter referred to as DHHS), or DHCS determines that the Contractor does not meet the requirements for participation in DMC-ODS, the DHCS will terminate payments for services provided pursuant to Exhibit A, Attachment I, of this IA for cause.

3. Avoidance of Conflicts of Interest by Contractor

- A. DHCS intends to avoid any real or apparent conflict of interest on the part of the Contractor, the subcontractor, or employees, officers and directors of the Contractor or subcontractor. Thus, DHCS reserves the right to determine, at its sole discretion, whether any information, assertion or claim received from any source indicates the existence of a real or apparent conflict of interest; and, if a conflict is found to exist, to require the Contractor to submit additional information or a plan for resolving the conflict, subject to DHCS review and prior approval.
- B. Conflicts of interest include, but are not limited to:
 - 1) An instance where the Contractor or subcontractor, or any employee, officer, or director of the Contractor or subcontractor has an interest, financial or otherwise, whereby the use or disclosure of information obtained while performing services under the IA would allow for private or personal benefit or for any purpose that is contrary to the goals and objectives of the IA.
 - 2) An instance where the Contractor's or subcontractor's employees, officers, or directors use their positions for purposes that are, or give the appearance of being, motivated by a desire for private gain for themselves or others, such as those with whom they have family, business or other ties.
- C. If DHCS is or becomes aware of a known or suspected conflict of interest, the Contractor will be given an opportunity to submit additional information or to resolve the conflict. A Contractor with a suspected conflict of interest will have five (5) working days from the date of notification of the conflict by DHCS to provide complete information regarding the suspected conflict. If a conflict of interest is determined to exist by DHCS and cannot be resolved to the satisfaction of DHCS, the conflict will be grounds for terminating the Agreement. DHCS may, at its discretion upon receipt of a written request from the Contractor, authorize an extension of the timeline indicated herein.

Such acts shall include but not be limited to acts of God, fire, flood, earthquake, other natural disaster, nuclear accident, strike, lockout, riot, freight-embargo, related-utility, or governmental statutes or regulations super-imposed after the fact. If a delay or failure in performance by the Contractor arises out of a default of its subcontractor, and if such default of its subcontractor arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for damages of such delay or failure, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule.
