This is a comment for Item # 7 on the BOS Meeting for 11/10/20:

Dear and honorable Supervisors,

This note is in support of the Flood County Park Landscape Plan and its approval to allow this project to go through and finalize a park that is cherished and widely enjoyed by all surrounding communities.

As a representative of the North Fair Oaks community, Flood County Park is an essential recreation space due to the lack of public parks and green recreation areas in and around our community. Members of our communities, young and old, will improve their lives and will benefit much by having Flood County Park renovated and ready to take back visitors.

Thank you very much!

Ever Rodriguez

Honorable SMC Board of Supervisors,

I want to thank you all for your dedication and service and all your efforts to lead our County especially during a pandemic. My email today is to support the Flood Park EIR. Flood Park which will be a County gem of a park when complete for all residents of San Mateo County. This park is a place where many families that I have had the pleasure of serving in North Fair Oaks recreate and enjoy on the weekends. I am also proud to say that this will be the first park in San Mateo County that will have a bike pump track.

In addition the students I have coached for 8 years SYC Bulldog Riders been attending five years of meetings to make this happen aside of being a biking and advocacy program we also assist in hosting the North Fair Oaks Health Fair. I hope that in a few years my daughter and all youth of our county are able to ride her bike on the very pump track my students helped advocate for. When I think of re-imaging Flood Park I see it was re-imagined because of the hard work of the County, surrounding community and the tireless work of County staff in their efforts in being inclusive to serve all San Mateo County Park residents.

Best,

**Rafael Avendaño, M.A.**  
**Trips For Kids Bulldog Riders Coach**
