For clients who begin to receive services during the term of this Agreement, completed Payor Financial Forms shall be provided to the County with client registration forms. The amount of any such third-party payment shall be deducted from the total actual costs for all services rendered by Contractor as reflected on the Cost Report as defined in Paragraph R of this Exhibit B1. County accepts no financial responsibility for services provided to beneficiaries where there is a responsible third party payor, and to the extent that County inadvertently makes payments to Contractor for such services rendered, County shall be entitled to recoup such reimbursement through the Cost Report reconciliation.
- b. Contractor shall provide a copy of the completed Payor Financial Form (Attachment D) and subsequent annual updates for all clients who receive services through this agreement. For clients who begin to receive services during the term of this Agreement, completed Payor Financial Forms

shall be provided to the County with client registration forms. For clients who were receiving services prior to the start date of this Agreement and who continue to receive services through this Agreement, completed Payor Financial Forms are due within ten (10) days of the end of the first month of the Agreement.

4. Except as provided in Paragraph III.A.4. of Exhibit A1 relative to medical records, Contractor agrees to keep for a minimum period of three years from the date of service a printed representation of all records which are necessary to disclose fully the extent of services furnished to the client. Contractor agrees to furnish these records and any information regarding payments claimed for providing the services, on request, within the State of California, to the California

Department of Health Services; the Medi-Cal Fraud Unit; California Department of Mental Health; California Department of Justice; Office of the State Controller; U.S. Department of Health and Human Services, Managed Risk Medical Insurance Board or their duly authorized representatives, and/or the County.

2. At the time of the submission of the projected calculation Contractor may request to rollover some or all of any savings. The request must be made in writing to the BHRS Director or designee. The request shall identify specifically how the rollover funds will be spent, including a detailed budget. Savings shall not be spent until Contractor receives a written approval of the request. Approved rollover funds shall be spent only for the succeeding fiscal year and only for the specific purpose(s) requested and approved.

BHRM Contractors - Technology Supports for Clients

Frequently Asked Questions (FAQs)

Through the Mental Health Service Act (MHSA) and the Coronavirus Aid, Relief, and Economic Security (CARES) Act, BHRM has secured funding for BHRM Contractors to provide **technology supports (devices and data plans), for one year**, for clients and family members of clients that would benefit from telehealth and/or other behavioral health services but, do not have the resources to purchase the technology needed.

With the support of Help@Hand¹ partners, BHRM selected a federally-subsidized program through T-Mobile that offers a low-cost data plan (internet service) along with free refurbished phones/tablets. Given the limited resources, we ask that you please prioritize this benefit for clients and families most in need and who are unable to take advantage of other low-cost and/or income-based services.

Q: Who is eligible for this funding?

A: BHRM Contractors that provide direct treatment and/or recovery-focused behavioral health services to clients who are struggling to stay connected to services due to cost of purchasing internet service and/or the devices needed to participate. BHRM Contractors were asked to complete a survey by September 11, 2020 to be considered for funding.

Q: Our agency was awarded funding, what's next?

A: BHRM will amend contracts of eligible providers to add the funding awarded. Contractors will then work directly with T-Mobile to purchase the internet service on free devices available. Contractors will also be responsible for distributing the devices to their clients.

The T-Mobile government representative is Marc Cox, Government Account Manager State & Local Government, Public Safety, Education. He will be your contact once your contract amendment is executed for this benefit. He can be reached by mobile at 408-590-4605 and/or email at marc.a.cox@t-mobile.com. *Please reach out to him directly and mention that you are under the **San Mateo County Government Plan**, this will ensure you receive the same government rates we have negotiated.*

Q: Can other technology accessories be purchased with the funding?

A: MHSA One-Time funding can be used to purchase data plans on the free T-Mobile phones and tablets and to purchase headphones, screen protectors, device covers, and/or other device accessories as needed to support client use of the devices to participate in services. CARES Act funding can only be used for purchasing the data plans on free T-Mobile tablets. The funding

¹ San Mateo County BHRM is one of 12 city/counties participating in Help@Hand, a California collaborative created to determine if and how technology fits within the behavioral health system of care; <https://helpathandca.org/>

amounts you were awarded under MHSA and CARES Act will be included in your contract amendment.

Q: What happens after the one-year of technology supports to clients?

A: The current funding was estimated based on one year of service only to support clients and families given the COVID-19 pandemic. After the one-year ends, contractors can take on the cost if they have funding available OR T-Mobile representative will work with clients/families to transfer the service to an individual account for a similar low-cost option if they would like to keep the device and have the means to do so.

Q: How did BHRS determine how much funding to allocate to each contractor?

A: Based on the number of requests and funding available, BHRS determined the allocation amount for each agency. Fifteen contracted agencies and BHRS programs were allocated funds. \$339,000 of MHSA One-Time funding is available to purchase data plans, headphones, screen protectors, device covers, and/or other device accessories as needed to support client participation in services. \$69,000 of CARES Act funding is available for purchasing the data plans on free T-Mobile tablets.

Q: How many devices (phones and/or tablets) will contractors be able to purchase?

This depends on the funding amount we are able to allocate to your agency and the types of devices and/or other accessories you decide to purchase for your clients. T-Mobile offers low-cost data plan options for refurbished Samsung and Apple phones and tablets; specific brand models offered by T-Mobile depend on availability and rates vary. The T-Mobile program does not include other accessories, but these can be purchased with MHSA funds through other sources (e.g. Amazon, etc.)

Q: What is included with the data plan?

A: Currently, the following is included with the cost of the data plans available.

- Free refurbished device.
- Basic tech support provided by T-Mobile representatives.
- Unlimited Voice, Unlimited Messaging, Unlimited LTE Data, 11GB Mobile Hotspot, US/Canada/Mexico calls, Voicemail & Caller ID.
- Staging (pre-loading phones with selected applications “apps”), upon request.
- No other fees, no overages. Clients are unable to incur additional costs on the plan.
- There is no contract, no set-up fees, no shipping fees, no taxes, and no termination fees.
- Lost, stolen, damaged phones can be shut down/cancelled (no contract, no termination fees) and a new phone and service requested if needed.
- Screen protectors/cases are not included but, can be purchased separately. Amazon provides low cost options for a dual screen protector and case pack.

For an additional low-cost, there is the option to have an organizational mobile centralized control through a platform/portal (Mobile Device Management /MDM) that would allow your

agency to monitor usage, push out apps, shut down, cancel, add controls, etc. Please speak to the T-Mobile representative if you are interested in this service.

Q: Are there free or low-cost, income-based services available to clients if they are able to purchase their own data plans?

A: Yes, information on government subsidized programs for clients can be found here:
<https://www.freegovernmentcellphones.net/states/california-government-cell-phone-providers>.

Q: Why T-Mobile, are we able to work with other phone/internet providers?

A: This program is part of Western States Contracting Alliance and the National Association of State Procurement Officials (WSCA-NASPO), which offers purchasing benefits to authorized non-profits and governmental entities. All eligible entities can use the contract(s) that WSCA-NASPO has negotiated with mobile phone/internet providers to purchase discounted monthly services, simplifying the procurement process and eliminating the need to go out to RFP. BHRS selected T-Mobile based on the lower costs overall associated with the program including free activation, free replacements and available tech support to clients.
