

**RESOLUTION NO. \_\_\_\_\_**

**BOARD OF SUPERVISORS, COUNTY OF SAN MATEO, STATE OF CALIFORNIA**

**\* \* \* \* \***

**RESOLUTION AUTHORIZING THE SALE OF A PORTION OF SAN MATEO  
COUNTY'S DECOMMISSIONED RADIO COMMUNICATION EQUIPMENT TO SUNNY  
COMMUNICATIONS FOR THE AMOUNT OF \$13,325**

---

**RESOLVED**, by the Board of Supervisors of the County of San Mateo, State of California, that

**WHEREAS**, the County of San Mateo previously utilized a UHF Trunking Radio System for County-wide radio communications; and

**WHEREAS**, the UHF Trunking Radio System is being replaced with a P25 700 MHz Radio System, leaving it available for re-sale or surplus; and

**WHEREAS**, it is proposed that the County sell the UHF Trunking Radio System's used radio equipment as it is being decommissioned; and

**WHEREAS**, the UHF Trunking System has been divided into a number of potentially re-sellable subparts; and

**WHEREAS**, it is proposed that the County sell the initial subpart of the radio equipment for \$13,325 to Sunny Communications, a two-way radio sale and rental company; and

**WHEREAS**, \$13,325 is a reasonable resale value for the initial subpart of the mobile and portable radio equipment due to its age, unsupported technology, and the lack of public or private entities that currently use the UHF Trunking Radio System; and

**WHEREAS**, the County will sell or donate the remaining parts of the UHF

Trunking System; and

**WHEREAS**, the \$13,325 in proceeds from this first of several sales of the used radio equipment will be placed into the budget of Radio Communications.

**NOW, THEREFORE, IT IS HEREBY DETERMINED AND ORDERED** that the Board of Supervisors hereby approves this initial sale of the County of San Mateo's used radio equipment for \$13,325 to Sunny Communications and that all funds received will then be placed into the budget of Radio Communications.
