The completed Attachment C shall be returned to the County with the signed Agreement. Based upon the option selected by the Contractor the appropriate following language shall be in effect for this Agreement.

1. Option One

- a. Contractor shall bill all eligible third-party payors financially responsible for a beneficiary's health care services that Contractor provides through this Agreement. With every invoice submitted by Contractor to County, Contractor shall provide to County copies of the Explanation of Benefits or other remittance advice for every third-party payment and/or denial of such third-party payments for each such invoice. The County may withhold payment to Contractor for any and all services for which this required proof of third-party payments and/or denials of such payments is not provided. County may deduct from its payments to Contractor the amount of any such third-party payment. County accepts no financial responsibility for services provided to beneficiaries where there is a responsible third-party payor, and to the extent that County inadvertently makes payments to Contractor for such services rendered, County shall be entitled to recoup such reimbursement.

To the extent that County inadvertently makes payments to Contractor for such services rendered, County shall be entitled to recoup such reimbursement.
 - b. Contractor shall provide a copy of the completed Payor Financial Form (Attachment D) and subsequent annual updates for all clients who receive services through this agreement. For clients who begin to receive services during the term of this Agreement, completed Payor Financial Forms shall be provided to the County with client registration forms. For clients who were receiving services prior to the start date of this Agreement and who continue to receive services through this Agreement, completed Payor Financial Forms are due with the first invoice of the Agreement for services provided to said clients.

- E. County anticipates revenues from various sources to be used to fund services provided by Contractor through this Agreement. Should actual revenues be less than the amounts anticipated for any period of this Agreement, the maximum payment obligation and/or payment obligations for specific services may be reduced at the discretion of the Director of Health or designee.
- F. If County or Contractor finds that performance is inadequate, at the County's discretion, a meeting may be called to discuss the causes for the performance problem, and this Agreement may either be renegotiated, allowed to continue to end of term, or terminated pursuant to Paragraph 4 of this Agreement. Any unspent monies due to performance failure may reduce the following year's agreement, if any.
- G. In the event Contractor claims or receives payment from County for a service, reimbursement for which is later disallowed by County or the State of California or the United States Government, then Contractor shall promptly refund the disallowed amount to County upon request, or, at its option, County may offset the amount disallowed from any payment due or become due to Contractor under this Agreement or any other agreement.
- H. Contractor shall provide all pertinent documentation required for federal Medi-Cal reimbursement (including initial and quarterly notices, assessment and service plans, and progress notes). The County may withhold payment for any and all services for which the required documentation is not provided, or if the documentation provided does not meet professional standards as determined by the Quality Management Manager of the San Mateo County Behavioral Health and Recovery Services.

This report shall be in accordance with the principles and format outlined in the Cost Reporting/Data Collection (CR/DC) Manual. Contractor shall annually have its books of accounts audited by a Certified Public Accountant and a copy of said audit report shall be submitted along with the Cost Report.
 - 2. If the annual Cost Report provided to County reveals that total payments to Contractor exceed the total allowable costs for all of the services rendered by Contractor to eligible clients during the reporting period, a single payment in the amount of the difference shall be made to County by Contractor, unless otherwise authorized by the Director of Health or her designee.

- K. Beneficiary Billing

Contractor shall not submit a claim to, demand or otherwise collect reimbursement from, the beneficiary or persons acting on behalf of the beneficiary for any specialty mental health or related administrative services provided under this contract except to collect other health insurance coverage, share of cost and co-payments. The Contractor shall not hold beneficiaries liable for debts in the event that the County becomes insolvent, for costs of covered services for which the State does not pay the County, for costs of covered services for which the State or the County does not pay the Contractor, for costs of covered services provided under this or other contracts, referral or other arrangement rather than from the County, or for payment of subsequent screening and treatment needed to diagnose the specific condition of or stabilize a beneficiary with an emergency psychiatric condition.

- L. Claims Certification and Program Integrity

- 1.
