RESOLUTION CONSIDERING AND APPROVING THE ADDENDUM TO THE ENVIRONMENTAL IMPACT REPORT FOR THE SAN MATEO COUNTY GOVERNMENT CENTER CAMPUS DEVELOPMENT PROJECT

RESOLVED, by the Board of Supervisors of the County of San Mateo, State of California, that

WHEREAS, on June 5, 2018, this Board certified the Final Environmental Impact Report (FEIR) and adopted a Mitigation Monitoring and Reporting program (MMRP) and Statement of Overriding Considerations for the County Government Center Campus Development Project (Project) in accordance with the requirements of the California Environmental Quality Act (CEQA), the California Resources Code, and state and local Guidelines; and

WHEREAS, the County of San Mateo remains the lead agency on the Project and the Board of Supervisors the decision-making body for the Project; and

WHEREAS, since the time of adoption of the FEIR, the County has modified the Project increasing the building size and revising the building design concept as described in the February 2020 Addendum to the San Mateo County Government Center Campus Development Project Environmental Impact Report (Addendum to the FEIR); and

WHEREAS, in view of the modifications, the County elected to prepare the attached CEQA Addendum to the FEIR; and

WHEREAS, the Addendum to the FEIR evaluates possible new or significant impacts resulting from changes to the project and, based on the results of the evaluation, finds that there are no new significant impacts or previously identified significant impacts made more severe which would result from the proposed Project modifications; and

WHEREAS, the Addendum to the FEIR and the FEIR itself constitute the entirety of the administrative record required for project assessment and approval; and

WHEREAS, none of the conditions described in CEQA Guidelines section 15162 have occurred as a result of Project modifications.

NOW THEREFORE, IT IS HEREBY DETERMINED AND ORDERED that the Board of Supervisors has independently reviewed and considered the Addendum to the FEIR and the FEIR, and on the basis of the record as a whole, and: (1) confirms that the Addendum to the FEIR and FEIR reflect an independent judgment and analysis; (2) the proposed modifications will not substantially increase the severity of the impacts previously disclosed in the FEIR; and (3) the proposed modifications do not involve any other conditions that can require a subsequent or supplemental Mitigated Negative Declaration (MND) or Environmental Impact Report (EIR).

IT IS FURTHER DETERMINED AND ORDERED that the Board of Supervisors does hereby approve the Addendum to the FEIR.
