COST ESTIMATE: The Contractor will prepare a statement of probable project and construction costs based on the programmed Bridging Documents and compare it to the project budget. Should the estimate exceed the allotted budget, the Contractor will re-design the project at its own expense.

APPROVALS: The Contractor shall prepare coordinated drafts of each element of the design (floor plan, site plans, etc.), space assignments, specifications, schedule and systems narratives for County review and approval prior to preparing the final documents. The Contractor may also be required to obtain initial approvals from the Fire Department and/or other County departments.
