

# **County of San Mateo**

Inter-Departmental Correspondence

Department: HEALTH File #: 24-445

Board Meeting Date: 6/11/2024

### Special Notice / Hearing: None Vote Required: Majority

То:	Honorable Board of Supervisors
From:	Louise F. Rogers, Chief, San Mateo County Health Chester J. Kunnappilly, MD, Chief Executive Officer, San Mateo Medical Center
Subject:	Agreement with Daniel J. Buckley, MD to Provide Ophthalmology Services

#### **RECOMMENDATION**:

Adopt a resolution authorizing an agreement with Daniel J. Buckley, MD to provide ophthalmology services, for the term of July 1, 2024, through June 30, 2026, in an amount not to exceed \$540,000.

#### BACKGROUND:

San Mateo County is responsible for providing necessary medical care to its medically indigent population. This includes services for ophthalmology disorders. The County's need for ophthalmology services is increasing due to the aging of its patient population.

Dr. Buckley has served as an ophthalmologist at San Mateo Medical Center (SMMC) for more than 23 years.

#### DISCUSSION:

Dr. Buckley will continue to provide ophthalmology services that include four-hour ophthalmology clinics, surgical coverage in SMMC's operating room, and on-call coverage.

In response to increased community need, under this agreement Dr. Buckley is willing to provide expanded ophthalmology services. Where previously Dr. Buckley provided 352 annual hours of clinical ophthalmology services, the proposed contract would increase Dr. Buckley's maximum coverage obligation by 50%, up to 528 annual hours of clinical coverage services. Dr. Buckley will increase the on-call coverage by 50%, covering up to 183 on-call shifts annually, compared to 121.5 on-call shifts previously.

County Administrative Memorandum B-1 provides that contracts for physician services are exempt from competitive procurement requirements.

The rates in Dr. Buckley's renewed contract are within fair market value according to Value

Management Group Health, a nationally recognized medical services valuation firm that relies upon multiple industry-standard provider compensation surveys and aggregates that data.

County Attorney has reviewed and approved the resolution and agreement as to form.

The resolution contains the County's standard provisions allowing amendment of the County fiscal obligations by a maximum of \$25,000 (in aggregate).

It is anticipated that Dr. Buckley will provide retinopathy screening to diabetic patients evaluated by contractor, if due, 100% of the time.

### PERFORMANCE MEASURE:

Measure	FY 2024-25 Estimated	FY 2025 and Following Projected
Percentage of diabetic patients evaluated by contractor receiving retinopathy screening, if due	100%	100%

## EQUITY IMPACT:

Dr. Buckley's continued ophthalmology coverage will positively impact equitable health outcomes because delivery of ophthalmology services at SMMC, a public safety net hospital, addresses community need. Specifically, in the past 12 months, 68.3% of SMMC's patients were enrolled in Medi-Cal with an additional 6.1% of SMMC's patients enrolled in the Access to Care for Everyone program. SMMC's patients span a wide spectrum of races, ethnicities, gender, and gender-identities. Within the past 18 months, the largest cohorts of specialty care patients at SMMC were female (56%), Hispanic or Latino (58%), and primarily Spanish speaking (55%). SMMC strives to eliminate bias in the medical profession by providing culturally competent training to its physicians and by following up with patients to ensure that they continue to have access to specialized care. SMMC specifically tracks physician satisfaction survey results and requires Dr. Buckley to meet with SMMC and discuss patient feedback to improve patient satisfaction and remove potential barriers to care.

#### FISCAL IMPACT:

The term of the agreement is July 1, 2024, through June 30, 2026. The amount of the agreement is not to exceed \$540,000 for the two-year term. Funds in the amount of \$270,000 are included in the SMMC FY 2024-25 Adopted Budget. Similar arrangements will be made for future years.

The payment provisions and levels of services in this contract differ from that of the previous contract, due to the 50% increase in the maximum number of annual clinical services hours and 50% increase in the number of annual on-call shifts covered, as well as the migration from a flat monthly payment model to a model that pays Dr. Buckley at a fair market value hourly rate. For these reasons, the total value of the new contract represents a 77% increase compared to that of the previous contract.

Expenses at SMMC are covered by fees for services or third-party payors whenever possible. The portion of expenses for services provided to the medically indigent or to those covered by programs that do not meet the full costs of care is covered by the County's General Fund contribution to SMMC and is within the existing annual appropriation.
