This request is for a  New contract  Amendment

FROM: Sandra Kiapi	DATE: <b>1/20/2021</b>
DEPARTMENT: Public Health Policy and Planning	Contractor Number: 3521
Contractor Name: Health Plan of San Mateo	

What was selection process for the original purchase?

3 written quotes     RFP     Non-competitive     Other (explain below)

Original Contract Start Date <b>1/1/2017</b>	Original Contract End Date <b>12/31/2020</b>	New End Date with Amendment <b>12/31/2021</b>
Amendment Number <a href="#">Click here to enter text.</a>	Original Contract Value \$24,340,463	New Contract Value w Amendment \$30,333,453.

*Explain the funding source below for full term of the contract. Include this amendment if applicable.*

The contract for the original term and term of the Amendment is funded by Whole Person Care (WPC) and Measure K.

Why is it in the County's best interest to execute this contract for over three years?

<input checked="" type="checkbox"/> Project will not be completed within three years	<input checked="" type="checkbox"/> It is a grant, co-operative purchase, or agreement with another public agency
<input type="checkbox"/> Temporary amendment pending new contract	<input type="checkbox"/> Better price with longer contract term
<input type="checkbox"/> Will become part of County infrastructure	<input type="checkbox"/> Other

*Explain in more detail below why a contract longer than 3 years is in the County's best interest. If this is an amendment, explain how it was determined that the price is still fair and reasonable.*

The Memorandum of Agreement is for the period of the WPC pilot (initially 2017-2020, now extended through December 2021). This Agreement between San Mateo County Health (SMCH) and the Managed Care Plan, the Health Plan of San Mateo (HPSM) seeks to provide coordinated, efficient care as well as housing services to the most complex and vulnerable clients served by SMCH and insured by HPSM. It is in the interest of SMCH to partner with HPSM to ensure that the goals of the WPC pilot are met which include: 1) Fostering integration and collaboration between SMCH and the HPSM, 2) promoting efficient and coordinated care for the most vulnerable clients through among other strategies, data and information sharing 3) Increasing access to housing and supportive services. Ultimately some services provided for the period of the pilot will transition to a Medi-Cal benefit in January 2022 under CALAIM managed by HPSM which creates a need for collaboration and a smooth transition of our fragile clients.

### BELOW THIS LINE FOR CONTRACT COMPLIANCE COMMITTEE ONLY
