Establish Time Limited Parking During Specified Hours Zones.

Discussion:

The Department has evaluated the requests and determined that the Time Limited Parking During Specified Hours Zones will benefit patrons of the Harbor Industrial area businesses by providing more reliable parking during business hours.

Key Facts:

- Restricting parking at these locations will benefit business patrons in the area.
- We received one objection and six responses in support of this item.
- Supporters cite increased safety for patrons, especially children visiting the gymnastics studio, and time limited parking will make spaces available for business patrons and prevent them from parking in the surrounding residential streets.
- The objector voiced concern about lack of all-day parking for their employees because the City of Belmont has 4-hour parking restrictions on Old County Road.

Staff Recommendations:
