

RESOLUTION NO. .

BOARD OF SUPERVISORS, COUNTY OF SAN MATEO, STATE OF CALIFORNIA

*** * * * ***

RESOLUTION AUTHORIZING THE DIRECTOR OF PUBLIC WORKS TO PROCEED WITH:

- A) PREPARING PLANS AND SPECIFICATIONS FOR PROJECTS TO BE
CONSTRUCTED DURING THE 2017 CONSTRUCTION SEASON, WHICH ARE
MAINTENANCE TYPE PROJECTS THAT: 1. DO NOT HAVE LONG LEAD TIMES
FOR DESIGN; 2. ARE NOT CONSIDERED CONTROVERSIAL REQUIRING
SPECIFIC PROPERTY OWNER INPUT; AND 3. DO NOT REQUIRE STATE OR
FEDERAL GRANT APPROVALS, WHICH HAVE NOT PREVIOUSLY BEEN
APPROVED BY THE BOARD, AND DO NOT REQUIRE EXTENSIVE PERMIT
APPROVALS FROM REGULATORY AGENCIES; AND**
- B) ADVERTISING FOR BIDS ON THE MAINTENANCE TYPE PROJECTS AS
DEFINED ABOVE**

RESOLVED, by the Board of Supervisors of the County of San Mateo, State of
California, that

WHEREAS, the Director of Public Works has recommended reducing the
length of staff time currently required to proceed through the contract bid and award
process for maintenance type projects; and

WHEREAS, one way to reduce the process time is to eliminate the need for this
Board to adopt a resolution calling for bids for each project by authorizing the Director of
Public Works to call for bids for maintenance type projects; and

WHEREAS, the Director of Public Works has prepared a list of maintenance
type projects that qualify for said revised bidding procedures; and

WHEREAS, the Director of Public Works has recommended that this Board

authorize the preparation of the plans and specifications and call for bids for the projects listed in Exhibit A for the 2017 construction season; and

WHEREAS, this Board has considered the recommendations of the Director of Public Works.

NOW THEREFORE, IT IS HEREBY DETERMINED AND ORDERED that the Director of Public Works is:

1. Authorized to proceed with preparing plans and specifications and call for bids for maintenance type projects for the roads listed in Exhibit A; and
2. Directed to advertise for bids for the maintenance type projects listed in Exhibit A, and to report to this Board with recommendations on awarding contracts to the lowest responsible bidders for said projects once bids are received and confirmed.

** Resurface	Altschul Avenue (One way)	Valparaiso Avenue	Avy Avenue
Cape Seal	Palo Alto Way	Santa Cruz Avenue	Leland Avenue
Cape Seal	Stanford Avenue	Palo Alto Way	Sand Hill Road
Cape Seal	Leland Avenue	Palo Alto Way	Sand Hill Road

Treatment Definitions:

Slurry Seal:	a mixture of asphaltic emulsion and sand sized aggregate applied to the existing road surface
Chip Seal:	an application of asphaltic emulsion (road oil), immediately followed by an application of small rocks called chips to the roadway surface
Cape Seal:	an application of asphaltic emulsion (road oil), immediately followed by an application of small rocks called chips to the roadway surface – followed by a slurry seal (a mixture of asphaltic emulsion and sand sized aggregate) approximately one week later to the road surface
Resurface:	an application of a thin layer of asphalt concrete to the road surface

Notes:

1. Treatment types for various roads may be changed during the design phase to address issues such as topographic condition, traffic concerns, existing improvements, etc.
2. Actual construction schedules may vary from project to project depending upon available funding.
- ** 3. Resurfacing of Avenue Cabrillo, Camino A Los Cerros, O'Neill Ave, and Altschul Ave were on the 2016 approved project list, but the project was delayed due to coordination with utility agency work on the street.
