Subject: **Measure K:** Amendment to the Agreement with StarVista for Mental Health Services and Substance Use Disorder Treatment Services

RECOMMENDATION:

Measure K: Adopt a resolution authorizing an amendment to the agreement with StarVista for mental health services and substance use disorder treatment services, increasing the amount by \$5,522,383 to an amount not to exceed \$20,010,005 and extending the term by nine months through March 31, 2024.

BACKGROUND:

For over 20 years, Behavioral Health and Recovery Services (BHRS) have contracted with StarVista for mental health services, Girls' Juvenile Court services, child abuse treatment services, the Early Childhood Community Team (ECCT), and substance use disorder treatment services.

In April 2016, the California Department of Health Care Services (DHCS) and the Federal Government approved the Drug Medi-Cal Organized Delivery System (DMC-ODS) waiver for substance use disorder treatment services. In July 2017, StarVista began providing services under the DMC-ODS waiver, allowing StarVista and other providers to bill for many more services than they previously could.

In December 2021, this Board approved an agreement with StarVista for mental health services and substance use disorder treatment services, in the amount of \$6,920,577, for the term of July 1, 2021, through June 30, 2022.

In July 2022, this Board designated the Chief of San Mateo County Health or designee authority to approve a Cost-of-Living Adjustment amendment and extend the term through June 30, 2023, increasing the amount by \$7,542,045, for a total amount not to exceed \$14,462,622.

In April 2023, the Chief of San Mateo County Health approved a second amendment to increase the

amount by \$25,000 for Health Ambassador Program-Youth, for a total amount not to exceed \$14,487,622 with no change to the agreement term.

DISCUSSION:

StarVista provides 1) ECCT services to young children; 2) staffing of the Co-Chair of the Diversity and Equity Council; 3) Trauma-Informed Co-Occurring Prevention for Youth services; 4) texting and social media support through its Crisis Hotline; 5) recruitment of youth ages 16-24 years that have experienced mental health and substance use challenges to participate in Health Ambassador Program-Youth training and community outreach; 6) youth and adult mental health first aid; 7) technology supports for clients and family members that do not have the resources to purchase the technology they need; 8) full implementation of the Youth S.O.S Team for foster youth and caregivers; and 9) the Community Wellness Crisis Response Team for community members experiencing a mental health crisis. Additionally, through the Pride Center, StarVista continues to address the complex and various needs of Lesbian, Gay, Bisexual Transgender Queer persons at high risk for serious mental illness and/or serious emotional disability by providing counseling and crisis intervention, case management, peer support services, and substance use services. Lastly, through the DMC-ODS waiver, StarVista continues to provide expanded substance use disorder treatment services for children, youth, families, adults, and older adults.

DHCS continues to require changes in service delivery and reporting requirements of substance use disorder treatment services through the DMC-ODS waiver. BHRS will release a Request for Proposals (RFP) for substance use disorder treatment services in Fall 2023 and an RFP for prevention and early intervention services in Winter 2023. A nine-month term extension to this agreement will provide additional time for the RFPs process to be completed and for BHRS to finalize the implementation of DMC-ODS waiver-related changes to this and all other BHRS substance use-related contracts.

The resolution contains the County’s standard provision allowing amendment of the County’s fiscal obligations by a maximum of \$25,000 (in aggregate).

The amendment and resolution have been reviewed and approved by the County Attorney as to form.

It is anticipated that 99% of clients will be maintained at a current or lower level of care.

PERFORMANCE MEASURE:

| Measure | FY 2022-23 Estimated | FY 2023-24 Projected |
