Subject: Issuance and Sale by the Sequoia Union High School District of General Obligation Bonds

RECOMMENDATION:

Adopt a resolution authorizing the Sequoia Union High School District to issue its General Obligation Bonds, Election of 2014, Series 2014 in an aggregate principal amount not to exceed \$112,000,000 without further action of the County.

BACKGROUND:

The voters in the Sequoia Union High School District ("District") approved by more than fifty-five percent of the voters a school bond measure on June 3, 2014, in the maximum aggregate principal amount of \$265,000,000 (the "Bond Measure").

On September 3, 2014, the District's Board of Trustees adopted a resolution ("District Resolution") authorizing the issuance of its "Sequoia Union High School District General Obligation Bonds, Election of 2014, Series 2014," in an aggregate principal amount not to exceed \$112,000,000, and requesting that the County Board of Supervisors authorize the District to issue and sell the Bonds on its own behalf by competitive or negotiated sale. Although the District has the authority to issue up to \$265,000,000 in bonds, the District has decided to issue no more than \$112,000,000 in bonds at this time.

DISCUSSION:

Typically, the County issues and sells general obligation bonds on behalf of a school district. For this transaction, the District Resolution requests that the County authorize the District itself to issue the particular series of bonds, and to sell the bonds through a competitive or negotiated sale. California Government Code §§ 53506 et. seq. and Education Code § 15140(b) allow the Board of Supervisors to authorize the District to sell and issue bonds on its own behalf without further action of the Board of Supervisors or officers of the County.

The District is being assisted by Orrick, Herrington & Sutcliffe LLP, as bond counsel, and Keygent LLC as financial advisor.

Authorizing the District to issue and sell its own bonds will contribute to the Shared Vision 2025 outcome of Collaborative Community by supporting fiscal accountability.

FISCAL IMPACT:

These bonds are general obligations of the District, and do not constitute an obligation of the County. No part of any fund of the County is pledged or obligated to the payment of the bonds.
