

**COUNTY OF SAN MATEO**  
Inter-Departmental Correspondence  
Department of Public Works

**Date:** April 2, 2014  
**Board Meeting Date:** May 6, 2014  
**Special Notice / Hearing:** None  
**Vote Required:** Majority

**To:** Honorable Board of Supervisors

**From:** James C. Porter, Director of Public Works

**Subject:** 2014 Cape and Slurry Sealing of Various Streets in Unincorporated San Mateo County Project (County Project No. RW402, Project File No. E4918)

**RECOMMENDATION:**

Adopt a Resolution:

- A) Adopting plans and specifications, including conformance with prevailing wage scale requirements, for the 2014 Cape and Slurry Sealing of Various Streets in the Montara, Moss Beach, Moss Beach (Seal Cove), El Granada, Miramar, Los Trancos Woods and Ladera Areas of Unincorporated San Mateo County Project; and
- B) Authorizing the Director of Public Works to call for sealed proposals to be received by Thursday, May 29, 2014 at 2:30 p.m., in the office of the Clerk of the Board of Supervisors.

**BACKGROUND:**

Your Board has previously adopted plans and specifications and authorized a call for bids for similar maintenance type projects on various County roads.

**DISCUSSION:**

The project involves either a cape seal or a slurry seal treatment on the surface of forty roads (approximately 7.24 miles). A cape seal consists of a “chip seal”, which is an application of asphaltic emulsion (road oil), immediately followed by an application of small rocks called “chips” to the roadway surface, which is then overlaid with a slurry seal. A slurry seal consists of spreading a mixture of asphaltic emulsion and finer aggregate on existing surface or pavement. Cape and slurry seals are integral and cost effective treatments utilized by the County to maintain roadways and extend their useful life. The list of roads to be cape or slurry sealed, their limits and locations are shown in Exhibit “A”.

The plans and specifications for the work have now been prepared and staff is recommending that your Board authorize calling for bids for the proposed work.

County Counsel has reviewed and approved the Resolution as to form.

Approval of this action contributes to the Shared Vision 2025 outcome of a Livable Community by maintaining our roads for use by the traveling public to support livable connected communities.

**FISCAL IMPACT:**

The total estimated cost for the project is \$690,000 and is proposed to be financed by the Road Fund.

There is no impact to the General Fund.
