

Attachment "A" - Proposed Disabled Parking Zone on Halsey Avenue

Adopt a resolution authorizing the establishment of an ADA Accessible Parking zone on Halsey Avenue in the unincorporated area of Redwood City.

Discussion:

The property owner of 601 Stanford Avenue has requested an ADA accessible parking zone be established on the side of said property. Staff reviewed the site and recommends an ADA accessible parking zone at this specific location because of the following:

Key Facts:

- The requestor has a valid Department of Motor Vehicles ADA Parking placard.
- There is no off-street parking on the constituents' property that can accommodate the daily needs of the requestor.
