

COVID-19 SMC

Continue to be strong during these trying times as we are united as one
Overcome the isolation, remembering we will rise again like the sun
Voices of our community remind us of the vital work we do each day
In the midst of this pandemic we leverage our best thinking to find a way
Doing all we can during this shelter in place, we are creative and innovate
1000 meals served to those who are in need, we will provide through
Great Plates
9 million reasons we could say we can't, but not us we move full steam
ahead
So honored, so proud to be amongst a team fighting to prevent further
spread
Mending our ever-growing gaps, learning and evolving into our new
norm
County Health is amazing thank you everyone, together we will weather
this storm
