3.1 Term

This Agreement shall commence on October 1, 2016, and shall continue for three (3) years. Unless terminated sooner, this Agreement shall expire and be of no further force and effect as of the end of business on September 30, 2019.

constituting a material breach of any term or condition of this Agreement. The party electing to terminate this Agreement shall provide the breaching party with no fewer than thirty (30) days advance written notice specifying the nature of the breach. The breaching party shall then have thirty (30) days from the date of the notice (or such longer period as is specified in the notice) in which to remedy the breach and conform its conduct to this Agreement. If such corrective action is not taken within the time specified, this Agreement shall terminate at the end of the notice and cure period (typically sixty (60) days) measured from the date of initial notice without further notice or demand. Upon breach of the terms of this Agreement by an individual contractor's representative, County shall have the option of withdrawing its acceptance of that individual contractor's representative, as described in Section 1.3.1, without terminating this Agreement. Upon withdrawal of acceptance, Contractor must replace said contractor representative as specified in Section 1.6 of this Agreement. Contractor will timely and accurately complete, sign, and submit all necessary documentation of compliance.

5.13 Non-Disclosure of Names

Notwithstanding any other provision of this Agreement, names of patients receiving public social services hereunder are confidential and are to be protected from unauthorized disclosure in accordance with Title 42, Code of Federal Regulations, Section 431.300 *et seq.* and Section 14100.2 of the California Welfare and Institutions Code and regulations adopted thereunder.

For the purpose of this Agreement, all information, records, data, and data elements collected and maintained for the operation of the Agreement and pertaining to patients shall be protected by Contractor from unauthorized disclosure.

With respect to any identifiable information concerning a Medi-Cal patient that is obtained by Contractor, Contractor: (i) will not use any such information for any purpose other than carrying out the express terms of this Agreement; (ii) will promptly submit to California Department of Public Health (CDPH) and the applicable Medi-Cal plan all requests for disclosure of such information; (iii) will not disclose, except as otherwise specifically permitted by this Agreement, any such information to any party other than CDPH and the applicable Medi-Cal plan without prior written authorization specifying that the information is releasable under Title 42, CFR, Section 431.300 *et seq.*, under Section 14100.2 of the Welfare and Institutions Code and regulations adopted thereunder, or as ordered by a court or tribunal of competent jurisdiction; and (iv) will, at the expiration or termination of this Agreement, return all such information to CDPH and the applicable Medi-Cal Plan or maintain such information according to written procedures sent to health plan by CDPH and the applicable Medi-Cal plan for this purpose.

5.14 Disclosure of Records

Contractor agrees to provide upon reasonable notice to County, to any federal or state department having monitoring or reviewing authority, to County's authorized representatives, and/or to their appropriate audit agencies access to and the right to examine and audit all records and documents necessary to determine compliance with this Agreement, to determine compliance with relevant federal, state, and local statutes, ordinance, rules, and regulations, and to evaluate the quality, appropriateness, and timeliness of services performed under this

Agreement. Contractor shall comply with all provisions of the Omnibus Budget Reconciliation Act of 1980 regarding access to books, documents, and records.

Without limiting the foregoing, Contractor shall maintain such records and provide such information to County and to government officials as may be necessary for compliance by County with all applicable provisions of all state and federal laws governing County. Upon request, County and government officials shall have access to and be given copies of, at reasonable times at the Contractor's place of business (or such other mutually agreeable location in California), the medical records, books, charts, business records, and papers relating to the Contractor's provision of health care services to patients, the cost of such services, payments received by the Contractor from patients (or from others on their behalf), and the financial condition of Contractor. Such records described herein shall be maintained at least four (4) years from the end of the contract term.

All records of Contractor shall be maintained in accordance with the general standards applicable to such book or record keeping and shall be maintained during any governmental audit or investigation.

5.15 Electronic Signature

1. Monthly meetings with the Chief Operating Officer (COO), and/or designee, to discuss ongoing patient flow issues, standard of care, quality assurance initiatives, diagnostic imaging and other testing, utilization review, patient transfer criteria, patient grievances, maintenance of electronic medical records (EMRs), review charge description master (CDM), compliance, policy issues, productivity, and other topics, as appropriate.

the premises of SMMC in the absence of an available medical or surgical attending physician.

- L. Respond to calls from commercial payor members regarding medical necessity.
- M. Provide medical supervision for Psychiatric Emergency Services (PES) post-graduate year one (PGY1) residents and serve as restraint authority for PES patients in the absence of on-site psychiatry attending staff.
- N. Both County and Contractor acknowledge the need for a reduction assessment described in Exhibit B and Exhibit C, based on mutually acceptable units of measurement. To the extent of any conflict between the description of the metrics in this Exhibit A and in Exhibit C, the text of Exhibit C shall control. As discussed in Exhibit A and B to this Agreement, amounts assessed will be paid quarterly the month following each quarter pursuant to the following metrics:
 - 1. Patients who arrive at the SMMC ED and leave before being seen by a provider – Left Without Being Seen (LWBS) will average two and one half percent (2.5%) or less, each quarter of each year of this Agreement.
 - 2. The Patient Satisfaction score from ED patients from Press Ganey will be at or above EIGHTY-FIVE percent (85%) of the scores reported by the SMMC tool, measuring patient satisfaction, focused on the physician/physician assistant provider. If, however, the Press Ganey score is below the EIGHTY-FIFTH (85th) percent, Contractor will nevertheless be deemed to have satisfied this metric if Contractor shows at least a two and one-half percent (2.5%) improvement over the prior quarterly score.
 - 3. Length of ED Patient Stay:

Discharge Home – One hundred fifty (150) minutes or less from ED provider to disposition (sign off) for discharge.
 - 4. Length of ED Patient Stay:

To Admission Decision – Two hundred (200) minutes or less from ED provider to hospital admission decision by Medical Director.
 - 5. ED Provider's will, per current guidelines, initiate appropriate orders, ninety percent (90%) of the time for all patients with severe sepsis and septic shock under the care of the ED;

Contractor will provide the SMMC CMO or designee with the ED provider data for initiated measures (Items 1-5 above) from the PICIS data system for each quarter during the term of this Agreement within two weeks after the start of each subsequent quarter.

Compliance is measured by meeting and exceeding each of the metrics listed above.

Both the County and Contractor acknowledge Contractor cannot achieve metrics detained in this Agreement, without assistance and cooperation from the County and at times there are conditions present the Contractor has no control over. Therefore, the County must meet the following operational conditions, and failure to do so will have the consequences described below:

1. Laboratory testing for CBC with automated differential, lactate, troponin T and basic metabolic panel, from time of order to result, will not exceed a sixty (60) minute turnaround time for STAT orders, and this standard will be met at least 85% of the time. Turnaround time is defined as the sum of RCV-ORD and the REL-REC. The County will ensure that Contractor has reasonable access to data regarding compliance with this condition on a quarterly basis.
2. Radiology turnaround times will be one (1) hour or less from order to plain film obtained. This standard will be met at least ninety- five percent (95%) of the time.
3. A patient who arrives at the ED will be admitted to an ED room on average in less than or equal to twenty five (25) minutes of registration.
4. The Patient Satisfaction score from Press Ganey will be in the top eighty fifth percent (85th) of the scores reported by the SMMC tool, measuring patient satisfaction, focused on the overall ED score. If however, the Press Ganey score is below the 85th percent, County will nevertheless be deemed to have satisfied this metric if County shows at least a two and one-half percent (2.5%) improvement over the prior Press Ganey quarterly score.
5. Nursing compliance with sepsis checklist. There will be eighty five percent (85%) compliance by April 1, 2017; and ninety percent (90%) compliance for the remainder of the contract. Note: ED Medical Director agrees to work with nursing on a quality basis to report this metric.

O. Patient Volume Fluctuation – Compensation Metric

Due to the variability of patient demand in the SMMC ED and in order to address the greater or lesser provider need on a specific day, the following reimbursement metric shall apply. The parties agree that the compensation for ED services set forth in this Agreement contemplates one hundred ten (110) patient visits to the SMMC ED per day (excluding patients who leave without being seen by a provider or without being treated in the ED prior to having contact with a provider)

1. If the number of patient visits to the SMMC ED on a given day (i.e., 0001

hours to 2400 hours) meets or exceeds one hundred ten (110) patient visits (excluding from the definition of “patient visits” patients who leave the ED without being seen or treated by a provider), CEP will receive a payment of \$37.00 for each patient visit greater or equal to 120 patient visits to the ED on that day. Example, on a day where the ED treats 122 patients, the Contractor would be entitled to receive a payment of \$444 on that day (i.e., a payment of \$37.00 times the twelve (12) patient visits taking place in excess of 110 patient visits on that day).

2. Every month during the term of the Agreement, the payments that Contractor is entitled to receive pursuant to this Section II.O. of Exhibit A to the Agreement and any amounts will be paid to Contractor on a monthly basis.

P. Scribe Services

1. Contractor will provide Scribes for three (3) ED shifts per day.
2. Under the direct supervision of the Contractor, Scribe will:
 - a. Document the history of the patient’s present illness
 - b. Document the review of systems and physician examination
 - c. Enter vital signs and reported lab values
 - d. Look up pertinent past medical records
 - e. Track and enter the results of studies
 - f. Type progress notes
 - g. Enter the patient’s discharge plan
 - h. Document physician consultations with a patient
 - i. Notify physicians when studies results are available, thus assisting with timely disposition of the patient.

EXHIBIT B

PAYMENTS

Correctional Health and Emergency Department (ED) Services

In consideration of the services provided by Contractor in EXHIBIT A, County will pay Contractor based on the following fee schedule:

I. Correctional Health

- A. For the period October 1, 2016 through September 30, 2019, Contractor shall invoice the County on a monthly basis at the rate of THIRTY FIVE THOUSAND, THREE HUNDRED AND THIRTY THREE DOLLARS (\$35,333) per month, not to exceed FOUR HUNDRED TWENTY FOUR THOUSAND DOLLARS (\$424,000) for each one-year period of this three year Agreement.
- B. The Correctional Health Services Manager shall approve all invoices for payment as appropriate per the terms of this Agreement. The physician assigned to Correctional Health shall be on site five (5) days per week for at least eight (8) hours each day and on call until 9:00 p.m., Monday through Friday. The monthly payments described in Paragraph I.A of Exhibit B to this Agreement shall also cover these on call services. At other times the SMMC ED physician on duty will, by telephone or by telemedicine imaging, manage the Correctional Health patients or direct the transfer of patients to the SMMC ED for further evaluation.

II. Emergency Department

- A. For the period October 1, 2016 through September 30, 2019, Contractor shall provide County with a minimum of one physician on duty in the ED at all times, twenty-four (24) hours per day, 365 days a year. Services include those described in EXHIBIT A, including telephone and telemedicine backup for Correctional Health, after-hours telephone back-up for Cordilleras Mental Health Center, and meeting or exceeding the five (5) metrics for County and Contractor outlined in Section N of EXHIBIT A and EXHIBIT C. This Agreement is based on Contractor serving 40,280 SMMC ED patient visits per year, which was the total number of patients seen in the ED in 2015.
- B. Clinical ED services will be paid at the rate of ONE HUNDRED TWENTY FOUR THOUSAND THREE HUNDRED SIXTY FIVE DOLLARS (\$124,365) per month during each month of the term of the Agreement.

However, Contractor's compensation may be reduced each quarter depending

on Contractor's achievements of the performance metrics set forth in Exhibit C.

- C. Contractor compensation under this Agreement will be based on patients seen for a projected volume of 40,280 patient visits per annum. If the contract terms of service are amended such that the current numbers in this EXHIBIT B are changed, the projected patient visit volume and corresponding compensation shall be adjusted accordingly.

The average monthly visits for the ED (based on 40,280 annual visits) will be evaluated in April and October of each contract year. If the overall volume for the six (6) months of any contract year preceding each evaluation is greater than 22,154 visits, which represents a projected ten percent (10%) increase in annual volume*, the compensation metric will be reviewed, discussed, and increased, if appropriate, by the Chief Medical Officer, to reflect the proportional variation between the total semi-annual visits and projected semi-annual volume of 20,140 visits at \$37 per visit. For the purposes of this Agreement, each six (6) month period shall be defined as October 1 through March 31 and April 1 through September 30 for each period from October 1, 2016 through September 30, 2019. If the overall annual volume in any year during the Agreement is greater than 44,308 visits, which represents a ten percent (10%) increase in annual volume, the compensation metric will be reviewed, discussed and increased, if appropriate, by the Chief Medical Officer to reflect the proportional variation between the total annual visits and the projected volume of 40,280 visits at \$37 per visit, less any additional volume payments made for the first six (6) months of that contract year. For the purposes of this Agreement, each year period shall be defined as October 1 through September 30 for each period from October 1, 2016 through September 30, 2019.

To illustrate this volume baseline calculation, if the baseline number of visits is 40,280, a ten percent (10%) increase would equal 44,308 annual visits if determined to be appropriate by the Chief Medical Officer or designee. Therefore, if Contractor is at or above 22,154 ED visits at the end of the first six (6) months, Contractor would get an incentive payment equal to actual volume minus 20,140 times \$37.

If Contractor ED visits are below 22,154 visits at the end of the six (6) month period, no additional payment is made.

If at the end of each one year period of the Agreement's term, visit volume is above the total of 44,308 visits, Contractor would get actual visit volume minus 40,280 times \$37, minus any volume-related payment made at the half yearly point (i.e. March 31). If Contractor ED visits are below 44,308 at the end of each year, no additional payment is forthcoming (although any prior payment remitted in the first six (6) months is not taken back).

*NOTE: Each six (6) month period is defined as October 1 – March 31 and April 1 – September 30 for each period from October 1, 2016 through September 30, 2019.

- D. In order to compensate for fluctuations and variations in the demand for ED patient services which are addressed in Exhibit A, Section II.O. of this Agreement, the incremental case rate paid by the County or reimbursed by CEP will be \$37 per patient, subject to the process set forth in Section II.O of Exhibit A.
- E. If one or more of the performance metrics in Exhibit C are not met Contractor's contractual compensation will be reduced up to a maximum of THIRTY-SEVEN THOUSAND FIVE HUNDRED DOLLARS (\$37,500) FOR NOT MEETING OR EXCEEDING ANY OF THE FIVE (5) METRICS SET FORTH IN Exhibit C to this Agreement each quarter. Each metric is valued at \$7,500 each quarter.

However, under no circumstances shall Contractor ever receive during a quarter any amount greater than the total quarterly "withhold" amount of \$37,500.

- F. Contractor will be compensated TEN THOUSAND DOLLARS (\$10,000) per month for three (3) full time Scribes who will provide services in the SMMC ED. The Scribe Job Description is detailed in Exhibit A, Section P, of the Agreement. The additional amount is not reflected in the money payment for clinical services listed above in Section II.B of this Exhibit B, and shall be payable separate from the clinical services for a total amount as reflected in Section II.I below.
- G. ED Administrative services will be paid at a rate of SIXTEEN THOUSAND DOLLARS (\$16,000) per month for 100 hours per month of administrative services detailed in Exhibit A, Section F with no additional compensation for addition hours necessitated in a particular month. This additional amount is not reflected in the money payment for clinical services listed above in Section II.B of this Exhibit B, and shall be payable separate from the clinical services for a total amount as reflected in Section II.I below.
- H. County will provide professional liability (malpractice) insurance coverage as defined in Section 4 of the Agreement in the amounts of \$1,000,000/\$3,000,000 and the appropriate tail coverage for Contractor providing services under this Agreement.
- I. Contractor will be paid at a fixed rate of ONE MILLION EIGHT HUNDRED FOUR THOUSAND THREE HUNDRED EIGHTY DOLLARS (\$1,804,380) per year to be paid in monthly installments of ONE HUNDRED FIFTY THOUSAND THREE HUNDRED SIXTY FIVE DOLLARS (\$150,365) per month except

when Exhibit B, Section II and/or Section II, E are initiated.

- J. In full consideration of Contractor's performance of the services described in EXHIBIT A and EXHIBIT C, the amount that County shall be obligated to pay for services rendered under this Agreement shall not exceed SEVEN MILLION TWO HUNDRED THOUSAND DOLLARS (\$7,200,000) for the Agreement term October 1, 2016 through September 30, 2019.

EXHIBIT C

PERFORMANCE METRICS

- A. Both County and Contractor acknowledge the need for a partial withhold reimbursement model based on mutually acceptable units of measurement. As discussed in Exhibits A and B to this Agreement, funds at risk will be paid quarterly on the basis of the following metrics:
1. Patients who arrive at the SMMC ED and leave before being seen by a provider (LWBS) will average two and one half percent (2.5%) or less for each quarter of each year of this Agreement.
 2. The Patient Satisfaction score for ED patients from Press Ganey will be in the top eighty five percent (85%) of the scores reported by the SMMC tool, measuring patient satisfaction, focused on the physician/physician assistant provider. If, however, the Press Ganey score is below the eighty fifth (85th) percent, Contractor will nevertheless be deemed to have satisfied this metric if Contractor shows at least a two and one-half percent (2.5%) improvement over the prior quarterly score.
 3. Length of ED Patient Stay:

Discharge Home – One hundred fifty (150) minutes or less from "Greet" to disposition (sign off) for discharge.
 4. Length of ED Patient Stay:

To Admission Decision – Two hundred (200) minutes or less from ED provider "Greet" to hospital admission decision by MD.
 5. ED provider's will, per current guidelines, initiate appropriate orders ninety percent (90%) of the time for all patients with severe sepsis and septic shock under the care of the ED.

Contractor will provide the SMMC CMO or designee with the ED provider data for initiated measures (Items 1-5 above) from the PICIS data system for each quarter during the term of this Agreement within two weeks after the start of each subsequent quarter.

Compliance is measured by meeting or exceeding each of the metrics listed above.

- B. Both the County and Contractor acknowledge Contractor cannot achieve metrics detailed in this Agreement, without assistance and cooperation from the County and at times there are conditions present the Contractor has no control over.

Therefore, the County must meet the following operational conditions, and failure to do so will have the consequences describe below:

1. Laboratory testing for CBC with automated differential, lactate, troponin T, and basic metabolic panel from time of order to result will not exceed a sixty (60) minute turnaround time for STAT orders, and this standard will be met at least 85% of the time. Turnaround time is defined as the sum of RCV-ORD and the REL-REC. The County will ensure that Contractor has reasonable access to data regarding compliance with this condition on a quarterly basis.
 2. Radiology turnaround times will be one (1) hour or less from order to plain film obtained. This standard will be met at least ninety five percent (95%) of the time.
 3. A patient who arrives at the ED will be admitted to an ED room in less or equal to twenty five (25) minutes of registration on average.
 4. The Patient Satisfaction score from Press Ganey will be in the top eighty fifth percent (85th) of the scores reported by the SMMC tool, measuring patient satisfaction, focused on the overall ED Score. If however, the Press Ganey score is below the 85th percent, County will nevertheless be deemed to have satisfied this metric if County shows at least a two and one-half percent (2.5%) improvement over the prior quarterly score.
 5. Nursing compliance with sepsis checklist. There will be eighty five percent (85%) compliance by April 1, 2017; and ninety percent (90%) compliance for the remainder of the contract. Note: ED Medical Director agrees to work with nursing on a quarterly basis to report this metric.
- C. In the event that the County or Contractor fails to meet any of the conditions listed in Subsections A, 1 – 5 through B, 1 – 5, of this Exhibit C during any quarterly period during the term of this Agreement, Contractor shall be entitled to a credit of \$7,500 for that quarter for each condition that the County failed to achieve during that quarter which may be offset against any amounts to which the County would otherwise be entitled due to the Contractor's failure to meet performance metrics during the same quarter. Thus, whether the County is entitled to amounts because of Contractor's failure to meet performance metrics is affected by whether Contractor actually meets or failed to meet the metrics described in Section I of this Exhibit C to the Agreement, as well as whether County meets the conditions set forth in Section II of this Exhibit C to the Agreement. By way of example, the calculation each quarter will follow this logic:
- If Contractor failed to achieve 2 out of 5 metrics during a given quarter Contractor's compensation will be reduced by two fifths (2/5th) of the \$37,500 total that is at risk for failure to meet all five of the metrics set forth in this Exhibit C (i.e. \$15,000). Contractor would however, be entitled to retain the three fifths

(3/5th) of the \$37,500 that corresponds to the three performance metrics achieved during that quarter (i.e. \$22,500). If, however, in the same quarter the County fails to achieve one of its five operational conditions, Contractor shall be entitled to receive an additional amount equal to one fifth (20%) of the \$37,500 performance incentive amount at risk during the quarter (i.e. \$7,500). Therefore, in this example, where Contractor has failed to achieve two of the five performance operational conditions, the Contractor shall be subject to a reduction in compensation corresponding to the two performance metrics that the Contractor failed to achieve, less the amount corresponding to the one operational condition that the County failed to achieve.

The County's failure to achieve operational conditions in any given quarter shall only be considered in determining whether the Contractor is entitled to an offset for the Contractor's failure to achieve performance metrics under this Agreement and under no circumstances shall County's failure to achieve operational standards result in Contractor receiving compensation beyond that set forth in Exhibit B to this Agreement.

As stated above, under no circumstances shall Contractor ever receive during a quarter any amount greater than the total quarterly incentive amount of \$37,500. Once the calculation of Contractor compliance with performance metrics is complete following each quarter, any "reduction" assessed from the calculation of the quarter will be withheld from the monthly payment immediately following the date upon which County informs Contractor of the extent of its compliance with the performance metrics for the preceding quarter.

Contractor's contractual compensation will be reduced up to a maximum of THIRTY SEVEN THOUSAND FIVE HUNDRED DOLLARS (\$37,500) for not meeting or exceeding any of the five (5) metrics set forth in Exhibit C to this Agreement each quarter. Each metric is valued at \$7,500 each quarter.

However, under no circumstances shall Contractor ever receive during a quarter any amount greater than the total quarterly "withhold" amount of \$37,500.

EXHIBIT D

BILLING

1.0 Billing Emergency Department Services

1.1 CEP America- California

- 1.1.1 CEP's fees for professional services rendered are set forth on Exhibit F attached hereto. CEP shall, at all times, bill in accordance with such schedule. CEP has the right at any time to modify the fees and charges set forth on such schedule; provided that, any such modification shall not become effective until the expiration of thirty (30) calendar days after CEP gives County of San Mateo (County) written notice setting forth such modifications. Notwithstanding the foregoing, the amount to be charged to patients for the professional component of Emergency Department Services shall not at any time exceed the prevailing charges for similar services within County's service area.
- 1.1.2 CEP shall, separately from County, bill and collect its fees and charges from patients and/or responsible payors for professional services rendered in the Emergency Department. Such collections shall be made under CEP's provider number(s) and shall be carried out in accordance with all applicable contractual requirements, laws and regulations. County shall not bill for, guarantee the collectability of, or have any claim or interest in or to the professional services billed by CEP.
- 1.1.3 CEP shall accept Medicare and Medi-Cal assignment with respect to services provided to Medicare and Medi-Cal beneficiaries, including those patients with Restricted Medi-Cal coverage, as payment in full for the respective services rendered, and further agrees not to bill said patients for any deductibles or co-payments except where required to do so by law.
- 1.1.4 CEP shall bill and collect from self-pay patients and third party insurers, including commercial insurance, workers compensation or Third Party Liability (TPL), in accordance with all applicable contractual laws and regulations, with the exception of patients covered by the County's ACE program, who are non-reimbursable and CEP agrees not to bill these patients to the County, State Medi-Cal or HPSM.

1.2 Department and Administrative Stipends; Incentive Compensation

- 1.2.1 Third Party Payor Arrangements. CEP and County, through agents

and affiliated entities, will separately enter into healthcare contracts with third-party payors. CEP shall submit to County and County shall submit to CEP, upon request, a list of payors with whom it has contracted to provide services. If County deems it advisable for CEP to contract with a payor with which County has a contract, CEP agrees in good faith to negotiate a contractual agreement equal to the reasonable prevailing reimbursement rates for emergency physician specialists within the geographic area of County. If the contracted charges of County under such payor contracts are based upon a per diem, per discharge or other compensation formula not tied to charges per service or categories of service, CEP agrees to a discounted fee for service based on the prevailing rates to emergency physician specialists within the geographic area of County.

- 1.2.2 Changes in Rules and Regulations. CEP and County understand that they may have to alter their billing arrangements in order to comply with changing legal requirements or to avoid economically impracticable reimbursement disallowances. The parties therefore agree, upon written request of either party, to negotiate in good faith in order to modify this Agreement so as to comply with such legal requirements or to avoid such disallowances. The parties agree that each party has the right to terminate this Agreement on thirty (30) days additional notice if the parties cannot reach agreement on such modifications within sixty (60) days after the initial written request.

1.3 Administration Support Function

- 1.3.1 County shall provide legible patient information for each patient visit including all nursing notes, physician notes (handwritten and dictated), Emergency Department log, chart continuation sheets and CPT ("Code") records, if applicable, and delivered in an electronic format readable by CEP's billing agent, to include:
- A. Patient's name, sex, date of birth and demographic information.
 - B. Responsible party's name, address, telephone number and relationship to patient.
 - C. Patient or responsible party's employers names.
 - D. Third-party payor information, including name and address of payor, policy or certificate number, group policy number, copy of insurance card or cards, and telephone authorization number.
 - E. First report of work injury, if applicable.

- 1.3.2 County registration personnel shall use best efforts to have all patients (and/or guarantors/legally responsible parties) sign CEP and County forms required by various third-party payors.
- 1.3.3 County shall provide to CEP all demographic information obtained on patient's admitted to SMMC from the Emergency Department which is documented during inpatient stay.
- 1.3.4 At the end of each twenty-four (24) hour period, the above described information shall be assembled, collated and batched, by patient visit. An accounting of all missing information together with the total number of complete sets of patient visit information and total number of patient visits for each twenty-four (24) hour period, shall be given to CEP by 9:00 a.m. on the following day.
- 1.3.5 County shall provide SMMC patient charts to CEP in a useable format for billing purposes and absorb any cost associated with this process, whether resulting from programming or infrastructure changes. If charts are stored as an image, SMMC will send the charts in electronic form versus printed form. Remote access to the SMMC eCW System is to be provided for locating missing chart elements.
- 1.3.6 County shall implement a mechanism whereby full payment (by charge card or check) for services rendered by County and CEP to patients in the Department may be obtained at the time of service, and distribute those payments appropriately, depending on the charges, every month. CEP shall bear its share of a charge card discount for any payments obtained in this manner.
- 1.3.7 County shall provide CEP each month with the following patient-specific data in an electronic format (i.e., Excel or *.csv), which CEP shall use to monitor operational, utilization, and quality performance of the ED:
 - A. Patient demographic information (i.e., name, date of birth, account number, medical record number).
 - B. Arrival time.
 - C. Triage time.
 - D. Provider time
 - E. Disposition time.

- F. Discharge/admit/transfer time.
- G. Hospital discharge time.
- H. Hospital inpatient and outpatient core measures.

2.0 Independent Contractor

2.1 In the performance of all professional services, duties and other obligations under this Agreement, CEP (by its practitioners) shall be, and at all times is, acting and performing as an independent contractor to County. No relationship of employer or employee or joint venture relationship is created by this Agreement between CEP and County or between County and CEP providers. CEP (and its practitioners) shall look only to CEP for setting and administering the terms and conditions of their employment. Neither CEP nor any of its practitioners shall have claim against County under this Agreement or otherwise for compensation, social security benefits, workers' compensation benefits, or employee benefits of any kinds. Except as required by law, County shall neither have, nor exercise, any control or direction over the methods by which CEP and its practitioners shall perform their work and functions. The standards of medical practice and professional duties of CEP (and its practitioners) shall be determined by CEP.

3.0 Record Keeping

3.1 Patient Records. Any and all patient records and charts produced as a result of either party's performance under this Agreement shall be and remain the property of the County. Both during and after the term of this Agreement, CEP or its agents shall be permitted to inspect and/or duplicate any medical chart and record to the extent necessary to meet professional responsibilities to patient(s), to assist in the defense of any malpractice or similar claim to which such chart or record may be pertinent, and/or to fulfill requirements pursuant to provider contracts to provide patient information; provided that, such inspection or duplication is permitted and must be conducted only in accordance with applicable legal requirements and pursuant to commonly accepted standards of patient confidentiality. CEP America shall be solely responsible for maintaining patient confidentiality with respect to any information which it obtains pursuant to this Section.

3.2 Meet Record Requirements. Each party agrees in connection with the subject matter of this Agreement to cooperate fully with the other party in order to assure that each party will be able to meet all requirements for record keeping associated with public or private third-party payment programs.

3.3 Statutory Required Access to Records. For the purpose of implementing Section 1861(b)(1)(I) of the Social Security Act, as amended (see Section

1395X(V)(1)(I) of Title 42 of the United States Code) and regulations duly promulgated thereunder, each party agrees to comply with the following statutory requirements governing the maintenance of documentation to verify the cost of services rendered under this Agreement:

3.3.1 Until the expiration of four years after the termination of this contract each party shall make available, upon written request to the Secretary of the United States Department of Health and Human Services, or upon request to the Comptroller General of the United States General Accounting Office, or any of their duly authorized representatives, a copy of this contract and such books, documents and records as are necessary to certify the nature and extent of the costs of the services provided by CEP under this Agreement.

3.4 Protected Health Information - HIPAA

3.4.1 Covered Entity. CEP acknowledges that it is a separate “covered entity” as such term is defined under the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and all rules and regulations promulgated thereunder (“HIPAA”). As a covered entity separate from County, CEP agrees that it shall implement all necessary policies, procedures and training to comply with HIPAA and other laws, rules and regulations pertaining to the use, maintenance, and disclosure of patient-related information.

3.4.2 Organized Health Care Arrangement. If requested by County during the term of this Agreement, CEP and its physicians performing services under this Agreement agree to participate in an “Organized Health Care Arrangement,” (OHCA) as such term is defined under HIPAA, and comply with County OHCA-related policies, procedures, and notice of privacy practices.
