BACKGROUND:

The Peninsula Partnership Leadership Council (PPLC), founded by the County of San Mateo, the San Mateo County Office of Education (SMCOE), and the Silicon Valley Community Foundation (SVCF) developed The Big Lift Program to address the achievement gaps of children in San Mateo County. The Big Lift Program is an initiative that expands preschool access; provides summer programs emphasizing literacy and science, technology, engineering, and math (STEM) opportunities; reduces chronic absenteeism; and involves parents in their children's learning by fostering partnerships among schools, families and local community organizations.

The Big Lift Program launched in 2015, and since then the program has served 5,000 unduplicated children/youth each year. In addition, each year 2,000 children have been placed in preschool; 1,200 children have been enrolled in summer camps; and 2,000 families have participated in the Raising-A-Reader literacy intervention workshop. The SCVF is the lead agency administering The Big Lift Program in San Mateo County.
