Subject: Agreement with Daly City Peninsula Partnership Collaborative

RECOMMENDATION:

Adopt a Resolution authorizing an agreement with Daly City Peninsula Partnership Collaborative to provide child abuse prevention and intervention services, for the term of July 1, 2013 through June 30, 2016, in the amount of \$102,000.

BACKGROUND:

The Children's Collaborative Action Team (CCAT) is the designated Child Abuse Prevention Council for San Mateo County. It exists to develop, implement and continually refine a collaborative interagency system of children's services that provides for a continuum of care from prevention to treatment. The Human Services Agency Children and Family Services division provides administrative support to CCAT and facilitates the Request for Proposals (RFP) process to provide child abuse prevention and intervention services. The ultimate goal of the program and services is to provide assistance to at-risk families before children are abused or neglected in order to support the stabilization of families and maintenance of children in their homes. An emphasis is to provide services that are culturally and linguistically appropriate to underserved populations and to build community capacity through parent support and leadership development.

On February 7, 2013, the Human Services Agency (HSA) issued a Request for Proposals (RFP) for Child Abuse Prevention and Intervention and Promoting Safe and Stable Families (PSSF) Programs. Daly City Peninsula Partnership Collaborative (DCPPC) is one of the nine (9) contractors that were selected for funding under this RFP.

DISCUSSION:

This three year agreement with DCPPC will provide prevention programming for families with young children aged pre-natal to 19 years old at risk of child abuse or neglect. Direct services include information and referral services; parenting workshops on positive parenting topics; a 6-week series on “Building Emotional Understanding”, and support groups for victims of domestic violence. Seventy five to eighty percent of the clients that will be served reside in the Daly City community.

The Contractor has assured compliance with the County’s Contractor Employees Jury Service Ordinance, as well as all other contract provisions that are required by the County ordinance and administrative memoranda including, but not limited to insurance, hold harmless, non-discrimination and equal benefits. County Counsel has reviewed and approved this agreement and Resolution as to form and Contractor meets the insurance certificate requirements.

Approval of this agreement contributes to the Shared Vision 2025 outcome of a Prosperous Community by promoting child abuse prevention awareness strategies and early intervention services which will reduce incidence of child abuse in the community. It is anticipated that 70% of participants will report improvement of their family functioning and child well-being and safety through administered surveys.

PERFORMANCE MEASURE(S):

Measure	FY 2012-13 Actual	FY 2013-14 Projected
Participants will report improved family functioning and child well-being and safety through survey administered by the Contractor	N/A*	70%

*Actual baseline data is not available at this time as the current outcomes are based on the focus of the new System Improvement Plan (SIP)

FISCAL IMPACT:

The term of the agreement is July 1, 2013 through June 30, 2016. The total obligation is \$102,000 and is 100% State Child Welfare Services Revenue (\$90,000 is Child Abuse Prevention Intervention Treatment (CAPIT) funds and \$12,000 is KIDS PLATE funds). There is no Net County Cost. Appropriations will be included in FY2013-14, FY2014-15 and FY2015-16 Recommended Budgets.
