1. Attachments

The following exhibits are attached hereto and incorporated by reference as if fully set forth herein: Exhibit A – Project Services; Exhibit B – Payment; Exhibit C – Project Budget; and Attachment E - Additional Agreement Provisions.

2. Project Services

Subject to the terms and conditions specified herein, Contractor agrees to perform services for County in connection with the Project ("Project Services") as specified in Exhibit A in exchange for payment by County in a total amount not to exceed Six Hundred Eighty Thousand, Eight Hundred Eighty-Three Dollars and Zero Cents (\$680,883.00), some portion up to all of which may consist of ARPA Funds, provided that (i) in no event shall the County's total fiscal obligation under this Agreement exceed the amount of the ARPA Funds specified in this paragraph; and (ii) Contractor shall only use the ARPA Funds for the ARPA Funds Purpose as set forth below in Section 3.

3. ARPA Funds Purpose

- a. The Parties agree that the purpose of the ARPA Funds is to provide funding exclusively for ARPA-eligible expenses reasonably and necessarily incurred by Contractor for services provided for the Project as further set forth in Exhibit A ("ARPA Funds Purpose"). The ARPA Funds shall not be used for any other purpose without the prior written consent of the County.
- b. Contractor agrees that at no time will any ARPA Funds be used: (i) to attempt to influence the outcome of any specific public election, or to participate in, or intervene in (including the publishing or distributing of statements) any political campaign on behalf of (or in opposition to) any candidate for public office; (ii) to attempt to influence the selection, nomination, election or appointment of any individual to any public office or office in a political organization within the meaning of Internal Revenue Code Section 527(e)(2); and/or (iii) for any activity that is in violation of federal, state, or local law or any effort to induce or encourage violations of law or public policy.

4. Payment. See Exhibit B for terms and conditions relating to payment of the ARPA Funds.

5. Contractor's Representations and Warranties

Contractor represents and warrants the following:

- a. Contractor shall ensure that the Project during the term of this Agreement serves individuals, households and/or small businesses that have been negatively impacted by the COVID-19 pandemic and its economic consequences and shall establish and implement protocols to verify that such individuals, households and/or small businesses are eligible for assistance under ARPA and maintain records of same. Contractor shall provide services for the Project in compliance with applicable law and regulations.
- b. Contractor has full power, authority, and legal right to execute and deliver this Agreement and all other agreements, documents, and instruments contemplated hereby or thereby and to incur and perform its obligations hereunder and thereunder.
- c. Contractor is not in default under or in violation of any indenture or agreement to which it is a party or by which it is bound, or any order, regulation, ruling, or requirement of a court or other public body or authority. No creditor has given Contractor a notice or threatened to give it any notice of default under any material agreement. No event has occurred and is continuing and no condition exists that would constitute an event of default or an event which, with the lapse of time or the giving of notice, or both, would become an event of default.

- d. No action, suit or proceeding (and to its knowledge, no investigation) is pending against Contractor before any court or administrative agency, (i) the outcome of which, by itself or taken together with other such litigation, would be reasonably expected to have a material adverse effect on Contractor's business, assets, operations, or financial condition, or (ii) which purports to affect the legality, enforceability, or validity of this Agreement.
- e. Contractor is in material compliance with all federal, state and local laws, rules, regulations, ordinances, and orders applicable to it, including, without limitation, all applicable health and safety, environmental, and building and zoning laws.
- f. Contractor will submit an IRS W-9 Form to the County and such other documentation as reasonably requested by the County to facilitate disbursement of the ARPA Funds.

Contractor agrees to provide records sufficient to substantiate its representations and warranties upon the County's request. Contractor understands and agrees that the foregoing representations and warranties are material to the County's approval of the Agreement.

6. Reporting Requirements

In addition to Contractor's reporting and/or auditing requirements set forth in Exhibits A and B and Attachment E, Contractor shall provide the County with monthly written reports, detailing (a) Project status and progress toward meeting the ARPA Funds Purpose; and (b) any further reporting reasonably requested by the County to effectuate the terms and conditions of the Agreement.

7. Relationship of Parties/Subaward

- a. Notwithstanding any publicity or other references to the County, the Parties understand and agree that any activities funded by the Agreement are not performed by the Contractor or any other person or entity as an independent contractor of the County, or as an employee of the County, and that neither the Contractor, nor its employees, officers, agents, representatives, contractors or subsidiaries acquire any of the rights, privileges, powers, or advantages of County contractors or County employees. The Contractor acknowledges and agrees that it is not, and will not hold itself out as, an agent, partner, or co-venturer of the County, and that this Agreement is not intended to and does not create an agency, partnership, or joint venture between the Parties. This Agreement is entered into for the sole benefit of the Parties and is not for the benefit of, nor may any provision hereof, be enforced by any other person or entity; thus nothing contained herein or in the Parties' course of dealings shall be construed as conferring any third-party beneficiary status on any person or entity not a party to this Agreement.
- b. The Parties understand that the funds provided by the County under this Agreement are a subaward of ARPA Funds. (Fed. Award Id No. SFLRP0201; Asst. List No. 21027). This means that if Contractor expends more than \$750,000 in Federal awards during the fiscal year, Contractor agrees to submit to audit under the Single Audit Act and its implementing regulations at 2 CFR Part 200, Subpart F. This is not a research and development award.
- c. Because Contractor is receiving a subaward of ARPA Funds, the County must take steps to ensure that Contractor meets the audit requirements and uses the ARPA Funds in accordance with applicable laws, regulations, and award terms and conditions. Thus, Contractor agrees upon request to promptly (i) identify in writing to the County any ARPA, CARES Act, or other federal

awards/subawards it has received within the past three years and amounts thereof; (ii) provide the County with a copy of any audit reports, including Single Audit reports, within the past three years; (iii) identify its respective current management personnel and systems; and (iv) identify any approved federally recognized indirect cost rate negotiated with the Federal Government. Unless an approved federally recognized indirect cost rate applies, the *de minimis* indirect cost rate (10%) shall apply to the subaward.

- d. Contractor agrees to cooperate and assist with effective subrecipient monitoring by the County to ensure compliance with all terms and conditions of ARPA and its implementing rules, regulations, reporting, and recordkeeping requirements, including, without limitation, by making itself available for and cooperating with audits and on-site reviews and timely completing applicable close-out requirements.

8. Term & Termination

Subject to compliance with all terms and conditions, the term of this Agreement shall commence on February 1, 2023 and continue in effect through September 30, 2024, subject to all Contractor reporting/auditing obligations under the Agreement, which shall survive the Agreement and be due as set forth herein. This Agreement will not automatically renew, nor shall it create any reliance on the possibility of future grants. Contractor understands and agrees that, to the extent all funds are not expended or disbursed at the time of termination (*i.e.*, not later than September 30, 2024), Contractor must promptly return all unexpended funds to the County, and any unexpended or undisbursed funds at the time of termination shall be forfeited.

County may suspend and/or terminate this Agreement if Contractor fails to comply with the terms of this Agreement (including breach of any representation and warranty provided herein) and may, in its sole discretion, withhold or cancel pending and future disbursements of funds and/or require Contractor to return some or all funds disbursed under this Agreement.

See Attachment E for additional terms of termination.

9. Duty to Defend, Indemnify and Hold Harmless

Pursuant to Government Code Section 895.4, Contractor shall indemnify and save harmless County and its officers, agents, employees, and servants from all claims, suits, or actions of every name, kind, and description resulting from this Agreement, the performance of any work or services funded under this Agreement, or payments made pursuant to this Agreement brought for, or on account of, any of the following:

(A) injuries to or death of any person, including as to Contractor or its respective employees/officers/agents;

(B) damage to any property of any kind whatsoever and to whomsoever belonging;

(D) any other loss or cost, including but not limited to that caused by the concurrent active or passive negligence of County and/or its officers, agents, employees, or servants. However, Contractor's duty to indemnify and save harmless under this Section shall not apply to injuries or damage for which County has been found in a court of competent jurisdiction to be solely liable by reason of its own negligence or willful misconduct.

The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

10. Insurance

a. General Requirements

Contractor shall not commence work under this Agreement unless and until all insurance required under this Section has been obtained and such insurance has been approved by County's Risk Management, and Contractor shall use diligence to obtain such insurance and to obtain such approval. Contractor shall furnish County with certificates of insurance evidencing the required coverage, or adequate proof of self-insurance pursuant to Government Code Section 989, *et seq.*, if applicable, and there shall be a specific contractual liability endorsement extending their coverage to include the contractual liability assumed by Contractor pursuant to this Agreement. Such insurance shall be combined single limit bodily injury and property damage for each occurrence and shall not be less than the amounts specified below:

- (a) Comprehensive General Liability..... \$1,000,000
- (b) Motor Vehicle Liability Insurance.....\$1,000,000
- (c) Professional Liability..... \$1,000,000

County and its officers, agents, employees, and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that (a) the insurance afforded thereby to County and its officers, agents, employees, and servants shall be primary insurance to the full limits of liability of the policy and (b) if the County or its officers, agents, employees, and servants have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this Section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, County, at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further payment under this Agreement.

11. Assignability and Subcontracting

Contractor shall not assign this Agreement or any portion of it to a third party. Any such assignment or subcontract without County's prior written consent shall give County the right to automatically and immediately terminate this Agreement without penalty or advance notice and the County shall have the right to a refund of all funds disbursed under this Agreement.

12. Compliance With Laws

All services to be performed by Contractor in connection with this Agreement shall be performed in accordance with all applicable Federal, State, County, and municipal laws, ordinances, and regulations, including but not limited to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Federal Regulations promulgated thereunder, as amended (if applicable), the Business Associate requirements set forth in Attachment H (if attached), the Americans with Disabilities Act of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in programs and activities receiving any Federal or County financial assistance. Such services shall also be performed in accordance with all applicable ordinances and regulations, including but not limited to appropriate licensure, certification regulations, and provisions pertaining to confidentiality of records. In the event of a conflict between the terms of this Agreement and any applicable State, Federal, County, or municipal law or regulation, the requirements of the applicable law or regulation will take precedence over the requirements set forth in this Agreement.
