Inter-Departmental Correspondence

Department: HUMAN SERVICES AGENCY

File #: 18-543

Board Meeting Date: 6/26/2018

Special Notice / Hearing: None
Vote Required: Majority

To: Honorable Board of Supervisors
From: Nicole Pollack, Director, Human Services Agency
Subject: Agreement with StarVista to provide Transitional Housing Placement-Plus and Aftercare services

RECOMMENDATION:

Adopt a resolution authorizing an agreement with StarVista to provide Transitional Housing Placement-Plus and Aftercare services to emancipated foster and probation youth for the term July 1, 2018 through June 30, 2019 for a total obligation not to exceed \$1,284,421.

BACKGROUND:

On November 15, 2017, the Human Services Agency ("HSA") issued a Request for Proposal ("RFP") to identify a provider for Transitional Housing Placement-Plus ("THP-Plus") and Aftercare services, and selected StarVista. StarVista best meets the needs of the County based on their proposed approach and their experience providing THP-Plus services to former probation and foster youth. THP-Plus originated in 2006 as a collaboration between the John Burton Foundation, the California Department of Social Services ("CDSS"), and the Corporation for Supportive Housing. THP-Plus offers transitional housing placement opportunities to address the critical needs of former foster and probation youth, who have aged out (emancipated) of the foster care system but do not possess the maturity or economic self-sufficiency to transition to adulthood. This program provides supervised independent living housing and support services. Support services include regular visits to participants' residences, educational guidance, employment counseling, and assistance reaching emancipation goals outlined in participants' Transitional Independent Living Plan ("TILP"). The goal of the THP-Plus program is to provide a safe living environment, while helping youth learn the necessary life skills and obtain resources and supports to ensure self-sufficiency upon leaving the foster care support system.

DISCUSSION:

StarVista will operate the THP-Plus program under the scattered, host family and single site model and will provide case management, as well as supervision, for each of the housing site models. Each housing model provides various levels of support, and placement is based on the needs of the youth. In addition, StarVista will provide comprehensive services in the form of rental assistance, assistance

with residential services, mentoring, academic support, employability skills, life skills training, financial management, and career counseling. StarVista will also provide Aftercare services to eligible foster youth that have exited the THP-Plus program. Aftercare services include ongoing case management and supportive services such as job readiness and referrals to community based organizations for up to one year. Services provided under this agreement will empower youth to become healthy, self-sufficient members of the community by supporting strength-based resiliency.

The resolution contains the County's standard provision allowing amendment of the County's fiscal obligations by a maximum of \$25,000 (in aggregate).

County Counsel has reviewed and approved the agreement and resolution as to form, and the Contractor meets the insurance certification requirement.

Approval of this agreement contributes to the Shared Vision 2025 outcome of a Prosperous Community by providing former foster and/or probation youth, that have recently emancipated from the foster care system, with access to safe, affordable, and supportive housing, as well as financial and educational tools that will help participants achieve self-sufficiency, permanency and lifelong connections. It is anticipated that 36 youth will participate in THP-Plus program for FY 2018-19, and that 90% of participants will: maintain enrollment in or complete their GED or high school equivalency; or maintain enrollment or complete a vocational program; or maintain enrollment in their college placement; or secure and maintain full time equivalent employment (30 hours or more per week); or a combination thereof. It is also anticipated that 90% of participants not enrolled in secondary education will demonstrate a 20% increase in their earned income from entrance to exit of the program. In addition, it is anticipated that 90% of participants will transition into stable and positive housing upon exiting the program.

PERFORMANCE MEASURE:

Measure	FY 2018-19 Target
Percentage of participants receiving THP-Plus services under this agreement that will maintain enrollment in or complete their GED or high school equivalency; or maintain enrollment in or complete a vocational program; or maintain enrollment in their college placement; or secure and maintain full time equivalent employment (30 hours or more per week); or a combination thereof.	90%
Percentage of participants not enrolled in full-time, post-secondary, education that will experience a 20% increase in their earned income from entrance to exit of the THP-Plus program under this agreement.	90%
Percent of participants that will transition from THP-Plus to an identified stable and positive housing.	90%

FISCAL IMPACT:

The total obligation of this agreement is \$1,284,421 and is 100% funded through Child Welfare Services' State Realignment revenue. Appropriations have been included in the FY 2018-19 Recommended Budget. There is no Net County Cost related to this agreement.
